*Simla, the 18th September 1902.*

*No. 651.*—The following Regulations respecting the examination of Candidates for the Civil Service of India, to be held in August 1903, are published for general information :—

[*Copies of this paper may be obtained on application to the Secretary to the Government of India, Home Department.*]

### EXAMINATIONS FOR THE CIVIL SERVICE OF INDIA.

An open Competitive Examination for admission to the Civil Service of India will be held in London, under the subjoined Regulations, commencing on the 3rd August 1903.

*The number of persons to be elected at this Examination will be announced hereafter.*

*No person will be admitted to compete from whom the Secretary, Civil Service Commission, has not received, on or before the* 1st July 1903, *an application on the prescribed form, accompanied by a list of the subjects in which the Candidate desires to be examined.*

*The Order for admission to the Examination will be posted on the 20th July 1903 to the address given on the Form of Application. It will contain instructions as to the time and place at which Candidates will be required to attend, and as to the manner in which the fee* (£ 6) *is to be paid.*

CIVIL SERVICE COMMISSION,
*August 1902.*

### REGULATIONS.

*** *The following Regulations, made by the Secretary of State for India in Council, are liable to alteration from year to year :—*

1. An Examination for admission to the Civil Service of India, open to all qualified persons, will be held in London in August of each year. The date of the Examination and

the number of appointments to be made for each Province will be announced beforehand by the Civil Service Commissioners.

2. No person will be deemed qualified who shall not satisfy the Civil Service Commissioners—

(i) that he is a natural-born subject of His Majesty;

(ii) that he had attained the age of twenty-one, and had not attained the age of twenty-three, on the first day of the year in which the Examination is held;

[*N.B.—In the case of Natives of India it will be necessary for a Candidate to obtain a certificate of age and nationality issued under Notification of the Government of India, No. 2252, dated 21st August, 1888, as amended by Notification No. 404, dated 19th May, 1898, and signed, should he be a resident in British India, by the Secretary to Government of the Province, or the Commissioner of the Division, within which his family resides, or should he reside in a Native State, by the highest Political Officer accredited to the State in which his family resides.*]

(iii) that he has no disease, constitutional affection, or bodily infirmity unfitting him, or likely to unfit him, for the Civil Service of India;

(iv) that he is of good moral character.

3. Should the evidence upon the above points be *primâ facie* satisfactory to the Civil Service Commissioners, the Candidate, on payment of the prescribed fee, will be admitted to the Examination. The Commissioners may, however, in their discretion at any time prior to the grant of the Certificate of Qualification hereinafter referred to, institute such further inquiries as they may deem necessary; and if the result of such inquiries, in the case of any Candidate, should be unsatisfactory to them in any of the above respects, he will be ineligible for admission to the Civil Service of India, and, if already selected, will be removed from the position of a Probationer.

4. The Open Competitive Examination will take place only in the following branches of knowledge:—

| | Marks. |
|---|---|
| English Composition ... ... ... | 500 |
| Sanskrit Language and Literature ... ... ... | 500 |
| Arabic Language and Literature ... ... ... | 500 |
| Greek Language and Literature ... ... ... | 750 |

| English Law. Under the head of "English Law" shall be included the following subjects, viz.:—(1) Law of Contract; (2) Law of Evidence; (3) Law of the Constitution; (4) Criminal Law; (5) Law of Real Property; and of these five subjects Candidates shall be at liberty to offer any four, but not more than four ... ... | 500 |

(*a*) A Syllabus, defining the character of the Examination in the various subjects, may be obtained on application to the Secretary, Civil Service Commission, Burlington Gardens, London, W.

Candidates are at liberty to name any or all of these branches of knowledge.(a) None is obligatory.

5. The merit of the persons examined will be estimated by marks; and the number set opposite to each branch in the preceding regulation denotes the greatest number of marks that can be obtained in respect of it.

6. The marks assigned to Candidates in each branch will be subject to such deduction as the Civil Service Commissioners may deem necessary (b) in order to secure that no credit be allowed for merely superficial knowledge.

7. The Examination will be conducted on paper and *viva voce*, as may be deemed necessary.

8. The marks obtained by each Candidate, in respect of each of the branches in which he shall have been examined, will be added up, and the names of the several Candidates who shall have obtained, after the deduction abovementioned, a greater aggregate number of marks than any of the remaining Candidates, will be set forth in order of merit, and such Candidates shall be deemed to be selected Candidates for the Civil Service of India, provided they appear to be in other respects duly qualified. Should any of the selected Candidates become disqualified, the Secretary of State for India will determine whether the vacancy thus created shall be filled up or not. In the former case, the Candidate next in order of merit, and in other respects duly qualified, shall be deemed to be a selected Candidate. A Candidate entitled to be deemed a selected Candidate, but declining to accept the nomination as such, which may be offered to him, will be disqualified for any subsequent competition.

9. Selected Candidates before proceeding to India will be on probation for one year, at the end of which time they will be examined, with a view of testing their progress in the following subjects (c):—

| | Marks. |
|---|---|
| *Compulsory*— | |
| (1) Indian Penal Code ... ... ... ... | 400 |
| (2) Code of Criminal Procedure ... ... ... | 200 |
| (3) The Indian Evidence Act ... ... .. | 200 |
| (4) Indian History ... ... ... ... | 400 |
| *(5) The principal Vernacular Language of the Province to which the Candidate is assigned ... ... ... | 400 |
| *Optional* [not more than one of the following subjects]— | |
| (1) Hindu and Muhammadan Law ... ... ... | 450 |
| †(2) Sanskrit ... ... ... ... ... | 400 |
| †(3) Arabic ... ... ... ... ... | 400 |
| (4) Persian ... ... ... ... ... | 400 |
| (5) Chinese (for Candidates assigned to the Province of Burma only) ... ... ... ... ... | 400 |

In this Examination, as in the Open Competition, the merit of the Candidates examined will be estimated by marks (which will be subject to deductions in the same way as the marks assigned at the Open Competition), and the number set opposite to each subject denotes the greatest number of marks that can be obtained in respect of it. The Examination will be conducted on paper and *viva voce*, as may be deemed necessary. This Examination will be held at the close of the year of probation, and will be called the "*Final Examination.*"

If any Candidate is prevented by sickness or any other adequate cause from attending such examination, the Commissioners may, with the concurrence of the Secretary of State for India in Council, allow him to appear at the Final Examination to be held in the following year, or at a special examination.

10. The selected Candidates will also be tested during their probation as to their proficiency in Riding.

The examinations in Riding will be held as follows:—

(1) Shortly after the result of the Open Competitive Examination has been declared, or at such time or times as the Commissioners may appoint during the course of the probationary year.

---

(a) A Syllabus, defining the character of the Examination in the various subjects, may be obtained on application to the Secretary, Civil Service Commission, Burlington Gardens, London, W.

(b) No deduction will be made from the marks assigned to Candidates in Mathematics or English Composition.

(c) Instructions, showing the extent of the Examination, will be issued to the successful Candidates as soon as possible after the result of the Open Competition is declared.

* The principal Vernacular Language prescribed for each Province to which Candidates are assigned is as follows:—

| | | |
|---|---|---|
| For the North-Western Provinces and Oudh, the Punjab, and the Central Provinces | ... | Hindustani. |
| For Burma ... ... | ... | Burmese. |
| For Bombay ... ... | ... | Marathi. |
| For Madras ... ... | ... | Tamil or Telugu } At the option of |
| For the Lower Provinces of Bengal | ... | Hindustani or Bengali } the Candidate. |

In Hindustani the Candidate will be required to be acquainted with both the Persian and the Nagari character; and in the case of the last two Provinces mentioned above, a Candidate whose Vernacular Language is either of the Languages shown against his Province, must offer the other for examination.

† These subjects may not be offered by any Candidate who has offered them at the Open Competition.

(2) Again, at the time of the Final Examination, Candidates who may fully satisfy the Commissioners of their ability to ride well and to perform journeys on horseback, shall receive a Certificate which shall entitle them to be credited with 200 or 100 marks according to the degree of proficiency displayed, to be added to their marks in the Final Examination.

(3) Candidates who fail to obtain this Certificate, but who gain a Certificate of minimum proficiency in Riding, will be allowed to proceed to India, but will be subjected on their arrival to such further tests in Riding as may be prescribed by their Government, and shall receive no increase to their initial salary until they have passed such tests to the satisfaction of that Government. A Candidate who fails at the end of the year of probation to gain at least the Certificate of minimum proficiency in Riding will be liable to have his name removed from the list of Selected Candidates.

11. The Selected Candidates who, on examination, shall be found to have a competent knowledge of the subjects specified in Regulation 9, and who shall have satisfied the Civil Service Commissioners of their eligibility in respect of nationality, age, health, character, conduct during the period of probation, and ability to ride, shall be certified by the said Commissioners to be entitled to be appointed to the Civil Service of India, provided they shall comply with the regulations in force, at the time, for that Service.

12. Persons desirous to be admitted as Candidates must apply on Forms, which may be obtained from "The Secretary, Civil Service Commission, London, W.," at any time after the 1st December, in the year previous to that in which the Examination is to be held. The Forms must be returned so as to be received at the office of the Civil Service Commissioners on or before the 1st July (or, if that date should fall upon a Sunday or public holiday, then, on or before the first day thereafter on which their office is open) in the year in which the Examination is to be held.

The Civil Service Commissioners are authorized by the Secretary of State for India in Council to make the following announcements:—

(i) *Selected Candidates will be allotted to the various Provinces upon a consideration of all the circumstances, including their own wishes; but the requirements of the Public Service will rank before every other consideration.*

(ii) *An allowance amounting to £100 will be given to all Candidates who pass their probation at one of the Universities or Colleges which have been approved by the Secretary of State, viz., the Universities of Oxford, Cambridge, Dublin, Glasgow, Edinburgh, St. Andrews and Aberdeen; Victoria University, Manchester; University College, London; and King's College, London: provided such Candidates shall have passed the Final Examination to the satisfaction of the Civil Service Commissioners, and shall, in the opinion of the Secretary of State, have conducted themselves well and complied with such rules as may be laid down for the guidance of Selected Candidates. The whole probation must ordinarily be passed at the same Institution. Migration will not be permitted, except for special reasons approved by the Secretary of State.*

(iii) *The allowance of £100 will not be paid to any Selected Candidate until he has been certified by the Civil Service Commissioners to be entitled to be appointed to the Civil Service of India; and every Certificated Candidate must, before receiving his allowance, give a written undertaking to refund the amount in the event of his failing to proceed to India.*

(iv) *All Candidates obtaining Certificates will be also required to enter into covenants, by which, amongst other things, they will bind themselves to make such payments as under the rules and regulations for the time being in force they may be required to make towards their own pensions or for the pensions of their families. The stamps payable on these covenants amount to £1.*

(v) *The seniority in the Civil Service of India of the Selected Candidates will be determined according to the order in which they stand on the list resulting from the combined marks of the Open Competitive and Final Examinations*

(vi) *Selected Candidates will be required to report their arrival in India within such period after the grant of their Certificate of Qualification as the Secretary of State may in each case direct.*

(vii) *Candidates rejected at the Final Examination held in any year will in no case be allowed to present themselves for re-examination.*

*N.B.*—A Manual of Rules and Regulations applicable to members of the Covenanted Civil Service of India has been compiled by permission of the Government of India, and may now be procured either from Messrs. A. Constable & Co., 2 Whitehall Gardens, S.W., or from Mr. E A. Arnold, 37 Bedford Street, Covent Garden. Price 2*s.* 6*d.*

The Commissioners have been requested by the Secretary of State for India to draw the attention of Selected Candidates to the prefatory note attached to this manual, as it is considered important that it should be clearly understood that this compilation is not to be regarded in any other light than that of a collection, made for facility of reference, of certain information and rules; that it is by no means exhaustive, and that it is liable to such modifications as may from time to time be sanctioned by competent authority.

[*Copies of this paper may be obtained on application to the Secretary to the Government of India, Home Department.*]

## CIVIL SERVICE OF INDIA;

### CLERKSHIPS (CLASS I) IN THE HOME CIVIL SERVICE; AND EASTERN CADETSHIPS.

*Syllabus showing the extent of the Examination in certain subjects.*

*English Composition.*—An Essay to be written on one of several subjects specified by the Civil Service Commissioners on their Examination Paper.

*English Language and Literature.*—The Examination will be in two parts. In the one the Candidates will be expected to show a general acquaintance with the course of English Literature, as represented (mainly) by the following writers in verse and prose, between the reign of Edward III and the accession of Queen Victoria:

Verse—Chaucer, Langland, Spencer, Shakespeare, Milton. Dryden, Pope, Gray, Collins, Johnson, Goldsmith, Crabbe, Cowper, Campbell, Wordsworth, Scott, Byron, Coloridge, Shelley, Keats.

Prose—Bacon, Sir Thomas Browne, Milton, Cowley, Bunyan, Dryden, Swift, Defoe, Addison, Johnson, Burke, Scott, Macaulay (Essays and Biographies).

A minute knowledge of the works of these authors will not be looked for in this part of the Examination, which will, however, test how far the Candidates have studied the chief productions of the greatest English writers *in themselves*, and are acquainted with the leading characteristics of their thought and style, and with the place which each of them occupies in the history of English Literature. Candidates will also be expected to show that they have studied in these authors the history of the English Language in respect of its vocabulary, syntax, and prosody.

The other part of the Examination will relate to one of the periods named below, which will follow each other year by year in the order indicated:—

| | |
|---|---|
| 1. | A.D. 1800 to A.D. 1832. |
| (1903) | [Nineteenth Century writers to the death of Scott.] |
| 2. | A.D. 1360 to A.D. 1600. |
| (1904) | [Chaucer to Spencer.] |
| 3. | A.D. 1600 to A.D. 1700. |
| (1905) | [Shakespeare to Dryden.] |
| 4. | A.D. 1700 to A.D. 1800. |
| (1906) | [Pope to Cowper.] |

The Examination in this part will require from Candidates a more minute acquaintance with the history of the English Language and Literature, as illustrated in the chief works produced in each period, and will be based to a considerable extent, but by no means exclusively, on certain books specified each year by the Commissioners.* The names placed under the dates are intended to suggest the general character of the literary development of the period, and, consequently, the natural limits of the Examination. All the works of Shakespeare, for example, will be regarded as falling within the period 1600 to 1700; all the works of Swift within the period 1700 to 1800; all the works of Scott and Wordsworth, and all the works of Macaulay within the period 1800 to 1832.

*French Language and Literature.*—Translation and Composition. Critical questions on the French Language and Literature. Conversation.

*German Language and Literature.*—Translation and Composition. Critical questions on the German Language and Literature. Conversation.

* The books for 1903 are:
Wordsworth: Poems (except the Excursion).
Byron: Dramas.
Keats: Poems.
Disraeli: Curiosities of Literature.
Coleridge: Biographia Literaria;
Lectures on Shakespeare.
Scott: Guy Mannering:
Red Gauntlet:
The Pirate.

*Latin Language and Literature.*—Translation from Latin into English, Composition in Prose and Verse, or (as an alternative for Verse-Composition) a Latin Essay or Letter. Critical questions on the Latin Language (including questions on Philology) and Literature.

*Greek Language and Literature.*—Translation from Greek into English, Composition in Prose and Verse, or (as an alternative for Verse-Composition) a Greek Dialogue or Oration. Critical questions on the Greek Language (including questions on Philology) and Literature.

*Sanskrit Language and Literature.*—Translation from Sanskrit into English, and from English into Sanskrit. History of Sanskrit Literature (including knowledge of such Indian history as bears upon the subject); Sanskrit Grammar; Vedic Philology.

*Arabic Language and Literature.*—Translations as in Sanskrit; History of Arabic Literature (including knowledge of such Arabic History as bears upon the subject); Arabic Grammar; Arabic Prosody.

*English History.*—General questions on English History from A.D. 800 to A.D. 1848; questions on the Constitutional History of England from A.D. 800 to A.D. 1848.

*General Modern History.*—Candidates may, at their choice, be examined in any one of the following periods:—

1. From the accession of Charlemagne to the Third Crusade.

   [A.D. 800 to A.D. 1193.]

2. From the Third Crusade to the Diet of Worms.

   [A.D. 1193 to A.D. 1521.]

3. From the Diet of Worms to the death of Louis XIV.

   [A.D. 1521 to A.D. 1715.]

4. From the accession of Louis XV to the French Revolution of 1848.

   [A.D. 1715 to A.D. 1848.]

Periods 3 and 4 will include Indian History.

*Greek History.*—Questions on the General History of Greece to the death of Alexander; questions on the Constitutional History of Greece during the same period.

*Roman History.*—Questions on the General History of Rome to the death of Vespasian; questions on the Constitutional History of Rome during the same period.

In Greek and Roman History candidates will be expected to show a knowledge of the original authorities.

*Mathematics.*—Pure Mathematics:—Algebra, Geometry (Euclid and Geometrical Conic Sections), Plane Trigonometry, Plane Analytical Geometry (less advanced portions), Differential Calculus (Elementary), Integral Calculus (Elementary).

Applied Mathematics:—Statics, Dynamics of a Particle, Hydrostatics, Geometrical Optics.

Candidates may use the methods of the Infinitesimal Calculus, but the questions will be such as can be solved without the aid of these methods.

*Advanced Mathematics.*—Pure Mathematics:—Higher Algebra, including Theory of Equations, Plane and Spherical Trigonometry, Differential Calculus, Integral Calculus, Differential Equations, Analytical Geometry, Plane and Solid.

Applied Mathematics:—Statics including Attractions, Dynamics of a Particle, Rigid Dynamics, Hydrodynamics, the Mathematical Theory of Electricity and Magnetism.

*Political Economy and Economic History.*—Candidates will be expected to possess a knowledge of economic theory as treated in the larger text-books, also a knowledge of the existing economic conditions, and of statistical methods as applied to economic inquiries, together with a general knowledge of the history of industry, land tenure, and economic legislation in the United Kingdom.

*Logic and Mental Philosophy* (Ancient and Modern).—Logic will include both Deductive and Inductive Logic. Mental Philosophy will include Psychology and Metaphysics.

*Political Science.*—The Examination will not be confined to Analytical Jurisprudence, Early Institutions, and Theory of Legislation, but may embrace Comparative Politics, the History of Political Theories, etc.

Candidates will be expected to show a knowledge of original authorities.

### OPEN COMPETITION OF 1903.

(FORM TO BE FILLED UP BY CANDIDATES FOR EXAMINATION.)

*** *The order for admission to the Examination will not be issued unless this Form, filled up by the Candidate himself, is received by the Secretary of the Civil Service Commission on or before the* **1st July 1903.**

*Date*_____

SIR,

I beg to inform you that I wish to be a Candidate at the Examination for the Civil Service of India, which is appointed to commence in London on the 3rd of August 1903.

I hereby declare that I was born on the day of 18 , and that therefore I had attained the age of 21 years and had not attained the age of 23 years on the 1st of January 1903; I also declare that I have no disease, constitutional affection, or bodily infirmity unfitting me, or likely to unfit me, for the Civil Service of India; and that I am of good moral character, and otherwise eligible under the Regulations; and I undertake that, if I am successful, I will conform, during my period of probation, to such rules respecting the conduct of Public Servants as have been laid down, or may hereafter be laid down, by the Secretary of State for India in Council.

This should be given on the form attached.

I send herewith a statement of the subjects in which I desire to be examined.

Candidates who are not Natives of India should strike out this paragraph.

I also send herewith a Certificate of my Birth issued in accordance with the rule respecting Natives of India printed in paragraph III on the next page.

Candidates not born within the British Dominions should state this fact in a separate letter.

I have also to state, with reference to Section 2, Clause (i) of the Regulations, that I am a natural-born subject of His Majesty.

* If you have never been examined, insert here the word "never."

† If you have been examined, give the date, etc., of the *last* occasion.

I beg further to add that I have*_____ been examined under the directions of the Civil Service Commissioners in the year 1_____† as a Candidate for the situation of _____

I am, SIR,

Your obedient Servant,

*Name in full*_____

‡ If a London address, state postal district: if a country, state the post town.

*Address to which it is desired that the Order for Examination should be sent*‡_____

*Date*

*To the Secretary,*

*Civil Service Commission.*

This application form relates only to the competition for the Civil Service of India, and does not entitle a candidate to compete also for the Home or Colonial Civil Service.

*Certificates of age (except as mentioned above), health, and character, should not be supplied until after the result of the Examination has been declared.*

☞ *If Candidates who fill up and return this Application Form do not receive an acknowledgment of it within four complete days, they should write to the Secretary, Civil Service Commission, Burlington Gardens, London, W.*

*N.B.—Attention is drawn to the annexed Form, which must be filled up by every Candidate.*

## EVIDENCE OF AGE TO BE REQUIRED FROM CANDIDATES FOR THE CIVIL SERVICE OF INDIA.

I. Every Candidate born in the United Kingdom should be prepared to produce, when required, a Certificate from the Registrar-General of Births, Marriages, and Deaths, or from one of his provincial Officers. This Certificate may be obtained from the Registrar-General in London, Dublin or Edinburgh, or from the Superintendent Registrar of the district in which the birth took place.

II. A Candidate born of European parents in India should be prepared to produce, when required, a Certificate of Baptism from the district in which he was baptised. If this does not also mention the date of birth, it should be accompanied by a statutory declaration by one of the Candidate's parents, stating the date and place of birth. When such certificates are not in the possession of the candidates, an Extract from the Registers kept at the India Office will probably be obtainable.

III. A Candidate who is a Native of India must, *before he can be admitted to the Competition*, produce a certificate of age and nationality issued under Notification of the Government of India, No. 2252, dated 21st August 1888, as amended by Notification No. 404, dated 19th May 1898, and signed, should he be a resident in British India, by the Secretary to Government of the Province, or the Commissioner of the Division, within which his family resides, or should he reside in a Native State, by the highest Political Officer accredited to the State in which his family resides. *No other Certificates will be accepted for this competition.*

Except as noted in paragraphs II and III, every Candidate who proves to be successful is expected to produce a Certificate of *Birth*. The Civil Service Commissioners will not in ordinary cases accept a Certificate of Baptism, or other testimony, unless they are first satisfied that a Certificate of Birth cannot be procured.

Official Certificates of Birth may generally be obtained as follows:—

(*a*) *For persons born in England or Wales.*—From the Registrar-General, Somerset House, London, or from the Superintendent Registrar of the district in which the birth took place.

(*b*) *For persons born in Scotland.*—From the General Register Office, Edinburgh; or from the Registrar of the parish or district in which the birth took place.

(*c*) *For persons born in Ireland.*—From the General Register Office, Dublin; or from the Superintendent Registrar of the district in which the birth took place.

(*d*) *For persons of English, Scottish, or Irish parentage born on board British ships.*—From the General Register Office, London, Edinburgh, or Dublin, according to parentage.

(*e*) *For persons born in India of European parents.*—From the Director of Funds, India Office, London, S.W. [These are Certificates of *Baptism*, but they usually furnish the date of birth and are then accepted as Certificates of *Birth*.]

Any Candidate who cannot produce a Certificate of Birth from one of the authorities named should, if possible, procure a Certificate of Baptism, and should then apply to the Secretary, Civil Service Commission, for further instructions.

## BENGAL ACT No. II OF 1902.

### *An Act to amend the Bengal Drainage Act, 1880.*

WHEREAS it is expedient to amend the Bengal Drainage Act, 1880, in the manner hereinafter appearing; Ben. Act VI of 1880.

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Bengal Drainage (Amendment) Act, 1902.

PART I.—*Amendment of the Bengal Drainage Act, 1880.*

Amendment of section 3, Bengal Act VI of 1880.

2. In section 3 of the Bengal Drainage Act, 1880, after the definition of "Collector" the following shall be inserted, namely:—

"Certificate Officer" means a Certificate Officer as defined in clause (2) of section 4 of the Public Demands Recovery Act, 1895. Ben. I of 1895.

Amendment of section 26, and insertion of new section 26A.

3. For section 26 of the said Bengal Drainage Act, 1880, the following shall be substituted, namely:— Ben. VI of 1880.

"26. Interest shall be charged on all such advances until the same have been recovered.

Interest to be charged on such advances.

"26A. (*1*) In every case in which the charging of interest is authorised by this Act, the rate chargeable shall be four *per centum per annum*.

Rate of interest, and barring of compound interest.

(*2*) No compound interest shall be charged in any case.

EXPLANATION.—The interest recoverable from a tenant under section 42, clause (*b*), section 43, clause (*b*), section 44 or section 44A shall not be deemed to be 'compound interest' within the meaning of this section, although it includes simple interest upon interest which has been paid by a landholder or superior tenant in pursuance of this Act."

Amendment of section 28.

4. In section 28, sub-section (*2*), of the said Act, for the words and figures "the interest mentioned in section 26" the word "interest" shall be substituted.

Repeal of section 29 and portions of sections 30, 31, 38 and 42 to 44.

5. The following portions of the said Act are hereby repealed, namely:—

section 29,

in section 30, the figures and word "26 or,"

in section 31, the words "upon such sums at five *per centum per annum*," and the words and figures "and any interest payable under section 29, and any interest payable under clause (*1*) of section 26, but not paid or recovered before the apportionment under section 28,"

in section 38, the words "thereupon at five *per centum per annum*,"

in clause (*b*) of section 42, and in clause (*b*) of section 43, the words "at the rate of five *per centum per annum*," and

in sub section (*3*) of section 44, the words "at five *per centum per annum*."

(PART I.—*Amendment of the Bengal Drainage Act, 1880—Clauses 6—8.*)

Insertion of new section, 36A.

**6.** After section 36 of the said Act the following shall be inserted, namely :—

"36A. (*1*) If any order passed under section 36, so far as it declares what persons are liable to pay any sum under this Act in respect of any land, appears at any time to require revision,—

Power to add to, or alter, declaration as to names of persons liable to pay.

(*a*) by reason of the omission of the name of any co-sharer of such land, or

(*b*) by reason of any change having taken place in the ownership or joint ownership of such land, or

(*c*) for any other substantial reason,

the Collector may, on the application of any holder of the land, or of his own motion, and after such inquiry and upon such conditions (if any) as he may think proper, add to or alter such order:

Provided that every person whose name is so added or who is materially affected by any such alteration has had an opportunity of being heard by the Collector.

(*2*) Any person who is dissatisfied with any addition or alteration made under sub-section (*1*) may, within one month after the same was made, appeal to the Commissioner of the Division.

(*3*) The Commissioner shall cause notice of the day fixed for the hearing of such appeal to be published in the manner prescribed by section 35; and shall, on the day so fixed, hear such appeal and all objections thereto advanced by persons interested, and may confirm or revise the addition or alteration, or may remit the case to the Collector for further consideration and revision.

(*4*) The decision of the Commissioner on any such appeal shall be final.

(*5*) Every addition and alteration made under this section shall be published, in such manner as to the Collector may seem fit, after the expiration of one month—

(*i*) from the time when the addition or alteration was made, or

(*ii*) if any appeal has been preferred under sub-section (*2*), from the decision of the appeal;

and the addition or alteration shall take effect from the date of such publication; and proceedings may thereupon be taken under this Act, in respect of such addition or alteration, as if a new order embodying it had been made under section 36."

Amendment of section 37.

**7.** (*1*) In section 37 of the said Act,—

for the words "its service" the words "the service thereof" shall be substituted, and

for the words "at the rate of five *per centum per annum*" the words "up to the day of payment" shall be substituted.

(*2*) The words "at the said rate," in the said section 37, are hereby repealed.

Insertion of new Part, IVA.

**8.** After section 41 of the said Act the following shall be inserted, namely :—

"PART IVA.

"RECOVERY OF SHARE OF PAYMENTS FROM CO-SHARERS.

"41A. When any landholder has made any payment under the foregoing provisions of this Act in respect of land which he holds jointly with other persons, and such payment exceeds the amount which is proportionate to his individual interest in the land, he may—

Power to recover share of payments from co-sharers.

(PART I.—*Amendment of the Bengal Drainage Act, 1880—Clauses 9 and 10.*)

(*a*) recover from his co-sharers, respectively, such contributions towards such payment as are proportionate to their individual interests in the land, either—

(*i*) in the same manner in which arrears of rent are recoverable under the Bengal Tenancy Act, 1885, and under similar penalties, or VIII of 1885.

(*ii*) if such co-sharers have been declared by any order passed under section 36 or revised under section 36A to be liable to pay—upon application to the Collector as hereinafter provided; or

(*b*) take credit for such contributions as aforesaid in any adjustment of accounts between himself and his co-sharers"

Insertion of new sections, 44A and 44B.

9. After section 44 of the said Bengal Drainage Act, 1880, the following shall be inserted, namely:— Ben. VI of 1880.

"44A. (*1*) If any landholder or superior tenant has made any payment under the foregoing provisions of this Act in respect of lands which are or were held by tenants immediately from him, and which have been benefited by any scheme or works carried out under this Act,

Recovery, under the certificate procedure, of payments made in respect of land held by tenants.

and if he has not enhanced the rent of such tenants under section 42, clause (*a*), or section 43, clause (*a*), or recovered under section 42, clause (*b*), section 43, clause (*b*), or section 44 the sums due to him,

he may, upon application to the Collector as hereinafter provided, but subject to the provisions of sub-section (*1*) of section 44 as to instalments, recover from such tenants such sums as he may be entitled to according to the proportion and under the rules laid down in clause (*c*) of section 42, with interest from the date of such payment.

(*2*) An application in respect of a payment may be made under this section by a landholder who was declared by an order passed under section 36 to be liable to make such payment, although his name has been removed, by an order made under section 36A, from the list of persons declared liable to make payments

(*3*) If any tenants referred to in sub-section (*1*) have transferred their tenancies, the sums referred to in that sub-section may be recovered thereunder—

(*a*) from the said tenants for the period during which they occupied the benefited land since the carrying out of the said scheme or works, or

(*b*) from the tenants in possession.

"44B. Notwithstanding anything hereinbefore contained, no sum shall be recoverable under section 42, clause (*b*), section 43, clause (*b*), section 44 or section 44A, in respect of any lands which have been benefited by any scheme or works carried out under this Act, when, in consequence of such scheme or works,—

Bar to recovery of money from tenants in certain cases.

(*a*) the rent of such lands has been increased, or

(*b*) rent has for the first time been imposed on such lands."

Amendment of section 45.

10. In section 45 of the said Act, after the figures "43" the words and figures "or under section 44A" shall be inserted.

(PART I.—*Amendment of the Bengal Drainage Act, 1880—Clauses 11 and 12.*)

Amendment of section 48.

**11.** (*1*) At the end of sub-section (*1*) of section 48 of the said Act the following shall be added, namely:— Ben. VI of 1880.

"and for that purpose the procedure prescribed by section 41A or section 44A and sections 51B and 51C shall be applicable."

(*2*) In sub-section (*3*) of section 48 of the said Act, for the word "five" the word "four" shall be substituted.

Insertion of new sections, 51A to 51J.

**12.** After section 51 of the said Act the following shall be inserted, namely:—

Recovery, under the certificate procedure, of payments made in respect of land held free of rent or revenue.

"51A. Any person who has been determined under section 50 to be the landholder in respect of land, held free of rent or revenue, which has benefited by any scheme or works carried out under this Act, and who has made any payment under the foregoing provisions of this Act in respect of such land, may, upon application to the Collector as hereinafter provided, but subject to the provisions of section 51, recover the amount of such payment from any person holding such land immediately below him.

Further provisions as to applications under section 41A, 44A or 51A.

"51B. (*1*) Every application to the Collector under section 41A for the recovery of contributions from co-sharers towards a payment made by a landholder under the foregoing provisions of this Act must—

(*a*) be made within six months after such payment was made, and

(*b*) specify the amount of such payment, and the amount of such contributions due from each co-sharer.

(*2*) Every application to the Collector under section 44A or section 51A for the recovery of sums due, from tenants of, or persons holding, lands benefited by any scheme or works carried out under this Act, on account of any payment made by the applicant under the foregoing provisions of this Act, must—

(*c*) be made within six months after such sums became due,

(*d*) specify the amount of such payment, and the date on which it was made,

(*e*) specify the amount of such sums due from each tenant or person holding land, and the date on which it became due, and

(*f*) be accompanied by a declaration, signed by the applicant and stating—

(*i*) that he has not, on account of the said scheme or works, enhanced the rent, if any, payable in respect of the said lands or any of them, and

(*ii*) that he has not taken from such tenants or persons holding land, or any of them, any premium on account of such scheme or works.

(*3*) Every application under section 41A, section 44A or section 51A must—

(*g*) be signed and verified in the manner provided by sections 51 and 52 of the Code of Civil Procedure for the signature and verification of plaints, XIV of 1882.

(*h*) be accompanied by a court-fee of eight annas, and

(*j*) request the Collector to make a certificate authorising the recovery of the said contributions or sums, as the case may be, under the Public Demands Recovery Act, 1895. Ben. I of 1895.

(PART I.—*Amendment of the Bengal Drainage Act, 1880—Clause 12*)

(*4*) Every declaration made under clause (*f*) shall, for the purposes of section 199 of the Indian Penal Code, be deemed to be a declaration which the Collector is authorised by law to receive as evidence. XLV of 1860.

(*5*) If the Collector at any time has reason to believe that any declaration accompanying an application as aforesaid, or any part thereof, is false, he may reject the application and leave the applicant to pursue his claim in a Civil Court.

"51C. (*1*) Upon receiving any such application, the Collector may, if he thinks fit, make a certificate as aforesaid.

Grant of certificate, and effect thereof.

(*2*) Every such certificate shall have the same effect as a certificate made under section 7 of the said Public Demands Recovery Act, 1895; and the same notices shall be issued, and the same proceedings may be taken, with respect thereto, by the Certificate Officer, as in the case of a certificate made under that section. Ben. I of 1895.

(*3*) The person in whose favour any such certificate is made shall be deemed to be the decree-holder for the amount mentioned in the certificate, and the person against whom the certificate is made shall be deemed to be the judgment-debtor for the said amount; and all proceedings taken by the Certificate Officer for the recovery of such amount shall be taken at the instance of the first-mentioned person, and at his cost, and on his responsibility, and not otherwise.

(*4*) If any person against whom any such certificate is made objects that the contributions or sums claimed by the person who applied for the certificate are not legally due, or exceed the sums which the applicant could recover from him in a Civil Court as being payable in respect of his individual interest in the land, and if the Certificate Officer considers there is probable ground for such objection, the Certificate Officer may modify the certificate or, if he thinks fit, cancel the certificate and leave the applicant to pursue his claim in a Civil Court.

"51D. (*1*) If, in any area benefited by any scheme or works carried out under this Act, there has occurred in any year a total or serious failure of crops, then, notwithstanding anything hereinbefore contained, the Collector may,

Power of Collector to suspend recovery of dues in case of failure of crops.

after such inquiry (if any) as he deems necessary, and with the previous sanction of the Commissioner of the Division,

by written order, suspend, for the whole or any part of that year, the recovery of all or any sums which are recoverable from landholders and tenants, respectively, in respect of such area under the foregoing provisions of this Act.

(*2*) Every such order shall be published in the manner prescribed in section 12 for the publication of the notifications referred to in that section.

(*3*) When any such order has been duly published, all proceedings under the Public Demands Recovery Act, 1895, and all suits by landholders or tenants, for the recovery of any sums to which such order relates, shall be stayed during the period specified in the order. Ben. I of 1895.

"51E. An order duly made and published under section 51D shall not be questioned in any Civil or Revenue Court.

Bar to jurisdiction of Courts in respect of order of suspension.

"51F. If any landholder or tenant, during any period specified in an order duly made and published under section 51D, collects any sums payable to him to which such order relates, then all sums payable by him to which such order relates may be recovered from him as if such order had not been made.

Procedure when landholder or tenant collects dues during period of suspension.

(PART I.—*Amendment of the Bengal Drainage Act, 1880*—*Clause 13.*—PART II.—*Past claims and charges in respect of the drainage schemes of Howrah and Rajapur.*—*Clauses 13—15*)

Extension of period for payment of instalments, when order of suspension made.

"51G. When an order has been duly made and published under section 51D, suspending the recovery of any sums for any period, then, if such sums form part of a sum which is, in pursuance of this Act, payable by instalments, the period remaining for the payment of such instalments shall be extended by the period specified in such order, and no more than one instalment of the sum remaining due shall be payable in any succeeding year.

Extension of period of limitation, when order of suspension made.

"51H. When an order has been duly made and published under section 51D, suspending the recovery of any sums for any period, such period shall be excluded in computing the period of limitation prescribed for a suit or application for the recovery of such sums

Interest not to accrue during period of suspension.

"51J. When an order has been duly made and published under section 51D, suspending the recovery of any sums for any period then, notwithstanding anything hereinbefore contained, no interest shall accrue on such sums during such period"

Amendment of Schedule B

13. (*1*) In Schedule B to the said Bengal Drainage Act, 1880, for the word "five" the word "four" shall be substituted Ben. VI of 1880.

(*2*) To the said Schedule the following shall be added, namely:—

"together with simple interest, at the rate of four *per centum per annum*, on all instalments remaining unpaid at the date of each such payment"

PART II.—*Past claims and charges in respect of the drainage schemes of Howrah and Rajapur.*

Recovery, under the certificate procedure, of certain subsisting claims in respect of the Howrah and Rajapur drainage schemes.

14. The provisions of sections 41A, 44A, 51A, 51B (except clauses (*a*) and (*c*) and 51C of the Bengal Drainage Act, 1880, as amended by this Act, as to the recovery of moneys upon application to the Collector, shall apply also to all claims which have already accrued in respect of the drainage schemes of Howrah and Rajapur and which, at the commencement of this Act, are unsatisfied and have not been barred by limitation: Ben. VI of 1880.

Provided that every application under any of the said sections in respect of any such claim be made within three months from the commencement of this Act.

Reduction of past charges in respect of the Howrah and Rajapur drainage schemes.

15. (*1*) The Collector shall, as soon as conveniently may be, revise all orders heretofore passed under section 36 of the said Bengal Drainage Act, 1880, which declared the sums payable in respect of lands benefited by the drainage schemes of Howrah and Rajapur, so as— Ben. VI of 1880.

(*a*) to reduce all charges for interest to the sums which would have been chargeable if the amendments made by this Act had been in force when such orders were passed, and

(*b*) to make such reductions (if any) in other charges as may be directed by the Local Government.

(*2*) When the reductions directed by or under sub-section (*1*) have been made in respect of any scheme, the Collector shall make an order stating—

(*i*) that all holders of land benefited by the scheme, and all tenants of such land, are entitled to proportionate relief,

(*ii*) how such relief is to be apportioned in respect of each class of such land,

(PART II.—*Past claims and charges in respect of the drainage schemes of Howrah and Rajapur.—Clauses 16—19.*)

(*iii*) such particulars as to the determination of the persons who are entitled to such relief, and as to the determination of the sums to which such persons are respectively entitled, as may be prescribed by rules made under section 19, and

(*iv*) any other particulars prescribed by such rules.

(*3*) Every order made under sub-section (*2*) shall be subject to the approval of the Commissioner.

(*4*) When any such order has been so approved, it shall be published in such manner as to the Collector may seem fit, and shall, after such publication, be conclusive evidence in any Civil Court, and in any proceedings under this Act, of the matters stated therein.

Refunding or crediting of reduction to landholder.

16. (*1*) If, prior to the publication of any order made under section 15 in respect of any scheme, the whole sum payable by any landholder in respect of such scheme has been duly paid, then such landholder shall, upon such publication, be entitled to a refund of the sum to which he is entitled under such order.

(*2*) If, when any order made under section 15 in respect of any scheme has been duly published, any sum payable by any landholder in respect of such scheme still remains to be paid, then the sum to which such landholder is entitled under such order shall be credited to him.

Proportionate reduction in amounts recoverable by landholder from tenants.

17. (*1*) When any sum has been refunded or credited to a landholder under section 16 of this Act, the amounts which were recoverable by him under section 42, clause (*b*), section 44, section 44A or section 51A of the said Bengal Drainage Act, 1880, from persons who have held or are now holding land immediately from him, shall be proportionately reduced. Ben. VI of 1880.

(*2*) Any such persons who have paid such amounts shall have a right, at their option,—

(*a*) to a refund of the sums to which they are entitled under sub-section (*1*), or

(*b*) to take credit for such sums in any adjustment of accounts between themselves and the landholder.

Proportionate reduction in amounts recoverable by superior tenants from under-tenants.

18. (*1*) When any sum recoverable from a superior tenant is liable to reduction under section 17 of this Act, the amounts which were recoverable by him under section 43, clause (*b*), section 44, section 44A or section 51A of the said Bengal Drainage Act, 1880, from persons who have held or are now holding land directly from him, shall be proportionately reduced.

(*2*) Any such persons who have paid such amounts shall have a right, at their option,—

(*a*) to a refund of the sums to which they are entitled under sub-section (*1*), or

(*b*) to take credit for such sums in any adjustment of accounts between themselves and the superior tenant.

Power to make rules as to reductions.

19. (*1*) The Local Government may, after previous publication, make rules for carrying out and giving effect to the provisions of sections 15 to 18.

(*2*) In particular, and without prejudice to the generality of sub-section (*1*), the Local Government may—

(*a*) prescribe the particulars to be stated in orders made under section 15, and

(*b*) declare the conditions under which refunds and credits shall be made under sections 16, 17 and 18.

(*3*) All rules made under this section shall be published in the Calcutta Gazette and in such other manner (if any) as the local Government may direct.

## NOTICES TO MARINERS

### GOVERNMENT OF BENGAL—MARINE DEPARTMENT.

NOTICE TO MARINERS—No. 277.

[First Publication.]

AUSTRALIA, SOUTH—TASMANIA, SOUTH COAST.

*Cape Bruny—Intended temporary light.*

THE British Admiralty has given notice (No. 562 of 1902) that, on 1st December 1902, the white revolving light on cape Bruny, D'Entrecasteaux channel, will be discontinued whilst new apparatus is being erected, and from that date a provisional *white revolving* light, visible from a distance of from 8 to 10 miles, will be exhibited from a temporary tower erected about 30 yards to the westward of the permanent lighthouse.

The provisional light will be dioptric of the 6th order, and the duration of light to darkness will be as 3 is to 1.

Approximate position, lat. 43° 30′ S., long. 147° 9′ E.

Further Notice will be given as requisite.

*This Notice temporarily affects the following Admiralty Chart:—Approaches to Hobart, No. 960: Also, List of Lights, part VI, 1902, No. 1377; and Australia Directory, vol. I, 1897, page 680.*

[First Publication.]

NEW ZEALAND—SOUTH ISLAND, NORTH-WEST COAST.

*Kahurangi point—Shoal to the northward.*

THE British Admiralty has given notice (No. 563 of 1902) that there is only a depth of 5½ fathoms at a distance of one mile N. 26° E. from Kahurangi point where the Chart shows 15 fathoms.

Approximate position, lat. 40° 45½′ S., long. 172° 15′ E.

The sparseness of the soundings and imperfect delineation of the coast in this neighbourhood indicates that the Chart is not to be implicitly relied on hereabouts.

## RESOLUTION ON THE TRIENNIAL REPORT ON THE ADMINISTRATION OF THE REGISTRATION DEPARTMENT IN BENGAL FOR THE YEARS 1899-1900, 1900-1901 AND 1901-1902.

### RESOLUTION—No. 1315P.—D.

REGISTRATION.

*Dated Darjeeling, the 27th September 1902.*

The Statistical Returns for the years 1899-1900 and 1900-1901.

THIS is the first Triennial Report submitted to Government after the issue of the orders contained in Home Department letter No. 2741, dated the 26th March 1901, for the curtailment of annual reports, and it has been prepared by the Hon'ble Mr. Tarini Kumar Ghose, who took charge of the Registration Department from Khan Bahadur Delawar Hossain Ahmed on the 5th April 1900. Only eight statistical tables, prescribed by the Government of India, have been appended to this report, but some additional information is

furnished in five statements which are intended for the Bengal Government only.

2. Steady progress has been made during the triennium in the operations of the Registration Department. The number of offices has risen yearly since 1887, and there are now 442 offices open for the registration of documents; only seven of these do not yet pay their way, but their progress is being carefully watched, and some of them are retained in spite of the loss on their working for the convenience of isolated tracts or for the encouragement of registration in backward districts. The receipts of the department increased very largely in the last triennium, and the increase has been well maintained during the period under review, the figures for 1901-1902 being the highest yet reached. Inasmuch as by far the greatest portion of the expenditure is in the shape of commission, the cost of the department has risen in only a slightly less ratio than the receipts; in his present report the Inspector-General has omitted to include the expenses and receipts of his own office and that of the Registrar of Companies, but, even allowing for the expenditure on these, the surplus during the triennium and during the last year is higher than it has ever been before. The ordinary items of expenditure remain proportionately constant, but the expenditure on sadar registration offices finds no place in these accounts; hitherto these offices have formed part of the district offices and have been held in the same buildings; but with the increase of district work there is a growing demand for more accommodation in the Collectorate offices, and the time has come when separate buildings will have to be more frequently provided for registration offices, and, considering the large profits made by registration, it is only fair that these buildings should be a charge on that department.

3. The growing recognition of the benefits of registration is gauged not only by the larger number of offices open, but also by the increase in the number of optional registrations. The famine of 1897 caused an immense increase in the number of mortgages of immoveable property under the value of Rs. 100 and in the number of obligations for the payment of money; the circumstances were exceptional and there was a sharp fall in the next three years; but the total number of optional registrations has risen steadily during the period under review, and is now very considerably in excess of the numbers in the years preceding the famine.

4. The statistics of registration throw a side-light on the condition and tendencies of the people, and they are valuable from that point of view. The most important figures are those for the sale of immoveable property, and the registration of these deeds is compulsory. In 1895-96 the number of such transactions affecting property of the value of Rs. 100 and upwards was 90,237; in 1897-98 it rose to 116,382, but fell again in the following year; since 1899-1900 the number has steadily risen, and in the last year of the triennium it was 130,243. But an examination into the details of the figures does not support the obvious interpretation that the holders of large estates are being impoverished and forced to sell; the explanation would appear to be that the value of land has risen and brought into this category a number of petty holdings the value of which in former years would have been under Rs. 100. Roughly, the classes of estates that come under this head are—

(1) Revenue-paying estates.
(2) Shares in these.
(3) Revenue-free properties.
(4) Intermediate tenures.
(5) Raiyati holdings at fixed rates.
(6) Others.

The following table shows the number of sale transactions affecting these classes registered in the years 1894-95, 1897-98, and 1901-1902:—

| | 1894-95. | 1897-98. | 1901-1902. |
|---|---|---|---|
| Revenue-paying estates ... | 2,017 | 2,134 | 1,105 |
| Shares in revenue-paying estates ... | 13,205 | 13,619 | 13,648 |
| Revenue-free estates ... ... | 9,111 | 7,221 | 8,252 |
| Intermediate tenures ... ... | 51,566 | 56,483 | 46,522 |
| Raiyati holdings at fixed rates ... | 49,398 | 59,870 | 38,469 |
| Others ... ... ... | 25,590 | 29,525 | 27,281 |

The number of such transactions is fairly constant and shows no tendency to increase; on the contrary, there has been a noticeable decrease during the last triennium in the number of whole estates, intermediate tenures, and raiyati holdings at fixed rates sold; there are no details given from which the relative price of land in these years can be worked out, but the value of holdings at fixed rates has considerably risen. In 1894 these holdings were sold at an average of 12 2 years' purchase; since then the price has gone up, and in 1902 the average is 22 years' purchase. There is a tendency to a decline in the number of purchases made by mahajans, while the other classes of purchasers remain proportionately constant. These figures can give rise to no anxiety as to the condition of the landholders of the Province; far from any signs of deterioration being apparent, they are evidently more than maintaining their position.

5. As the total of these classes in the last year shows a considerable decrease as compared with the other years, the increase in the total number of transactions affecting immoveable property above the value of Rs. 100 must, it would seem, be at all events partially due to the rise in value of raiyati holdings with occupancy rights and the consequent inclusion of some of these in this category. The increase in the number of transactions affecting this class has been most marked of recent years; in 1894-95 the number was 145,805; in 1901-1902 it had risen to 239,489. The average value has risen from 13 years' purchase in the former year to 19 years' purchase in the last year; the value seems extraordinarily high in Gaya and Ranchi. The districts where these transactions are most common are Midnapore, Mymensingh, Tippera, Muzaffarpur and Puri; the increase is common to nearly all the districts, but is most marked in Orissa, and is least in the Rajshahi Division. The number of mahajan purchasers has slightly increased in these years, but in proportion to the number of these transactions the number of such purchasers has certainly decreased; the number of landlord and other purchasers has remained fairly constant, and the great increase has been in the number of raiyat purchasers. These have increased from 109,806 in 1894-95 to 179,418 in 1901-1902. The large increase in the number of raiyat purchasers negatives the explanation that the raiyats as a body have been hard pressed and forced to sell their holdings, nor would this explanation fit in with the rise in the value of these holdings. The truth seems to be that the activity of the Settlement Department has awakened the raiyats in many parts to the fact that they possess these rights and that they are of value; the custom of allowing their transfer has been established by the settlement operations or has grown up, and the more improvident raiyats have eagerly realised this new-found asset for which they can obtain a good price from more provident persons. The facts are engaging the attention of the Revenue authorities, but, so far as these figures are concerned, they give every cause for satisfaction as regards the condition of the general body of raiyats.

6. On the other hand, mortgages of immoveable property of the value of Rs. 100 and upwards have steadily increased during the triennium; the increase is spread over almost all the districts. The registration of these is compulsory under the law, but there is reason to believe that it is only comparatively recently that the mahajan has found it necessary to comply with the law, owing to the fact that an unregistered mortgage is not accepted by the Settlement authorities, and to the fact that his personal influence over the raiyat is on the decline. For this latter reason it is reported that in many cases the mahajan will no longer accept a simple note of hand, but requires some tangible security, and this no doubt accounts for the rise in the number of mortgages on property valued at less than Rs. 100. At first sight it would appear that, if this explanation is correct, the number of obligations for the repayment of money registered should decrease; but the registration of these is optional, and if the personal hold of the mahajan over the raiyat is less than before, it would be natural for him to register these obligations as an additional security. On the whole, then, the registration statistics as far as they go give no cause for dissatisfaction as regards the condition of the landholders or raiyats in this Province, except the large increase in the transfers of occupancy rights, and the fact that by far the largest number of purchasers of these are themselves raiyats considerably lessens the anxiety on that score.

7. The remaining operations of the Department do not require much comment; the number of leases of all terms has steadily increased, and there appears to be no ground at present for the opinion that the increase in the duty on perpetual leases has stopped their execution. The Lieutenant-Governor again notes with regret that the number of inspections both by the Inspector-General and the Special Inspectors is not satisfactory. It is of the utmost importance to the proper working of the Department that as many different offices as possible should be regularly and periodically inspected. It is not clear how many of the 314 inspections were second inspections of the same office, but the Lieutenant-Governor wishes to impress on the Inspector-General the absolute necessity of inspecting as many offices as possible himself, and seeing that the rest are inspected each at reasonable intervals by the three Inspectors.

ORDER.—Ordered that a copy of this Resolution be forwarded to the Inspector-General of Registration, for information and guidance.

Ordered also that a copy of the Resolution, together with a copy of the Report, be submitted to the Government of India, in the Home Department, for information.

Ordered also that the Resolution be published in the *Calcutta Gazette*.

By order of the Lieutenant-Governor of Bengal.

C. E. BUCKLAND,

*Chief Secretary to the Govt. of Bengal.*

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

o, overcast; g, gloomy; d, drizzling rain; p, passing temporary showers; ≏ dew; t, thunder.

*No. 2133T.R.—The 29th September 1902.*—Whereas an application has been made by Raja Ram Ranjan Chakravarty Bahadur, proprietor of mauzas Dubrajpur, Islampur and Hât Chandni in estate Shahalampur, tauzi No. 2, in the district of Birbhum, for a survey and preparation of a record-of-rights in respect of all lands situated in those mauzas, and whereas he has agreed to deposit the estimated cost of the operations :

**Birbhum.**

In exercise of the powers conferred by section 101 (2) (*a*) of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B.C.) of 1898, the Lieutenant-Governor of Bengal is pleased to direct that a survey shall be made and a record-of-rights prepared in respect of all lands situated within the boundaries of the said estate in villages Dubrajpur, Islampur and Hât Chandni, thana Dubrajpur, in the district of Birbhum.

2 The particulars to be recorded in the survey and record-of-rights shall be the following:—

(*a*) The name of each tenant or occupant.

(*b*) The class to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy raiyat, non-occupancy raiyat or under-raiyat, and if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure.

(*c*) The situation, quantity and one or more of the boundaries of the land held by each tenant or occupier.

(*d*) The name of each tenant's landlord.

(*e*) The rent payable at the time the record-of-rights is being prepared.

(*f*) The mode in which that rent has been fixed, whether by contract, by order of a Court or otherwise.

(*g*) If the rent is a gradually increasing rent, the time at which, and the steps by which, it increases.

(*h*) The special conditions and incidents, if any, of the tenancy.

(*i*) If the land is claimed to be held rent-free, whether or not rent is actually paid, and if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and if so entitled, under what authority.

(*j*) The name of each proprietor, with the character and extent of his interest, and the situation, quantity and one or more of the boundaries of each proprietor's private lands as defined in Chapter XI of the Act.

## APPENDIX XXX.

(CHAPTER III, RULE 9)

## Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Hajipur-Katihar extension of the Bengal and North-Western Railway, in the district of Monghyr, will be put up to sale at 12 o'clock noon on Monday, the 24th day of November 1902, corresponding to the 9th Aghran 1310 Fasli, at Subdivisional office Begusarai.

The purchasers of the several plots of land will be subject to the following conditions:—

*1st.*—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway fencing, or plough the lands closer than 3 feet from its foundation.

*2nd.*—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

*3rd.*—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

*4th.*—The plots of land will be sold revenue-free to the highest bidders.

*5th.*—The purchasers shall be put in possession on receipt by the Collector of the orders of the Board confirming the sale.

CHINA, NORTH COAST—Wei Hai Wei.

*Port Regulations.*

The British Admiralty has given notice (No. 591 of 1902) that the following regulations have been made respecting the use by mercantile vessels of the Admiralty waters at Wei Hai Wei:—

The Admiralty waters are bounded on the south by a line from Flagstaff Point to Itau island; on the east by a line from Itau island to the eastern point of Hu An Lock rocks; on the north by the south and west coasts of Leu Kung Tau to Kwoa pu (the northern point of Leu Kung Tau) and by a line from thence to a position with Outer island, bearing N. by W., distant one cable; and on the west by a line from a position with Outer island, bearing N. by W., distant one cable, to the east point of Weigell cove, bearing north true, distant one cable, and from thence south (true) until it meets the line drawn from Itau island towards Flagstaff Point.

1. Mercantile vessels may be permitted to use the aforesaid waters by the Senior Naval Officer present or by his representative.
2. When so permitted they shall anchor or moor in such positions as may be pointed out to them by the said Senior Naval Officer, or by any officer sent by him to place the vessels in the berths assigned to them; and they shall not move to another berth in the Admiralty waters without similar permission being first obtained.
3. Merchant vessels berthed in Admiralty waters shall comply in all respects with any regulations made for the safety of the vessels in the anchorage, and as to the disposal of ashes and other refuse.
4. The anchorage within the said Admiralty waters set apart for vessels of suitable draught placed in quarantine is the space west of Itau (Sun or Channel) island and south of the southern limit (N. 75° W.) of the white ray from Flagstaff Point light, and east of a line drawn south from the Joss house, near East village, on Leu Kung Tau.

## FINAL FORECAST OF THE JUTE CROP IN BENGAL FOR THE SEASON, 1902.

THE following Note is published for general information.

W. C. MACPHERSON,
*Offg. Secy. to the Govt. of Bengal.*

*The 2nd October 1902.*

## DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

*Final forecast of the Jute Crop in Bengal for the Season 1902.*

SINCE the issue of the preliminary forecast, weather conditions in the jute districts have been normal, and the prospects of the crop remain on the whole unchanged.

2. As the result of further enquiries, District Officers now return the area cropped at 2,106,250 acres, as compared with 2,107,500 acres in the preliminary forecast, but I see no reason to alter my estimate of 2,200,000 acres as the area sown.

3. Of the 26 jute-growing districts, seven increase their estimates, nine lower them, while from the remaining ten districts the estimates are unchanged. The estimate for Pabna is reduced from 93 to 75 per cent., while that for the Dacca district is raised from 58 to 79 per cent. Rangpur increases its estimate from 75 to 88 per cent.; while, on the other hand, Rajshahi and Dinajpur each reduce theirs by 10 per cent., and Burdwan district from 100 to 76 per cent. of a normal crop.

4. Taking the Province as a whole, the average outturn estimated by District Officers works out to 75·8 per cent. of a normal yield, as compared with 75 per cent. previously estimated. For the reasons stated in my preliminary forecast, I believe that the outturn has been underestimated, and I adhere to my previous estimate of 80 per cent. of a normal crop. Taking the normal yield as three bales per acre, the outturn for the Province may be expected to reach $\frac{80}{100}$ths of 3 × 2,200,000 acres = $52\frac{4}{5}$ lakhs of bales, as previously estimated.

The area sown this year as shown in the preliminary forecast has been verified and correct figures are reported now. There was no extension of cultivation this year owing to the low prices of jute. The crops actually grown and harvested in this district are little below the normal crops ordinarily obtained. | |

| | Jessore ... ... | 1,872,000 | 1,202,880 | 40,800 | 33,600 | 33,600 | 81 | 74 | The figures in columns 4, 5, and 7 have been revised. | |
| | Khulna ... ... | 3,103,942 | 670,000 | 20,800 | 12,000 | 11,600 | 92 | 85 | The decrease in the area is due to excessive early rains. | |

| | Dinajpur ... | 2,526,080 | 1,697,600 | 102,000 | 70,000 | 80,000 | 80 | 90 | The outturn in the district as a whole is normal, though from Thakurgaon subdivision it is reported to be below the average owing to excess of rain. | |

| | | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|
| Rajshahi ... | Jalpaiguri ... | 1,894,600 | 1,078,000 | 64,700 | 69,806 | 60,700 | 77 | 76 | The figure in column 7 has been revised after careful enquiry. Excessive rainfall retarded the growth of the plants. |
| | Darjeeling (plains) | 744,000 | 148,000 | 2,500 | 3,000 | 2,550 | 75 | 90 | The outturn has been slightly better than was anticipated when the preliminary forecast was submitted. |
| | Rangpur ... | 2,231,040 | 1,602,700 | 340,000 | 370,300 | 327,300 | 9 | 83 | Heavy rainfall at the time of sowing and weeding was unfavourable to the crop, hence the outturn is estimated to be below the normal. |
| | Bogra ... ... | 868,780 | 660,000 | 95,000 | 71,000 | 70,000 | 90 | 70 | The decrease in the area and outturn is due to the untimely and excessive rainfall this year. On enquiry, no reason could be found to change the area estimated in the preliminary forecast. The crop grown this year is found to be below the normal crop for the causes shown above. |
| | Pabna ... ... | 1,176,900 | 883,600 | 144,800 | 140,500 | 153,000 | 100 | 75 | It is reported by the Subdivisional Officer of Sirajganj where jute is more extensively cultivated than in the Sadar subdivision that excessive rainfall having caused damage to the crop of about one-eighth of the area originally sown with jute, this area was subsequently resown with paddy. The excessive rainfall also stunted the growth of jute plants and retarded the weeding operations. High floods also damaged the crop to some extent, hence the outturn is estimated to be smaller. |
| Dacca ... | Dacca ... ... | 1,790,460 | 1,313,500 | 171,000 | 165,000 | 158,000 | 102 | 70 | The decrease in the area sown and in the outturn is due to the untimely and abnormal rain during the sowing season. |
| | Mymensingh ... | 4,082,480 | 2,605,700 | 522,100 | 545,500 | 500,000 | 105 | 70 | Owing to excessive rain early in the year, a reduced area has been sown, and the outturn will be less than normal for the same reason. |
| | Faridpur ... ... | 1,459,540 | 1,116,900 | 100,000 | 105,000 | 110,000 | 100 | 75 | There is no reason to change the figures shown in the preliminary forecast. The outturn has been below the normal owing to excessive rain during the growing season. |
| | Backergunj ... | 2,355,300 | 1,408,000 | 10,000 | 10,000 | 10,000 | 100 | 50 | Excessive rainfall throughout the season has been very prejudicial to the growing season. Hence the low outturn. |

The crop actually grown is below the normal crop ordinarily obtained in this district. | |
| | Noakhali ... ... | 1,052,800 | 784,800 | 3,500 | 7,000 | 2,100 | 85 | 30 | The decrease in column 4 is due to revision of estimate, as explained in the preliminary forecast. The decreases both in the area sown and in the estimated outturn, are due to excessive rainfall at the time of sowing. | |
| | Bhagalpur ... | 2,704,640 | 2,097,000 | 23,400 | 22,200 | 22,200 | 109 | 96 | From enquiries made the area sown and the proportion it bears to the normal area, have been ascertained. Sub-divisional Officer, Madhipura, reports that deficient rainfall is the cause of low outturn. | |

## PRELIMINARY FORECAST OF THE BHADOI CROPS OF BENGAL, 1902.

THE following Note is published for general information.

W. C. MACPHERSON,
*Offg. Secy. to the Govt. of Bengal.*

*The 2nd October 1902.*

## DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

*Preliminary Forecast of the Bhadoi crops of Bengal, 1902.*

*Explanatory.*—The chief *bhadoi* non-food crops of the Province are jute, indigo and cotton, and they are forecasted separately. *Bhadoi til* is included in the oilseeds forecast, and this report deals mainly with food-crops, of which the most important are *bhadoi* paddy, Indian-corn and millets. These three together make up more than four-fifths of the total area under all the *bhadoi* food-crops. *Bhadoi* paddy is chiefly grown in Bengal and Orissa, and occupies 60 per cent. of the total *bhadoi* food-crop area. Maize and millets predominate in Bihar and occupy 26 per cent. of this area.

2. *Character of the season.*—The rainfall in March and April was above the normal almost all over the Province, and in May also there was fair rain everywhere, except in a few districts of Bihar and Chota Nagpur. June was a comparatively dry month, except in North and East Bengal, where the fall greatly exceeded the normal. The rains broke late in June and were seriously deficient in the Patna and Chota Nagpur Divisions; while, on the other hand, in Eastern Bengal, the fall was excessive, thus aggravating the injury caused by abnormally heavy rain in April and May. July was a seasonable month, but in August the fall was again deficient, except in North and East Bengal, while floods at the end of the month caused much damage in the Muzaffarpur and Darbhanga districts. In the present month there has been copious and general rain throughout the Province. On the whole, the season has not been an unfavourable one, though some damage has been caused by excessive rainfall in Eastern Bengal and by drought in Bihar and Chota Nagpur.

3. *Area sown.*—Since the issue of last year's final forecast on these crops, the estimates of the normal area occupied

by the different *bhadoi* crops have been revised in some districts. Excluding the area sown with jute, indigo, cotton and *bhadoi til*, the normal area under *bhadoi* crops is estimated at 12,512,100 acres. The area sown this year is returned at 12,157,100 acres, as compared with 12,233,700 acres last year. The contraction is attributable to the drought in June.

4. *Character of the crop.*—From the summary of the district returns appended to this forecast, it will be seen that out of 45 districts in the Province, 14 report a crop of 100 per cent. or over; in 8 the outturn is expected to vary between 90 and 100 per cent., and in 10 others between 80 and 89 per cent. Of the rest, 11 anticipate a harvest of 70 to 79 per cent. of the normal. Tippera forecasts a 65 per cent. outturn, while Patna anticipates only 57 per cent. of a normal crop. According to the district returns, the outturn for the whole Province will amount to 87 per cent. of the average, but after allowing for the tendency of the reporting officers to underestimate, I am inclined to think that the yield will not be less than 90 per cent. throughout the Province.

# REPORT ON THE ADMINISTRATION OF THE STAMP DEPARTMENT DURING THE THREE YEARS ENDING THE 31ST MARCH 1902.

## NOTIFICATION—No. 1752T.—F.

*The 27th September 1902.*—The following extracts from the Report from the Board of Revenue on the Administration of the Stamp Department for the triennium ending 31st March 1902, are published for general information.

E. W. COLLIN,
*Offg. Secy. to the Govt. of Bengal.*

No. 972B., dated Calcutta, the 15th August 1902.

From—H. WHEELER, Esq., Secretary to the Board of Revenue, L. P.,
To—The Secretary to the Government of Bengal, Financial Department.

I AM directed to submit, for the information of Government, the following report on the administration of the Stamp Department during the three years ending the 31st March 1902.

*Member in charge:*
THE HON'BLE MR. BOURDILLON, C.S.I.

* * * * *

2. Stamp revenue during the period under report was realised under the Indian Stamp Acts, I of 1879 and II of 1899, and the Court-fees Act, VII of 1870, as amended by subsequent enactments. Act II of 1899 came into force on the 1st of July 1899.

* * * * *

### FINANCIAL RESULTS.

9. The progress of the revenue derived from the sale of stamps during the last five triennial periods may be gathered from the following figures:—

| Year. | Receipts. | Charges.* | Net revenue. | Percentage of increase of the net revenue of each triennium over the triennium 1887-88 to 1889-90. |
|---|---|---|---|---|
| 1 | 2 | 3 | 4 | 5 |
| | Rs. | Rs. | Rs. | |
| Average of three years— | | | | |
| 1887-88 to 1889-90 ... | 1,39,64,266 | 3,39,519 | 1,36,24,747 | ... |
| 1890-91 to 1892-93 ... | 1,49,83,961 | 3,60,403 | 1,46,23,558 | 7·3 |
| 1893-94 to 1895-96 ... | 1,64,82,973 | 3,96,485 | 1,60,86,488 | 18·0 |
| 1896-97 to 1898-99 ... | 1,75,71,597 | 4,21,284 | 1,71,50,313 | 25·8 |
| 1899-1900 to 1901-1902 ... | 1,85,77,217 | 4,66,884 | 1,81,10,333 | 32·9 |

* Exclusive of the cost of general supervision.

10. * * * * The revenue collected under both the Stamp and Court-fees Acts during 1901-1902 amounted to Rs. 1,90,17,932 and exceeded the receipts of any other year during the triennium, being Rs. 5,83,102 more than in 1900-1901, and Rs. 7,39,044 more than in 1899-1900. The increase of revenue occurred both under judicial and non-judicial stamps. While the receipts under the former head received a set back in 1900-1901, which was, however, more than made good during the succeeding year, the receipts from the sale of non-judicial stamps increased steadily throughout the triennium. There has been a corresponding steady increase in the total charges during the past three years, although the general result shows an increase in the annual net income. The total charges during 1901-1902 amounted to Rs 4,94,012, giving an increase of 2·2 and 16·6 per cent. over the figures

of 1900-1901 and 1899-1900, respectively. The increased expenditure was mainly due to the allowance of discount at more favourable rates to vendors on the sales of non-judicial stamps since the 1st April 1900.

* * * *

A.—JUDICIAL STAMPS.

12. The sale proceeds of Court-fee stamps (excluding stamps for copies) fell from Rs. 1,25,11,391 in 1899-1900 to Rs. 1,23,44,307 in 1900-1901. In the subsequent year (1901-1902), however, they exceeded by Rs. 3,08,339 the receipts of 1900-1901. The increase is mainly attributed to greater activity in the Civil Courts and to the institution of suits of higher value in the Small Cause Court, in Calcutta. The enquiries held by revenue officers under section 19H (3) of the Court-fees Act, VII of 1870, as amended by Act XI of 1899, resulted in further realisations and doubtless have induced a more careful valuation by applicants for the grant of probates and letters of administration. There was an increase in the receipts from the sale of stamps for copies and of plain paper. The total receipts under the former head amounted to Rs. 7,57,815 against Rs. 6,91,462 in 1900-1901, and Rs. 6,89,119 in 1899-1900. Under the latter the total receipts amounted to Rs. 2,79,193, and compared with the receipts of the preceding two years, show an increase of Rs. 5,878 and Rs. 12,410, respectively.

B.—NON-JUDICIAL STAMPS.

13. Non-judicial stamps show an increase of revenue of Rs. 1,82,112 or 3·5 per cent. when compared with 1900-1901. The increase was shared by all classes of stamps except Foreign Bill, Share Transfer and Notarial stamps, and (to a trifling extent) one anna impressed stamps.

*(a)—Impressed Stamp paper.*

14. The revenue derived from the sale of impressed stamp paper (the most important item among non-judicial stamps) rose steadily during the past three years. The receipts during 1901-1902 amounted to Rs. 37,43,739 against Rs. 36,03,405 in the year 1900-1901. The increase is attributed partly to the enhanced stamp duty on perpetual leases under the new Stamp Act, and partly to the encouragement given to mufassal vendors by the more liberal rates of discount. The Commissioner of the Orissa Division specially draws attention to the increase since the conclusion of the settlement operations, in the number of sales and mortgages of occupancy rights, by which the stamp revenue has also profited.

*(b)—Hundi Stamps.*

15. The revenue derived from the sale of *hundi* or bill of exchange stamps showed a progressive increase during the past three years. The receipts during 1901-1902 were Rs. 1,32,540, and show an increase of Rs. 12,407 as compared with those of 1900-1901, and of Rs. 29,908 over those of 1899-1900. The largest increase occurred in Calcutta, and is attributed by the Collector of Calcutta to the institution of a number of criminal prosecutions in respect of unstamped *hundis* which had the result of enforcing a closer observance of the law.

*(c)—Impressed Labels.*

16. The receipts from the sale of impressed labels, which are used only in Calcutta, showed some recovery, but were still noticeably smaller than in 1899-1900. The receipts in that year were, however, abnormally large. Such increase as there was—amounting to Rs. 20,724 as compared with the receipts of 1900-1901—is attributed to the payment of stamp duty by the solicitors of the High Court on a few mortgages and conveyances of properties of large value.

*(d)—Adhesive Stamps—(1)—One-anna adhesive Revenue Stamps.*

17. The income from one-anna adhesive revenue stamps continues to show satisfactory results, and the revenue has improved steadily during the past

three years. The receipts during 1901-1902 amounted to Rs. 4,30,191 and show an increase of Rs. 16,727 or 4·0 per cent. as compared with 1900-1901, and of Rs. 45,082 or 11·7 per cent. as compared with 1899-1900. The increase is mainly attributed to the use under the new Stamp Act of these stamps on all cheques issued by local bodies and others, irrespective of their amount. In Calcutta, however, in which the increase was largest, the result is attributed chiefly to the stringent action taken by the authorities under section 62 of Act II of 1899 on the detection of unstamped receipts. It is probable that the provisions of the law in this respect are now well known and that the importance of a stamped receipt to the payor is now more fully recognised, but it is reported that Marwari traders in particular, persistently evade the law when this can be done with safety.

*(2)—Foreign Bill Stamps.*

18. These stamps are sold chiefly in Calcutta for bills of exchange, cheques, and promissory notes drawn or made out of British India and chargeable with a duty of more than one anna. The receipts from this source during the past year amounted to Rs. 48,593, showing a decrease of Rs. 1,407 as compared with the results of 1900-1901 and an increase of Rs. 7,431 as compared with those of 1899-1900. No special reasons for these fluctuations are alleged.

*(3)—Advocate, Vakeel and Attorney Stamps.*

19. These stamps are supplied from the office of the Superintendent of Stamps, on indents made by the Registrar of the High Court, Calcutta. The amount of revenue realised during the year 1901-1902 was Rs. 17,750, or the same as in the preceding year It shows an increase of Rs. 500 as compared with the revenue of the year 1899-1900.

*(4)—Share-transfer Stamps.*

20. Sales of these stamps, which are used for payment of stamp duty on transfers of the shares of public companies and associations, were effected in Calcutta, Jalpaiguri and Darjeeling. The revenue during 1901-1902 amounted to Rs. 33,037, which compared with Rs 39,534 and Rs 38,020, the receipts of the years 1900-1901 and 1899-1900, shows a decrease of Rs. 6,497 and Rs. 4,983 or 16·4 and 13·1 per cent., respectively. The depression in the tea industry is said to have led to fewer transactions in the share market.

*(5)—Notarial Stamps.*

21. These are one-rupee foreign bill stamps overprinted with the word "Notarial" under rule 15 (*d*) of the Rules issued with the notification of the Government of India No. 786S.R., dated the 17th February 1899. They were sold in 20 out of 46 districts during 1901-1902. The sales of the year amounted to Rs. 1,711 in comparison with Rs. 1,874 and Rs. 1,604, realised during the two previous years.

*(6)— One-anna Impressed Stamps.*

22. These stamps are impressed in the office of the Superintendent of Stamps on skeleton forms of cheques, receipts, drafts, &c., requiring a duty of one anna under the Indian Stamp Act, II of 1899, in accordance with rule 7 of the Rules issued with the Notification of the Government of India No. 786S.R., dated the 17th February 1899. The receipts of the year 1901-1902 from this source amounted to Rs. 83,032, against Rs. 83,045 and Rs. 77,339, the revenue of the years 1900-1901 and 1899-1900. Cheque forms of 10 different kinds issued by the Accountant-General, Bengal, for the use of Incorporated Local Funds, are impressed in the office of the Superintendent of Stamps with the one-anna stamp and issued to all treasuries in Bengal. This fact, taken with the increase in the number of skeleton forms impressed for private parties, necessitated the setting up of a fourth stamping machine, with an additional establishment.

ARRANGEMENTS FOR THE SALE OF STAMPS.

23. * * * * The total number of vendors employed in the sale of judicial and non-judicial stamps during the year 1901-1902, was 6,755 or an

increase as compared with the previous two years, of 97 and 530 persons, respectively. There were few complaints during the years under report of difficulty or inconvenience in procuring stamps, and the sales were, on the whole, properly conducted by the licensed vendors.

* * * * *

The expenditure during the past year exceeded that of the preceding year by Rs. 14,428, and that of the year 1899-1900 by Rs. 69,516. As compared with 1900-1901 there was a decrease of Rs. 1,425 in respect of plain paper, and an increase of Rs. 196 and Rs. 15,657 in respect of judicial and non-judicial stamps. As compared with 1899-1900 there was a decrease of Rs. 30,770 in respect of judicial stamps and an increase of Rs. 843 and Rs. 99,443 in respect of plain paper and non-judicial stamps. The decrease in respect of judicial stamps and the increase in respect of non-judicial stamps were directly due to the revised rates of discount sanctioned with effect from the 1st April 1900, in the Resolution of the Government of India, Department of Finance and Commerce, No. 5583S.R., dated the 8th December 1899.

The rates of Rs. 4-11 and Rs. 2-9-8 per cent. allowed under those orders on certain non-judicial stamps, were reduced in Calcutta to Rs. 3-2 per cent. and Re. 1-9 per cent. respectively, and Local Governments were authorised at their discretion to make the same reduction in the case of any town with a population of 50,000 inhabitants and over. The Government of Bengal, accordingly, in their letter No. 820T.F., dated the 19th June 1902, sanctioned the extension of the reduced rates to the towns of Patna, Gaya, Chapra, Darbhanga, Dacca, Bhagalpur, Monghyr and Cuttack, and to the Sadar Stations of Howrah and the 24-Parganas. The lower rates were also extended under the orders of the Government of India to portions of the suburbs adjacent to Calcutta and to the Sadar Station of Hooghly, in which, individually, the population fell short of 50,000 inhabitants.

* * * * *

### PUNITIVE ACTION OF THE COURTS AND REVENUE OFFICERS.

25. * * The total number of cases dealt with by the Civil Courts during the last year of the triennium was 1,507 in comparison with 1,442 in 1900-1901 and 1,447 in 1899-1900. The increase in the number of cases was insignificant, but there was an advance of Rs. 6,874 in the duty and penalty realised by the Civil Courts in comparison with the realisations of the preceding year, and of Rs. 7,476 in comparison with those of 1899-1900. There was an increase of 370 in the number of cases decided and of Rs. 7,385 in the duty and penalty realised by Revenue Officers as compared with the figures of the preceding year, and an increase of 585 in the cases decided and of Rs. 7,527 in the duty and penalty realised, in comparison with those of 1899-1900. The increase in the number of cases may denote more careful examination of documents by Civil Courts and Revenue Officers, but possibly it was due also to ignorance on the part of the public of the changes made by the new Stamp Act.

26. * * The number of cases instituted was 567, in which 497 persons were brought to trial against 513 cases and 511 persons in the preceding year, and 660 cases and 691 persons in the year 1899-1900. The fines imposed amounted to Rs. 4,047, against Rs. 5,253-8 in 1900-1901 and Rs. 5,939 in 1899-1900, while the amount distributed in rewards was Rs. 2,647 as against Rs. 4,282 in 1900-1901 and Rs. 3,684-8 in 1899-1900.

### WORKING OF SECTION 19H ADDED TO THE COURT-FEES ACT, VII OF 1870, BY ACT XI OF 1899.

27. * * The enquiries conducted in order to ascertain the correct valuation of estates have led to a steady increase of revenue in the shape of deficit duty realised. On the other hand, in some districts it has led to a perceptible increase of the work of the Collectorate. Penalties were very seldom levied and enquiries seem to have been made without unnecessary harassment of the parties. Of the cases reported during 1901-1902, 75·9 per cent. were enquired into; the corresponding percentages in the two preceding years were 73·6 and 69·5. The proportion borne by the deficit

duty realised to the amount originally paid was 8·8, 6·5, and 7·3, respectively, during the three years of the triennium.

* * * * *

GENERAL REMARKS AND MISCELLANEOUS.

* * * * *

32. *Reference to the High Court under section 60 (1)*—Under section 60 (2) of the Indian Stamp Act, II of 1899, upon a reference from the Munsif's Court at Sirajganj whether a person taking a loan of Rs. 20 should execute two bonds of Rs. 10 each or one bond of Rs. 20, the High Court held that there was no provision in the stamp law prohibiting a person from executing two bonds instead of one, if he chose; that the Government Rules contained no such provision, and that there was no evasion of stamp duty, as the two bonds had been executed on two pieces of stamped paper of the value of two annas each, and if one bond for Rs. 20 had been executed the stamp duty would have been 4 annas only. It was, however, explained that if the loan had been of a sum of Rs. 110, and the parties had executed bonds for Rs. 100, and Rs. 10, there would have been a loss to Government. The High Court held that if this were so, and if the Government desired to prevent it, a clear provision prohibiting the practice should be inserted in the Act. As such cases are of rare occurrence and the amount involved is usually petty, the Board decided to take no action at present.

33. *Reference to the High Court by the Presidency Magistrate, Calcutta.*—In May 1899, on a reference to the High Court, by the Chief Presidency Magistrate of Calcutta, under section 432 of the Criminal Procedure Code, in connection with a prosecution instituted by the Collector of Stamp Revenue, Calcutta, under sections 61 and 64 of the Indian Stamp Act, I of 1879, against certain Khetra Mohan Chowdhury, and others, an important point of law was decided involving the responsibility of the partners of a firm for the acts of their servants in refusing to give receipts for money paid to them on behalf of their masters. The case has been fully reported in the Indian Law Reports, Calcutta Series, Volume XXVII, page 324.

# REPORT ON THE ADMINISTRATION OF THE INCOME-TAX IN BENGAL DURING THE THREE YEARS ENDING THE 31ST MARCH 1902.

NOTIFICATION—No. 1789T.—F.

*The 27th September 1902.*—The following extracts from the Report of the Board of Revenue on the administration of the Income-tax in Bengal during the three years ending 31st March 1902, are published for general information.

E. W. COLLIN,
*Offg. Secy. to the Govt. of Bengal.*

No. 971B., dated Calcutta, the 15th August 1902.

From—H. WHEELER, Esq., Secretary to the Board of Revenue, L. P.,
To—The Secretary to the Government of Bengal, Financial Department.

I AM directed to submit the following report on the administration of the Income-tax in the Lower Provinces during the triennium ending on the 31st March 1902.

INCOME-TAX.

THE HON'BLE MR. BOURDILLON, C.S.I.

* * * *

2. There has been little change during the three years under review in the system under which the tax on incomes is collected. The law in force (Act II of 1886) has undergone no modification, and the alterations in administrative details have been few.

Administration of the Income-tax.

* * * *

4. For the purpose of fixing the scale of the assessing establishment, districts are classified on the basis of their average annual final demand on account of the tax during the previous five years. In this respect the following districts were advanced to higher classes during the triennium under review:—

Assessors and their establishments.

Burdwan, Murshidabad and Darjeeling from class II (above Rs. 50,000) to class I (above Rs. 60,000);

Rangpur and Faridpur from class III (above Rs 30,000) to class II (above Rs. 50,000);

Jalpaiguri and Manbhum from class IV (above Rs. 20,000) to class III (above Rs. 30,000); and

Puri from class V (below Rs. 20,000) to class IV (above Rs. 20,000).

No district was reduced to a lower class during the same period.

5. The receipts, charges and net revenue derived from the collection of income-tax during each of the three years 1899-1900, 1900-1901, and 1901-1902 were as follows:—

Revenue derived from Income-tax during the triennium.

| | Receipts. | Charges. | Percentage of charges. | Net revenue. |
|---|---|---|---|---|
| | Rs. | Rs. | Rs. | Rs. |
| 1901-1902 ... | 56,56,735 | 2,13,398 | 3·8 | 54,43,337 |
| 1900-1901 ... | 52,64,685 | 1,99,759 | 3·8 | 50,64,926 |
| 1899-1900 ... | 52,21,051 | 2,02,322 | 3·9 | 50,18,729 |
| Increase or decrease as compared with the figures for 1900-1901 ... | +3,92,050 | +13,639 | Nil | +3,78,411 |
| Increase or decrease as compared with the figures for 1899-1900 ... | +4,35,684 | +11,076 | −·1 | +4,24,608 |

It will be seen that in comparison with the results of the preceding year, the net revenue for the year 1901-1902 shows an increase of 7·5 per cent., as compared with an increase of ·9 per cent. in 1900-1901.

A comparison with the results obtained in the first year after the introduction of Act II of 1886 is not without interest. The corresponding figures for the year 1886-87 are shown below :—

| | Receipts. | Charges. | Percentage of charges. | Net revenue. |
|---|---|---|---|---|
| | Rs. | Rs. | Rs. | Rs. |
| 1886-87 ... | 40,28,441 | 2,84,219 | 7·1 | 37,44,222 |

The charges incurred during the first year of the collection of the tax upon a new system were necessarily unusually heavy, but during the 16 years for which the tax in its present shape has now been in force, the receipts have increased by 40·4 per cent., and the charges have decreased by 24·9 per cent. The net revenue in consequence shows a rise of 45·4 per cent.

Demand on account of Income-tax.

6. The number of persons finally assessed to income-tax and the demand from them on this account during each year of the triennium, were as follows :—

| Year. | Number of persons finally assessed in— | | | Final demand in— | | |
|---|---|---|---|---|---|---|
| | Calcutta. | Other districts. | Total of columns 2 and 3. | Calcutta. | Other districts. | Total of columns 5 and 6. |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 |
| | | | | Rs. | Rs. | Rs. |
| 1901-1902 ... ... | 27,802 | 96,254 | 124,056 | 26,48,668 | 24,77,347 | 51,26,015 |
| 1900-1901 ... ... | 26,234 | 93,236 | 119,470 | 23,52,655 | 23,86,235 | 47,38,890 |
| 1899-1900 ... ... | 25,473 | 91,247 | 116,720 | 23,40,773 | 23,16,376 | 46,57,149 |
| Increase as compared with the figures of 1900-1901. | 1,568 | 3,018 | 4,686 | 2,96,013 | 91,112 | 3,87,125 |
| Increase as compared with the figures of 1899-1900. | 2,329 | 5,007 | 7,336 | 3,07,895 | 1,60,971 | 4,68,866 |

In other words, the percentages of increase in the final numbers of assessees in the year 1901-1902 as compared with the two previous years, were 3·8 and 6·3 per cent. respectively ; those in the final demand, 8·2 and 10·07 per cent.

* * * *

Incidence of the demand on population.

8. The following statement shows the proportion of persons assessed to the population and the villages in the Province, and the incidence of the tax during the triennium under report :—

| Year. | Proportion of persons assessed to population. | | Proportion of persons assessed to villages. | | Number of persons in proportion to each rupee of tax assessed. | Remarks. |
|---|---|---|---|---|---|---|
| | Persons. | Population. | Persons. | Villages. | | |
| 1901-1902 ... ... | 1 | 600 | 61 | 100 | 14·5 | |
| 1900-1901 ... ... | 1 | 595 | 62 | 100 | 15 | |
| 1899-1900 ... ... | 1 | 610 | 61 | 100 | 15·3 | |

The population statistics for 1901-1902 are based on the census totals of 1901, and those for the previous years on the figures of the census of 1891. The late census shows an increase in the population and a decrease in the number of villages, and this will account, in the main, for the fluctuations noticeable. Reverting to the results of the year 1886-87, the proportion of persons assessed was then 1 in every 677 of the population, and the incidence of the tax was only Re. 1 to every 19 of the population. The proportionate number of assessees was then returned as 40 in every hundred villages.

Rural and urban incidence of the tax.

9. The proportion of the tax paid in Calcutta in comparison with that paid in the rest of the Province is exhibited below:—

| Year. | Amount of tax realised in— | | |
|---|---|---|---|
| | Calcutta. | Rest of Province. | Total. |
| 1 | 2 | 3 | 4 |
| | Rs. | Rs. | Rs. |
| 1886-87 ... ... ... | 17,05,885 | 16,78,796 | 33,84,681 |
| 1899-1900 ... ... | 22,42,807 | 22,94,435 | 45,37,242 |
| 1900-1901 ... ... | 22,35,105 | 23,50,538 | 45,85,643 |
| 1901-1902 ... ... | 24,94,945 | 24,38,863 | 49,33,808 |

It will be seen that during the last year under consideration Calcutta contributed 22·4 per cent. of the persons assessed, and 50·6 per cent. of the tax realised. The corresponding proportions in the year 1886-87 were 21·5 and 50·4 per cent.

Assessment.

11. Except in some districts in which, for special causes, one or two assessments still remained to be made, the rule was generally observed that the assessment should be completed three months before the expiry of the year. The only noticeable exceptions were the districts of Dinajpur and Jalpaiguri and the town of Calcutta. In the two former the failure was due to bad work on the part of the assessors (one of whom has since died), though it should have been possible to have detected the delay in time to remedy the defect. As regards Calcutta, the Collector of Income-tax represents that the circumstances of the town render it impossible to comply with the instructions: assessees absent themselves at the time of enquiry and certain mercantile and trading firms will not submit their returns. These difficulties are not necessarily peculiar to Calcutta, though doubtless, owing to the large number of assessees, they are felt more acutely there, and efforts will be made during the current triennium to overcome them.

Objections to the demand.

12. The number of persons originally assessed and that of the petitions or objections instituted before District Officers, Commissioners, and the Board, during the triennium, are shown in the following table:—

| Year. | Number of persons originally assessed. | Number of petitions or objections instituted before District Officers. | Number of petitions or objections instituted before Commissioners. | Number of petitions for revision of assessment filed before the Board. | Total of columns 3 to 5. |
|---|---|---|---|---|---|
| 1 | 2 | 3 | 4 | 5 | 6 |
| 1901-1902 ... | 126,064 | 12,114 | 452 | 10 | 12,576 |
| 1900-1901 ... | 121,128 | 10,659 | 368 | 8 | 11,035 |
| 1899-1900 ... | 118,452 | 10,855 | 395 | 10 | 11,260 |

The percentages of objections to assessments were, for the whole province, 10 in 1901-1902, 9·1 in 1900-1901, and 9·5 in 1899-1900. During the year 1901-1902 Cuttack shows the highest percentage (31·2), followed by Hazaribagh (20·3). During the same year the percentages were between 15 and 20 in the following districts, viz., Sonthal Parganas (18·6), Puri (18·2), Shahabad (17·7), Monghyr (16·8), Manbhum (16·8), Bhagalpur (15·9), Muzaffarpur (15·2), and

Gaya (15·05). The increase of objections is usually attributed to the addition of new assessees to the list of tax-payers. In many cases the petitions of objection were filed with a view to gain time for payment, and they were sometimes the outcome of the non-production of accounts at the time of assessment. A fair proportion of the objections came from the unrevised areas and were based on the ground that the assessees were dead or had given up their business.

13. The figures on the margin compare the number of persons exempted on revision and the amount of tax remitted by District Officers, Commissioners, and the Board, during the triennium under report.

Exemptions and result of revision.

Collection of Income-tax.

14. The following statement compares the amount of the tax collected under each part of the Act during the last three year:—

| Year. | *Part I.*—Salaries pensions, annuities and gratuities. | *Part II.*—Profits of companies. | *Part III.*—Interest on securities. | *Part IV.*—Other sources. | Total. |
|---|---|---|---|---|---|
| | Rs. | Rs. | Rs. | Rs. | Rs. |
| 1901-1902 ... ... ... | 7,21,256 | 5,57,644 | 73,817 | 35,81,091 | 49,33,808 |
| 1900-1901 ... ... ... | 6,71,987 | 4,32,077 | 74,744 | 34,06,835 | 45,85,643 |
| 1899-1900 ... ... ... | 6,44,208 | 4,83,576 | 76,912 | 33,33,546 | 45,37,242 |
| Increase or decrease as compared with the figures of 1900-1901 ... | +49,269 | +1,25,567 | — 927 | +1,74,256 | +3,48,165 |
| Increase or decrease as compared with the figures of 1899-1900 ... | +77,048 | + 74,068 | —2,095 | +2,47,545 | +3,96,566 |

The percentages of increase in the total collections on account of the tax, under all parts, for the year 1901-1902, over the collections of the two previous years, were 7·6 and 8·7, respectively.

The gross collections during the year 1901-1902, including arrears of tax, penalties, &c., amounted to Rs. 51,34,559, as compared with Rs. 47,42,594 in the year 1900-1901 and Rs. 47,05,544 in 1899-1900, showing an increase of Rs. 3,91,965 and Rs. 4,29,015, or 8·3 and 9 1 per cent., respectively.

The percentage of tax collected under each part on the total amount of tax collected during the year 1901-1902, was as follows:—

*Part I.*—Salaries, &c. ... ... 14·6
„ *II.*—Profits of companies ... ... 11 3
„ *III.*—Interest on securities ... ... 1·5
„ *IV.*—Other sources ... ... 72·6

The percentage of collections on the final demand on account of tax alone during the year 1901-1902 was 96·3, as compared with 96·8 and 97·4 in the two previous years, respectively. The percentage of collections on the final demand on account of tax, penalties, &c., both current and arrear, excluding advance payments and excess collections, was 93·5, as compared with 93·8 in the year 1900-1901 and with 95·2 in the year 1899-1900. The districts of Burdwan, Birbhum, Bankura, Dacca, Tippera, Noakhali, and Darbhanga succeeded in collecting the entire demand within the year. Burdwan, Dacca, and Noakhali also appeared in the previous two years' lists, and Bankura, Tippera, and Darbhanga in that of the previous year only. Murshidabad and Backergungo nearly succeeded in collecting the entire demand, the percentage of collections in each of these two districts being 99·9. The prescribed standard of 95 per cent. was not reached in Hazaribagh, Bhagalpur and Calcutta, where the percentages were 88·3, 92·3, and 94·2, respectively. In Hazaribagh and Bhagalpur the defect is attributed to delay in the disposal of objections with the result that after orders were passed the tax could not be realized within the current year. In Calcutta the deficiency was due to the fact that

assessments to the value of over a lakh and-a-quarter were made during the last three months of the year, and consequently could not be collected within it. The Board do not regard the explanations from these three districts as satisfactory, and trust that the fault noticed will not be allowed to recur.

**Outstanding balances of Income-tax.**

15. The outstanding balance on account of tax, penalties and costs for the year 1901-1902, as compared with the two previous years, is shown below:—

| Year. | Balance on account of— | | | |
|---|---|---|---|---|
| | Tax. | Penalties. | Costs. | Total. |
| | Rs. | Rs. | Rs. | Rs. |
| 1901-1902 ... ... | 2,46,366 | 29,839 | 8,387 | 2,84,592 |
| 1900-1901 ... ... | 2,18,482 | 28,866 | 8,199 | 2,55,547 |
| 1899-1900 ... ... | 1,74,390 | 25,300 | 6,945 | 2,06,635 |

The sum of Rs. 2,84,592 includes balances on account of the previous years also, viz., Rs. 33,274 for the year 1900-1901 and Rs. 36,244 for 1899-1900. The amount due on account of the latter year has since been remitted. The balance on account of the year 1901-1902 alone, outstanding at the close of the year, was Rs. 2,15,074, as compared with Rs. 1,73,054 and Rs. 1,37,490, on account of the two previous years, outstanding at the close of those years, respectively. Of the total balance of Rs. 2,84,592, Calcutta alone returns a balance amounting to Rs. 2,26,386, as compared with Rs. 1,98,670 in 1900-1901, and Rs. 1,68,607 in 1899-1900. This unsatisfactory result is attributed to the fact that 733 assessments under Parts II and IV, amounting to Rs. 1,25,699, were made during the last quarter of the year for reasons which have already been given in paragraph 11. The Collector represents that it was found impracticable, in spite of all endeavours, to complete the assessment work within the prescribed time. Of the total balance of Rs. 2,84,592, Rs. 75,640 are reported to be under realisation, the realisation of Rs. 1,44,262 is doubtful, and Rs. 64,690 are probably irrecoverable.

**Coercive measures.**

16. The following statement compares the demand, collection and balance on account of penalties, fines and costs for the last three years:—

| Year. | Demand. | | Collection. | | Balance. | | Remarks. |
|---|---|---|---|---|---|---|---|
| | Penalties and fines. | Costs. | Penalties and fines. | Costs. | Penalties and fines. | Costs. | |
| | Rs. | Rs. | Rs. | Rs. | Rs. | Rs. | |
| 1901-1902 ... ... | 29,998 | 12,179 | 11,541 | 7,769 | 18,457 | 4,410 | |
| 1900-1901 ... ... | 29,287 | 13,239 | 13,803 | 9,416 | 15,984 | 3,823 | |
| 1899-1900 ... ... | 20,804 | 11,891 | 15,402 | 8,621 | 14,312 | 3,270 | |

The small collection of penalties during the year 1901-1902 is due to short collections in proportion to the amount imposed, made in Calcutta and the districts of Dinajpur, Patna, Gaya, Bhagalpur and Manbhum. Coercive measures are not taken till towards the end of the year, and it is inevitable that some portion of the demand on this account should fail to be realised within the year.

**Expenditure.**

17. The total expenditure during the year 1901-1902, including the cost of establishments in the Commissioners' and Board's offices and the remission allowed on the collection of tax by employers, amounted to Rs. 2,13,398, as compared with Rs. 1,99,759 in the year 1900-1901 and Rs. 2,02,322 in the year 1899-1900, showing an increase of Rs. 13,639 and Rs. 11,076, respectively,

# REPORT ON THE ADMINISTRATION OF THE EXCISE DEPARTMENT IN THE LOWER PROVINCES, BENGAL, DURING THE YEAR 1901-1902.

NOTIFICATION—No 1795T.—F.

*The 1st October 1902.*—The following extracts from a letter from the Board of Revenue, reviewing the administration of the Excise Department in the Lower Provinces of Bengal during the year 1901-1902, are published for general information.

E. W. COLLIN,
*Offg. Secy. to the Govt. of Bengal.*

No. 1013B., dated Calcutta, the 25th August 1902.

From—H. WHEELER, ESQ., Secretary to the Board of Revenue, L. P.,
To—The Secretary to the Government of Bengal, Financial Department.

I AM directed by the Board of Revenue to submit the annexed report received from the Commissioner of Excise, Bengal, on the administration of the Excise Department during the year 1901-1902.

*Member in charge :*
THE HON'BLE MR. BOURDILLON, C.S.I.

* * * * *

The Excise Revenue.

4. The net revenue showed an increase of approximately 3¾ lakhs of rupees over the figures of the preceding year and was the largest on record. Judging by the results of the new settlements, the receipts of the current year should, in their turn, surpass those of that which preceded it. Every head showed an increase during the year under review, except those of rum and beer, although the relative importance of the different sources of revenue has undergone no material change. It is noticed that the revenue in the Chota Nagpur Division, which under the unfavourable conditions of 1900-1901 had shown some contraction, has more than made up the ground lost, and the settlements of the current year are also very favourable.

Collections.

5. Collections maintained the same satisfactory standard (99·6 per cent. of the gross demand) as in the previous year. Attention was last year invited to the large sum of Rs. 22,000 reported to be irrecoverable on the year's demand. The total similarly reported this year is slightly larger—Rs. 23,500—but with the increased demand this is to some extent inevitable, and while the proportion of the revenue unrealised is as small at it is at present, no serious defect would appear to be indicated.

The current settlements.

6. The settlements for 1902-1903 show an increase of some 4½ lakhs of rupees over the results of the preceding year. Of this increase, Calcutta, where the previous triennial settlement had expired and where the new settlements showed a substantial improvement, furnished nearly 1¾ lakhs. Regarding the eleven districts which show a decrease, the explanations offered may generally be accepted as sufficient, with the exception of Cuttack (—Rs. 23,083) and Monghyr (—Rs. 9,822). With proper arrangements it should have been possible to counteract the combination among the *abkars* which is said to have had a prejudicial effect in the former district, and the Board are not aware of any such special deterioration in the material condition of the Monghyr district as would justify a decline of nearly Rs. 10,000. A further report will be called for from the Commissioner of Excise in both instances.

Country Spirit.

7. The only change during the year in the rate of still-head duty on distillery liquor was in the Arambagh subdivision of the district of Hooghly, where it was raised from Rs. 2 to Rs. 3 per gallon, L. P. The measure was a tentative one adopted at the instance of the Government, and it is noticeable that there was some decrease in consumption which is attributed to this cause. It is too early yet to judge of the wisdom of the step taken, and the future results will be carefully watched. Of the other districts in which the rates of duty

had been changed in the preceding year, it is observed that in Burdwan and Murshidabad where it had been reduced, the increased consumption of the previous year was maintained and a further small advance recorded.. In Midnapore there was a noticeable decrease, but other causes seem to have operated. Both the districts of Faridpur and Backergunge in which the rate had been raised, show a small decrease in consumption, the latter in continuation of a similar result in the previous year. The competition of cheap imported liquor is alleged to have been the cause.

In respect of the offence of illicit distillation the district of the Sonthal Parganas stands first in the Province, and the noticeable increase in the number of persons arrested on this charge during the year (766 as against 271 during 1900-1901) formed the subject of special enquiry. The Board were of opinion that some excess of zeal had been shown in the institution of prosecutions, and that one main cause of the prevalence of illicit practices lay in the fact that the price of licit liquor was beyond the means of the ordinary consumer. The chief remedy proposed was a reduction in the license-fees on the shops which it was hoped would induce a corresponding decrease in the price of liquor, and this was accepted by Government. The opening of 15 new shops in the preceding year had scarcely had the effect anticipated, although the consumption of distillery liquor exhibited some increase, and a further addition of ten was sanctioned. Some further experiments in the issue of weak liquor were also directed. The effect of these changes remains to be seen.

The second area within which the offence of illicit distillation occasions constant trouble is the Burdwan Division. From the figures of persons arrested it would seem that there was some diminution in this particular breach of the law, but the numbers arrested for smuggling outstill liquor increased from 30 to 59. Both offences recur with frequency in certain well-known localities, and the deterrent effect of the punishments which can be inflicted under the present law would seem to be small. There was also a serious instance of resistance to the police, indicative of the obstructive attitude of the villagers generally. The decrease in the number of persons arrested for illicit distillation in the district of Bankura from 49 during the preceding year to 14 is very marked, and the Board would like to receive a clearer assurance that it was due to a genuine diminution of the offence. It is curious that, so far as the figures go, the law in this respect in the district of Birbhum would appear to be scrupulously observed.

Illicit distillation is common also in Angul and the Khondmals, where 36 persons were arrested on this account during the year.

The smuggling of liquor into Jalpaiguri from Bhutan and Cooch Behar continued, and in fact showed some increase: the appointment of a special preventive staff may have a good effect. Similarly, the smuggling into Darjeeling of liquor from Sikkim and Nepal would appear to be on the increase.

Country Rum.

8. The explanations of the fluctuations in the consumption of country rum have always been a matter of some doubt. In their review of the Excise Report for the year 1898-99, the Board discussed the question in some detail consequent on the fall in that year of nearly a lakh of rupees in the revenue under this head, and they were disposed to doubt the opinion of the Excise Commissioner that the enhanced rate of duty had not affected consumption. In the year 1899-1900 the amount of rum consumed rose by 3,191 gallons, L. P., and a review of the figures since 1892-93, when the duty was first enhanced to Rs. 5 per gallon, L. P., led to the conclusion that that change, followed by the further increase of duty to Rs. 6 per gallon, had affected the trade. It was apprehended that German white spirits might have successfully competed. During the year 1900-1901 the consumption further increased by some 1,752 gallons, L. P., and the greater popularity of rum and cheap imported liquors in comparison with country liquor was adduced as a reason. It was also thought possible that more rum from Shahjahanpur to Assam was being despatched *vid* Calcutta instead of by the direct route. In the year at present under review, there has been a net decrease in consumption of 18,467 gallons, L. P., which effectually obliterates the two small items of increase recorded in the two preceding years. The

Commissioner expresses the opinion that owing to the enhancement of duty in 1898, country spirit now successfully competes with rum, a view directly opposed to that held last year, and to the fact that exportations from Calcutta to mufassal districts increased. Moreover, the consumption of distillery liquor in Calcutta decreased in comparison with the previous year. The Superintendent of Excise Revenue, Calcutta, apprehends that Shahjahanpur rum is now sent in greater quantities to Assam direct; he also represents the difficulties in the way of any satisfactory conclusion. The figures of exportations from Calcutta to Assam certainly show a decrease, though not nearly equal to the total decline in the consumption.

Imported Liquor.

9. In reviewing the results of the preceding year the Board observed that it was desirable to devise means of collecting statistics of the consumption of imported liquor in the different districts in Bengal. The subject was discussed during the year, and the conclusion finally come to was that the disadvantages attaching to any special procedure for the purpose would outweigh anything to be gained thereby. In the absence of such statistics only general conclusions can be drawn as to the spread of a taste for imported liquors and as to its effect on the revenue derived from other heads, noticeably that of country liquor. It is reported that the imported brands are growing in popularity, more especially in the districts of Eastern Bengal, and the increase in license fees obtained in the districts of Dacca, Mymensingh and Backergunge would seem to corroborate this view. In the two former districts, the revenue from country spirits was less than in the previous year, but the high price of food-grains is also mentioned as a cause. In Dacca the importation of country rum was less, and in Mymensingh it was greater, than in the preceding year. As explained last year, there are various factors tending to complicate the question.

It is observed that the importations of German white spirit decreased from 50,521 gallons in the preceding year to 45,421 gallons. The trade in this liquor formed the subject of correspondence during the year. The conclusion arrived at by the Board was that such spirit was less noxious than was popularly supposed, and that the remedy mainly required was some control over the operation of bottling it in this country, not with the object of checking the sale of this liquor, but in order to prevent customers being deceived.

*Tari.*

10. The revenue from *tari* has recovered, and was in excess of that realised during the year 1899-1900, when the tree-tax system was in force. It would not seem, therefore, that the abolition of that system has prejudicially affected the revenue, although the contrary view is held by one or two Collectors. It is to be remembered, however, that the system as understood in Madras was never introduced in Bengal.

*Ganja.*

11. The additional *gola* at Naugaon for the storage of *ganja* is still under construction. Thanks to a favourable season and the cultivation of an area which, though less than in the preceding year, was considerably above the average, the outturn of *ganja* was the highest on record. The consequent fall in prices was very marked, and the consequent temptation to dispose of the crop illicitly led to a noticeable increase in the number of prosecutions.

* * * *

*Bhang.*

12. The Commissioner of Excise is of opinion that the enhancement of the duty on *bhang* in certain districts of the Burdwan and Presidency Divisions has not affected consumption. The amount consumed showed a decrease in four out of six districts, but it was not large and is attributed to other causes. The enhanced rates led notwithstanding to larger receipts from duty.

Opium.

13. The decision to remove all restrictions on the issue of opium to shops in certain districts to which limits had previously been enforced as a check upon smuggling, has apparently had a curious effect upon the sales to licensed vendors. The amount so sold in Chittagong has increased by 96 maunds, while Hooghly, Calcutta and Backergunge show a decrease of 32, 29 and 13 maunds, respectively. Chandernagore only took 9 maunds as against 42 in the preceding

year. The inference is that Chittagong being more conveniently situated for access to Burma, has now become the head-quarters of the illicit trade. The preventive establishment in that district has been strengthened, but it is obvious that the exercise of special vigilance will be required.

Cocaine.

14. Under the Board's Notification No. 37B., dated the 6th January 1902, the sale of cocaine has been prohibited, except under license for *bonâ fide* medical purposes. *

* * * *

* The number of prosecutions in Calcutta for illicit sale increased from 65 during the preceding year to 101. Judging by the prosecutions instituted, the cocaine habit has little hold outside Calcutta, but it is noticed that no cases were returned from the district of Murshidabad, Muzaffarpur and Purnea in which the use of cocaine as an intoxicant was last year believed to prevail. Special attention will be invited to the point in these districts. The number of licenses granted for the sale of cocaine in Calcutta was 101. The number of druggists' permits for the sale of opium was only 62, and it is curious that licenses for the vend of cocaine which are only issued to duly approved persons and firms should have been the more numerous. It is also noticeable that in Murshidabad and Bhagalpur, in both of which districts the misuse of the drug was last year suspected, 4 and 7 licenses respectively were granted, a number which in comparison with other districts was large. The Board will request the Excise Commissioner to make certain that licenses are only being issued to suitable persons.

Offences.

15. The Board will call for a special report on the case of unlicensed sale of *pachwai* in the Singhbhum district noticed by the Excise Commissioner, in which 100 persons are said to have been arrested.

The Administration Report of the Commissioners of the Port of Chittagong for the year 1901-1902.

THE following statement shows the financial position of the Chittagong Port during the last two years:—

| | 1900-1901. Rs. | A. | P. | 1901-1902. Rs. | A. | P. |
|---|---|---|---|---|---|---|
| Opening balance ... ... | 19,330 | 5 | 6 | 16,149 | 1 | 6 |
| Receipts during the year ... ... | 64,418 | 11 | 4 | 1,27,715 | 3 | 7 |
| Total ... | 83,749 | 0 | 10 | 1,43,864 | 5 | 1 |
| Expenditure during the year ... | 67,599 | 15 | 4 | 1,26,657 | 1 | 4 |
| Balance at the close of the year ... | 16,149 | 1 | 6 | 17,207 | 3 | 9 |
| Total ... | 83,749 | 0 | 10 | 1,43,864 | 5 | 1 |

The receipts show an increase of Rs. 63,296-8-3. There was a large increase in the earnings of the jetty at double moorings and also in port dues. The increase in expenditure is due mainly to the working expenses of the jetty and repayment of the *Gekko* Loan. It is satisfactory to note that Rs. 32,587 were paid during the year towards repayment of the loan due for the years 1899-1900 and 1900-1901.

Shipping.

2. Ten vessels, with a burden of 19,287 tons, entered the port from foreign ports during the year, against seven vessels of 14,041 tons, in the previous year, the increase being due to more vessels arriving from the United Kingdom with salt and railway materials.

There was a larger number of vessels employed in carrying jute to the United Kingdom and pilgrims to Jeddah; altogether 24 vessels, aggregating 48,459 tons, cleared for foreign ports during the year, against 15 vessels aggregating 27,921 tons in 1900-1901.

Five hundred and twelve vessels, with a tonnage of 221,070 tons, cleared for Home Ports, against 450 vessels with a tonnage of 193,652 tons during the previous year. A larger number of vessels cleared for Narayanganj and Akyab.

Port appliances.

3. The appliances of the port and light-houses are reported to have been kept in good order during the year.

Jetty.

4. The jetty continued to be worked by the Assam-Bengal Railway Company under their agreement with the Port Trust. The earnings of the jetty rose from Rs. 3,545 in 1900-1901 to Rs. 47,649-1-4 during the year under review. There was, however, a corresponding increase in expenditure of Rs. 33,848-15-6. The net profit was Rs. 9,562-4-7.

The steam-tug *Gekko*.

5. The earnings of the S.-T. *Gekko* fell off from Rs. 5,941-8 in 1900-1901, to Rs. 500, during the year under review, as few sailing vessels visited the port. She was, however, largely employed in the work of the port in various other ways, and the work done by her is estimated to represent a saving of Rs. 6,000. The net expenditure on the vessel was Rs. 11,465-1-9 against Rs. 13,827-14-9 in the year before.

Pilotage Fund.

6. The subjoined table shows the position of the Pilotage Fund:—

| | | 1900-1901. Rs. | A. | P. | 1901-1902. Rs. | A. | P. |
|---|---|---|---|---|---|---|---|
| Opening balance of the year | ... | 40,657 | 11 | 6½ | 43,643 | 5 | 0½ |
| Receipts during the year ... | ... | 14,421 | 0 | 0 | 20,736 | 8 | 0 |
| Total | ... | 55,078 | 11 | 6½ | 64,379 | 13 | 0½ |
| Expenditure during the year | ... | 11,435 | 6 | 6 | 11,515 | 3 | 4 |
| Balance at the close of the year | ... | 43,643 | 5 | 0½ | 52,864 | 9 | 8½ |
| Total | ... | 55,078 | 11 | 6½ | 64,379 | 13 | 0½ |

7. The pilot service worked satisfactorily. There was only one accident during the year. It was due to the pilot allowing himself to be ruled by the Pilot Service master of the vessel. The pilot was placed on half earnings for a fortnight and was severely censured.

By order of the Lieutenant-Governor of Bengal,

D. B. HORN,

*Secretary to the Government of Bengal.*

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

d dew; o, overcast; p, passing temporary showers; d, drizzling rain.

NEW ZEALAND—South island, north-west coast.

*Kahuranji point—Shoal to the northward.*

The British Admiralty has given notice (No. 563 of 1902) that there is only a depth of 5½ fathoms at a distance of one mile N. 26° E. from Kahurangi point where the Chart shows 15 fathoms.

Approximate position, lat. 40° 45½′ S., long. 172° 15′ E.

The sparseness of the soundings and imperfect delineation of the coast in this neighbourhood indicates that the Chart is not to be implicitly relied on hereabouts.

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

*Rules for the appointment of Sub-Inspectors of Police.*

*No. 3458J.D.—The 15th October 1902.*—The recruitment of Sub-Inspectors for the investigating staff of the Bengal Police is to be made by (1) open competition in accordance with the printed rules which follow; (2) by promotion from the rank and file of the Police Force; and (3) by the Inspector-General of Police nominating approved candidates.

2. All candidates however selected will have to undergo a course of training in the Bhagalpur Police Training School.

3. In order that candidates who do not know English, but are otherwise eligible as investigating officers, may be taught in the Police Training School, the curriculum at that institution shall be either in English or in the vernacular.

4. Examinations will be held at any one or more of the following centres in accordance with a Government notification which will be published in the *Calcutta* and *Police Gazettes*, and will determine and specify the centres at which examinations will be held and the number of appointments to be competed for at each—

At Calcutta (Senate House) for the Presidency, Rajshahi, Burdwan, and Chittagong Divisions, and for (*b*) class candidates of the Dacca Division; at Bankipore for the Patna, Bhagalpur, and Chota Nagpur Divisions.

Information as to the hour and place of examination can be obtained 15 days before the examination by applying to the District Magistrates of the 24-Parganas and Patna.

5. The following classes of candidates, who are qualified under the next succeeding rule, will be admissible to the examination by (*1*) open competition:—

(*a*) Persons who have passed the Entrance examination of the Calcutta, Allahabad or Punjab University, and are permanent residents and natives of one of the Divisions allotted to the Examination Centre at which they propose to be examined, provided they are not less than 21 nor more than 25 years of age on the date fixed for the examination.

(*b*) Persons now serving as head-constables and writer-constables in the Police who have obtained the permission of the District Magistrate to appear at the examination, provided that they are not more than 30 years of age and are of not less than four years' standing in the Department. This permission will only be given to persons who satisfy the conditions laid down in Rule 6.

NOTE.—No certificate signed by any officer in charge during the temporary absence of the District Magistrate or District Superintendent of Police from head-quarters will be accepted. It is essentially necessary that the signature should be that of the District Magistrate and District Superintendent of Police themselves.

6. No person will be deemed qualified who does not satisfy the following conditions:—

I.—That he has no disease, constitutional affection or bodily infirmity unfitting him, or likely to unfit him, for police duties, and that he is not less than 5 feet 3 inches in height and 30 inches round the chest (*Government Circular No 4436J., dated the 7th December 1892*).

NOTE.—"Stuttering or Stammering" is a constitutional defect, and represents a physical disqualification.

II.—That he is of good moral character.

III.—That he belongs to a respectable family and is of good social standing.

IV.—That he produces a certificate of ability to ride signed by a District Officer.

7. Printed forms of applications for permission to appear at the examination are obtainable in the office of the District Superintendent of Police. In the case of (*a*) class candidates they should be submitted accompanied by a fee of Rs. 5 to the Magistrate of the district in which the intending candidate permanently resides, and in the case of (*b*) class candidates they should be submitted to the Magistrate of the district within which the intending candidate is serving. In each case the application must be submitted not later than one month before the date fixed for the examination.

8. In the case of candidates of class (*a*) the Magistrate shall require a personal identification of each candidate by some responsible and competent person, whose opinion can be trusted and whose name should be recorded, and satisfy himself that the certificate* of respectability, moral character and social standing refers to the individual applying for permission to appear at the examination. It is particularly important that candidates be of *reputable parentage, antecedents*, and social standing. Old certificates or certificates granted by irresponsible persons should not be accepted. In the case of each candidate of class (*b*) the application must be accompanied by the certificate of the District Superintendent of Police in the form given on the form of application. The candidates shall then be sent to the District Superintendent, who will then take the necessary steps to fill in the certificate as to measurement, &c., and will take the thumb-impressions, &c., as noted on the form of application. If the District Superintendent of Police finds that the candidate is of the

BENGAL POLICE.

* I hereby certify that I have known for years, and from my own personal knowledge of his character and disposition I am of opinion that he is a steady, well-behaved young man, and I know him to be of good moral character. His parentage and antecedents are reputable, and he is of good social standing.

prescribed height and chest measurement and is free from the defect of stammering or stuttering, the candidate shall then be sent by him to the Civil Surgeon or Civil Medical Officer for the prescribed certificate as to physical fitness, the fee for which will be Rs. 4 in case of (*a*) class candidates only. In case of (*b*) class candidates no such fee is required.

9. In the case of (*a*) class candidates the District Superintendent of Police will, after seeing that all the certificates are in order, issue a verification roll in the form prescribed in the Bengal Police Code, and inform the candidate that his appointment will be contingent on the enquiry into his parentage, antecedents and social standing proving satisfactory. In the case of (*b*) class candidates these verification rolls are not required. The District Superintendent will then send the applicant with his certificates to the Magistrate, who, after subjecting the candidate to an examination in riding, and if he pass the examination, noting the fact on the form of application, will grant him a written permission to appear at the examination.

10. When permission has been given to any applicant to appear at an examination, the above papers with the Treasury receipt for the examination fee, which should be paid into the Treasury, will then be forwarded without delay by the Magistrate of the district in which the candidate resides to the Magistrate of the centre at which the candidate is to be examined.

11. Candidates who have been permitted to appear will attend before the Examination Committee on the day preceding the examination. The Examination Committee will compare the descriptions, thumb-impressions (duplicate impressions being taken for the purpose, if necessary), and signatures, and satisfy itself as to the identity of the person appearing. The Committee will also satisfy itself as to the physical qualifications of any candidate concerning whom it may entertain doubt and reject such candidate, should he, on re-examination, be found below the required standard.

12. At the examination a candidate will be required to sign the papers in every subject, writing his father's name and his own address on them to avoid confusion arising out of a similarity of names.

13. After the results of the examination have been ascertained, the certificates and verification rolls of passed candidates will be forwarded to the Principal of the Police Training School, Bhagalpur, and will be treated as verification rolls.

The certificates of unsuccessful candidates will be returned, if asked for, within two months, or destroyed at the end of that period.

14. The subjects of examination will be as follows:—

I.—Dictation, Letter-drafting, Précis-writing, and a short translation from Bengali or Hindi (Kaithi) into English. Europeans and Eurasians will be allowed to choose one out of these two languages to be examined in. No candidate failing to obtain half marks in this paper will be considered qualified for appointment.

II.—Paper on general knowledge. The questions will be set so as to test the general information and intelligence of candidates.

III.—Mathematics, including Euclid, Books I—IV, Arithmetic and Algebra, and Account-keeping.

IV.—Law, including the Penal Code, the Criminal Procedure Code, and the Evidence Act.

*N.B.*—Class (*b*) candidates will be exempted from passing in Euclid and Algebra, alternative questions in Arithmetic being given.

15. The marks will be given on the following scale:—

| | | | | | |
|---|---|---|---|---|---|
| 1. | Dictation and language ... | 200 | 3. | Mathematics ... | 200 |
| 2. | General knowledge ... | 200 | 4. | Law ... | 200 |

Those who have not obtained half marks in dictation and language and one-third marks in the aggregate of the remaining papers are to be struck out as ineligible for appointment. Of the remaining candidates, a list will be made as follows:—(*i*) two-thirds of the appointments obtainable by open competition to be given to (*a*) class candidates who stand highest on the list in order of merit; (*ii*) one-third of the appointments obtainable by open competition to be given to (*b*) class candidates selected from among those candidates who have obtained not less than one-third of the marks.

16. Natives of Bengal Proper will be eligible for appointments in all districts where Bengali is the vernacular of the district, and natives of Bihar will be eligible for appointments in districts where Hindi is the vernacular. They will, however, be liable to be transferred to any district in the Province.

17. Selected candidates, whose verification rolls have been returned as satisfactory, will undergo a 20 weeks' course of instruction at the Bhagalpur Police Training School. This course will include drill, elementary surveying, anthropometry, and instruction in prosecuting cases in Magistrates' Courts and other practical duties of an investigating officer.

18. At the end of the 20 weeks candidates obtaining a certificate of proficiency will be posted to districts as probationers for two years. If at the end of that period they are pronounced competent and fit, they will receive appointments in due course as fifth grade Sub-Inspectors. During the period of instruction they will be subject to the rules and

regulations of the Training School and will receive Rs. 20 a month as salary. On being passed out of the Training School, they will receive Rs. 30 a month as Probationary Sub-Inspectors.

19. The position of selected candidates in the Range lists from which promotions are made will be determined, firstly, in the case of (*b*) class candidates by seniority, and, secondly, in the case of (*a*) class candidates by the places obtained at the final examination held at the conclusion of the Training School term.

*No. 3459J.D.—The 15th October 1902.*—With reference to Rule 4 of the rules published under Notification No. 3458J.D., dated the 15th October 1902, for the examination of candidates for the appointment of Sub-Inspectors of Police in Bengal, it is hereby notified that the next examination will be held on the 28th and 29th November 1902 at the Calcutta and Bankipore centres.

**Calcutta. Bankipur.**

2. Subject to the conditions of the rules, 77 appointments will be obtainable by open competition according to the appended scale of distribution :—

## GOVERNMENT OF BENGAL—MARINE DEPARTMENT.

NOTICE TO MARINERS—No. 305.

[First Publication.]

AFRICA, SOUTH—CAPE COLONY.

*Table bay—Wreck.*

THE British Admiralty has given notice (No. 663 of 1902) that the wreck of the ship *Highfields* lies sunk in Table bay, in a depth of about 10 fathoms, in a position with the end of the north breakwater bearing S. 40° W., distant 8 cables.

The position of the wreck has been marked by a buoy, painted green, with "Wreck" in white letters on it, and surmounted by a staff and red flag.

At night a tug is anchored near the wreck, exhibiting from a yard 20 feet above the sea three *white* lights—two vertically on the side on which vessels should pass and one on the side nearest to the wreck. Bad weather may, however, prevent the tug anchoring in the locality.

### CHINA. NORTH COAST—Wei Hai Wei.

*Port Regulations.*

The British Admiralty has given notice (No. 591 of 1902) that the following regulations have been made respecting the use by mercantile vessels of the Admiralty waters at Wei Hai Wei:—

The Admiralty waters are bounded on the south by a line from Flagstaff Point to Itau island; on the east by a line from Itau island to the eastern point of Hu An Lock rocks; on the north by the south and west coasts of Leu Kung Tau to Kwoa pu (the northern point of Leu Kung Tau) and by a line from thence to a position with Outer island, bearing N. by W., distant one cable; and on the west by a line from a position with Outer island, bearing N. by W., distant one cable, to the east point of Weigell cove, bearing north true, distant one cable, and from thence south (true) until it meets the line drawn from Itau island towards Flagstaff Point.

1. Mercantile vessels may be permitted to use the aforesaid waters by the Senior Naval Officer present or by his representative.
2. When so permitted they shall anchor or moor in such positions as may be pointed out to them by the said Senior Naval Officer, or by any officer sent by him to place the vessels in the berths assigned to them; and they shall not move to another berth in the Admiralty waters without similar permission being first obtained.
3. Merchant vessels berthed in Admiralty waters shall comply in all respects with any regulations made for the safety of the vessels in the anchorage, and as to the disposal of ashes and other refuse.
4. The anchorage within the said Admiralty waters set apart for vessels of suitable draught placed in quarantine is the space west of Itau (Sun or Channel) isand and south of the southern limit (N. 75° W.) of the white ray from Flagstaff Point light, and east of a line drawn south from the Joss house, near East village, on Leu Kung Tau.

## PRELIMINARY FORECAST OF THE WINTER RICE CROP OF BENGAL, 1902.

THE following note is published for general information.

W. C. MACPHERSON,
*Offg. Secy. to the Govt. of Bengal.*

*The 17th October 1902.*

## DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

### *Preliminary Forecast of the Winter Rice Crop of Bengal, 1902.*

*Character of the Season.*—The ante-monsoon showers were exceptionally heavy, especially in Eastern Bengal, but the monsoon broke late, and the fall in June was short, the deficiency being most marked in Bihar and Chota Nagpur. July brought good rain though there was defect in parts of Bihar and Lower Bengal. The fall in July was very heavy,

while on the other hand the fall was excessive in Orissa and parts of Eastern Bengal. Transplantation was retarded by excessive rain in Eastern Bengal and by drought elsewhere; but the weather has of late been seasonable and, taken as a whole, the season is not unfavourable to the winter rice crop of the Province.

*Area cultivated.*—Since the issue of the final forecast of the winter rice crop of 1901, some District Officers have revised their estimates of the normal area. They now estimate the total normal area at 30,094,700 acres as compared with 30,443,600 acres finally estimated last year. The area actually put under winter rice crop this year is reported to be 29,356,500 acres against 28,404,200 acres sown last year. The failure to sow the full normal area is due to unseasonable weather during the transplantation season.

*Character of the Crop.*—From the summary of the district returns given in Appendix I, it will be seen that 22 out of the 45 districts in the Province report an outturn of 100 per cent. or over; in nine it is estimated to vary between 90 and 99 per cent. In eight others the estimate varies between 80 and 89 per cent., while in no case, it falls below 60 per cent. of the average. According to the estimates of the District Officers, the outturn for the Province as a whole will amount to 94 per cent. of the normal, but the district reports, which were mostly compiled early in September, do not take into account the improvement which has since taken place, and it seems probable that, if the rest of the season be favourable and especially if the Háthiya rains in Bihar do not fail, the Provincial outturn will not fall below the average.

| Saran ... | Sadar ... ... | 673,140 | 547,500 | 141,200 | 134,200 | 107,000 | 25 | 50 | For want of rain transplantation of *paddy* has has not yet been done in considerable area of *paddy* lands, but rain has now begun to fall and transplantation is now in full swing, and if this state of rain will continue for some time more the extent of area and prospect of outturn of rice will increase. | |

| Champaran | Sadar ... ... | 978,846 | 780,900 | 257,000 | 257,000 | 257,000 | 40 | 115 | The increase in the area and estimated outturn is due to favourable rainfall up to date. Floods have done damage along the banks of the Sikrana and Bagmati rivers. Hence taking 125 per cent to represent the highest possible outturn, I estimate this year's outturn at 115. This is on the assumption that favourable rain will fall till end of September. | |

The forecast for Sitamarhi would have been 16 annas, but for the floods, which destroyed a good deal of the *dhan* on low lands, but what has been lost is being generally replaced; though there is some scarcity of seedlings. The floods caused some loss to the *dhan* in the Katra thana and north Muzaffarpur also. | |

Thanas Bonipatti, Darbhanga, Bahera, Kosera and Warrisnagar may still show improvement. With favourable rain in October there is hope of a 90 per cent. crop. | |

## PRELIMINARY FORECAST OF THE INDIGO CROP OF BENGAL, 1902.

THE following Note is published for general information.

W. C. MACPHERSON,
*Offg. Secy. to the Govt. of Bengal.*

*The 17th October 1902.*

## DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

*Preliminary Forecast of the Indigo crop of Bengal, 1902.*

*Explanatory.*—The chief indigo-growing districts in this Province at present are Saran, Champaran, Muzaffarpur, Darbhanga, Monghyr, Bhagalpur, Purnea, Nadia and Murshidabad. In forecasting on this crop, it is therefore necessary to consider the character of the season in these districts only.

*Character of the season.*—The previous monsoon terminated very early and the winter rains failed; there was consequently serious lack of moisture in the early part of the season. There was practically no rain in February, but in March there was good rain everywhere. In Bihar, however, there were hailstorms and rain showers at the time of germination which rendered extensive re-sowing necessary. The rainfall in April was copious and general, except in Muzaffarpur, and Darbhanga where it was slightly deficient. In May also there was good rain, except in Muzaffarpur and Monghyr, though the crop in the Bengal districts suffered to some extent from storms and heavy rain. In the following month the fall was deficient throughout the indigo area, especially in Saran, Champaran and Murshidabad. Since then the rainfall has been generally heavy for the indigo crop which has suffered from water-logging in Bengal, and from floods in Darbhanga and Muzaffarpur. On the whole, the rainfall of the season has been very capricious and ill-distributed so far as indigo is concerned. Although the moderate showers of the past three months have effected some improvement in the crop in Bihar, the prospects are still among the worst on record.

*Area sown.*—According to the estimates sent in by the District Officers, the normal area under indigo at present in these Provinces amounts to 446,700 acres, but this estimate is evidently too high, sufficient account not having been taken by the reporting officers of the serious falling off which has taken place during recent years in the cultivation of this crop. The area sown in indigo this year is estimated by the District Officers at only

258,300 acres, as compared with 311,200 acres planted last year. The contraction is attributable to the unfavourable prospects of the industry, and also to the drought in the sowing season.

*Character of the crop.*—From the summary of the district returns appended to this forecast, it will appear that, except in Nadia, the crop is nowhere expected to reach the normal. The five districts of North Bihar, which claim more than two-thirds of the indigo area of this Province, anticipate only 43 per cent. of a normal crop, while the outturn for the remaining districts is estimated at 59 per cent. of the average. Purnea and Bhagalpur report a crop of 80 and 74 per cent., respectively, while Monghyr and Darbhanga forecast an outturn of 69 and 63 per cents. respectively, of a normal crop. In all other important indigo districts, the outturn is expected to vary between 25 to 43 per cent. of the normal. According to the estimates of the District Officers, the outturn for the whole Province will amount to 47 per cent. of an average crop. But the weather in September has been seasonable, and it is expected that the *khoontee*, or second cuttings, will yield a more favourable outturn than was at first hoped for, and I think the Provincial outturn will not ultimately fall below 50 per cent. of the average.

*Gross outturn.*—According to the district estimates, the total outturn in the North Bihar Districts will amount to 22,770 factory maunds, and that in the remaining area to 8,127 factory maunds. A factory maund is equal to about 75 lbs.

Messrs. Moran and Company estimate an yield of 26,000 factory maunds of indigo in North Bihar, and four to five thousand factory maunds in the remaining area. It must be borne in mind that several districts of Lower Bengal, which grow indigo on a small scale, are omitted from their calculations, and that native grown indigo presumably finds no place in their estimates. On the other hand, the returns submitted by the District Officers having been compiled before the middle of September, do not take into account the improved prospects of the second cuttings, while Messrs. Moran and Company's estimate is based on the latest information. After a full consideration of all these circumstances, I think that the yield of indigo in North Bihar this year will amount to 25,000 factory maunds, and that in Bengal to 8,000 factory maunds.

| | Bhagalpur ... | 2,704,640 | 2,097,000 | 13,000 | 13,000 | 12,000 | 76 | 74 | The Subdivisional Officer of Madhipura has reduced the area, in column 7, by 1,000 acres as the Bangown factory has given up cultivation of indigo. | |
| | Purnea ... ... | 3,185,880 | 1,680,000 | 40,000 | 19,000 | 16,000 | 110 | 80 | The decrease in area sown this year is due partly to unfavourable season and partly to a few factories being closed. There was drought in May and June, followed by excessive rain and floods in August. Hence the outturn will not be good. The figure in column 6 has been revised. | The normal area should be revised. |
| | Malda ... ... | 1,316,600 | 672,800 | 5,000 | 8,000 | 2,020 | 94 | 100 | The cultivation of indigo has almost been abandoned in this district. | |
| | Santhal Parganas | 3,500,160 | 1,725,100 | 5,700 | 2,500 | 2,000 | 86 | 81 | The greater portion of the land under this crop has been converted into paddy lands, and hence the decrease both in normal area and area sown this year. The normal outturn is due to timely rainfall. The prospect of the crop at Dumka and Jamtara is favourable, but at Rajmahal, owing to absence of seasonable rainfall, a very bad outturn is expected. | |

## RESOLUTION ON THE ADMINISTRATION REPORT OF THE ORISSA PORTS FOR THE YEAR 1901-1902.

No. 1881Marine.

# Government of Bengal.

## MARINE DEPARTMENT.

*Dated Calcutta, the 14th October 1902.*

## RESOLUTION.

## Administration Report of the Orissa Ports for 1901-1902.

READ—

Letter No. 849C., dated 11th July 1902, from the Commissioner, Orissa Division, submitting the Report on the Administration of the Orissa Ports for the year 1901-1902.

Letter No. 872C., dated 16th July 1902, from the Commissioner, Orissa Division.

THE receipts, during the year under review, amounted to Rs. 13,364, against Rs. 10,032, the receipts for 1900-1901, showing an increase of Rs. 3,332. This is due to the revival at the ports of Cuttack and Puri of the rice trade with foreign ports, after cessation of the famine in the Central Provinces.

2. The expenditure amounted to Rs. 15,451, against Rs. 18,727, showing a reduction of Rs. 3,276, due mainly to the revised scale of establishment sanctioned by the Government. The reduction would have been greater but for the expenditure incurred in the purchase of a new light from England for Shortt's Island.

3. The receipts, with the opening balance, will, after covering the expenditure, leave a surplus of Rs. 8,298, and it is satisfactory to note that no contribution from Government will be required.

4. Owing to its diversion to the railway, the trade of the Orissa ports continued to decline. From Rs. 1,20,75,438 in 1899-1900, it declined in value, during the year 1900-1901, to Rs. 87,98,466, and to Rs. 82,42,330 during the year under review, although there was an increase of the export trade in Cuttack and Puri, as mentioned above. This decline in the value of the trade had no adverse effect on the revenues of the ports, which are mainly derived from Government dues on vessels, and as 228 vessels, exclusive of native craft, entered the ports, against 193 in the previous year, there was a small increase in the receipts of the ports.

5. A larger number of vessels visited the ports during the year: 228 vessels, of 137,794 tons, entered the ports in 1901-1902, against 193 ships, of 106,613 tons, which visited the ports during the previous year.

6. Since the opening of the railway, the pilgrims have generally ceased to use the sea route, which is now used mainly by local men seeking employment in Calcutta or elsewhere in Bengal.

7. The erosion of Shortt's Island continued. The new fifth-order light has been exhibited on the Island from the 1st August 1901, and is reported to give a clear and uniform light.

8. There were no cases of plague in any of the ports, while only two cases of cholera were landed from the S.S. *Jatra* and taken to the Pilgrim Hospital at Chandbally, where they both proved fatal.

By order of the Lieutenant-Governor of Bengal,

D. B. HORN,

*Secretary to the Government of Bengal.*

## SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM, FOR THE MONTH OF SEPTEMBER 1902.

Soon after the middle of August a period of unsettled weather commenced over the Bay. Shallow depressions formed in rapid succession, and though not causing very strong winds over the Bay, they caused general rainfall inland during their westward passage. The latter part of that month was therefore distinguished by well-marked south-west monsoon conditions over both the Bay and the Province.

These conditions continued for some time during September, and rainfall was copious in all divisions of the Province except Orissa. The probable reason for the deficiency in Orissa may be found in the course followed by the depressions. They moved more into the north-west angle of the Bay than usual; and instead of passing directly across Orissa, they skirted its northern boundary. In following that direction they moved well into the central parts of Bengal, which in consequence received frequent and at times heavy rainfall.

The most noticeable feature in the rainfall distribution is the heavy falls in the northern districts, more especially in North Bengal, where more or less heavy rain was of almost daily occurrence, even when weather was generally settled. The average fall for the whole of North Bengal was 25 inches—nearly 10 inches in excess, and in Bihar the fall was 14 inches, or 4 inches in excess.

The general rainfall was in the main due to three depressions which formed in the north of the Bay—two in the early part of the month and the third towards the end. The first was a fairly well-developed disturbance on the 1st with a centre almost due east from False Point and defect of between ·15 and ·2 inch in the central area, which lay over the north-west angle of the Bay. This depression followed the usual course to the north-west—very similar to that of its predecessors in August, and though rainfall was fairly general in Bengal after the passage inland, it was not heavy except at some of the western stations. While over the Bay the disturbance was slight, the strongest winds being 19 miles an hour at Diamond Island and Saugor Island on the 1st when a rather steep pressure gradient prevailed.

Pressure rose briskly on the 2nd and 3rd, and the distribution had become normal or slightly above except in the extreme south-east of the Bay, where the second disturbance was beginning. Pressure was falling in Burma; the winds were north-westerly, showing the probable approach of a low-pressure area, and very heavy rain fell at Tavoy. At that time the depression was very slight, and between the 3rd and 5th it was only faintly outlined by the coast observations. But on the 6th it was better defined over the north-west angle of the Bay, with a moderately steep gradient towards the south-east.

Up to the 6th the motion of the disturbance had been in the usual north-westerly direction: after that, however, a change occurred, which had an important influence on the rainfall distribution in Bengal. From the north-west angle it moved slowly northwards into the central districts, and there it almost entirely filled up, with general heavy rain in Bengal Proper. The period over which the rainfall due to that depression extended was from the 6th to the 11th in Lower Bengal, and somewhat longer in the northern districts.

After a rapid rise of pressure on the 9th and 10th, the depression had not only disappeared, but a moderate excess had developed over the Province. The pressure gradient over the Bay was less steep than usual, and comparatively settled weather prevailed. Rainfall was light and scattered in the southern districts, but in North Bengal heavy rain fell almost daily and at times extended westward into Bihar.

During the third week unsettled conditions reappeared over the Bay. Pressure was uniform or relatively low over the sea area, and light northerly winds continued from day to day both on the east coast and in parts of the west coast. This faint disturbance developed very slowly, and for a day or two about the 21st had almost disappeared, but from the 22nd, when the central area was near the head of the Bay, development became more rapid. The depression was still shallow on the 24th, when the centre was a short distance to the south of Saugor Island, and after rapid changes of pressure during the following 24 hours, a well-defined cyclonic disturbance was influencing weather over the Province and the head of the Bay.

The rapid deepening of the depression between the 24th and 25th is difficult to account for, but the pressure changes on the latter date were of the kind that would suggest the

movement of a depression from the north-east to south-west; that is, a rapid rise of pressure was shown over Assam and North Bengal and a rapid fall in South-West Bengal and Chota Nagpur, while on the Orissa coast and apparently over the north of the Bay changes were much smaller. The heavy rainfall in North Bengal and the low temperature showed that weather was unsettled in the north-eastern districts, and the rapid steepening of the pressure gradient from north to south over the Province supports the probability that the sudden development of the disturbance between the 24th and 25th was due to the junction of two small depressions—one from the Bay and the other from the north-east.

During the 25th the depression moved rapidly northwards, and on the morning of the 26th the central area was in the west of Bihar. The course followed was probably curved, and it is probable that the centre of the depression approached the Himalayas in a north-easterly direction. On reaching the hills the disturbance, as usual, to a large extent broke up, but there followed what is not so usual: a residual depression moved eastward along or parallel to the Himalayan range, and was shown in the extreme east of the Brahamaputra valley on the 28th.

The chief features of this disturbance were (1) it caused very little squally weather over the Bay, and it was only after the development on the 25th that strongish winds were experienced near the head of the Bay; (2) in its passage northwards over the western districts, and then eastward over Bihar and North Bengal heavy rainfall was general, more especially in North Bengal, where the after effects of the disturbance were experienced.

On the 28th pressure was still low along the Himalayas, but a rapid rise followed on the 29th, and all trace of the depression had then disappeared. The month closed with high pressure over the whole area and general fine dry weather.

*Pressure* for the whole month was practically normal over both the Province and the Bay. In the western districts, which came more under the influence of the depressions, means are relatively somewhat lower than in the north-east, but the variation is nowhere more than ·02 inch.

Depressions occurred more frequently than usual, especially in the early part of the month, but they were shallow except in the last case, towards the end of the month, when defect in the central area was about ·3 inch.

*Temperature* was more frequently above the normal in the southern districts, but in the north, where cloudy rainy weather was almost continuous, both maximum and minimum readings remained low, though not usually to any great extent. The variation from normal maximum temperature for the whole month varies from excess of 1° in South-West Bengal to defect of less than 1° in North Bengal. The variation in minimum temperature is very similar, but the defect extends westward into Bihar and is rather larger in North Bengal.

The mean variation was excess of 1° in South-West Bengal, Orissa, and Chota Nagpur, and defect of about 1° in North Bengal. Elsewhere mean temperature was practically normal.

Rainfall over the Province as a whole occurred in three periods except in North Bengal and the adjacent part of Bihar, where it was almost continuous and frequently heavy. In the first of these, that is, during the early days of the month, general light rainfall occurred, chiefly in the western districts because the depression to which it was due moved rapidly westward. On the second occasion about a week later the depression passed into the central districts and filled up there. In consequence the rainfall in Bengal was more general and heavy than during the previous disturbance. On the third, towards the end of the month, heavy rain fell in all parts of the Province, but more especially in the western and northern districts. The heaviest falls reported were 15 inches at Mongpoo, 12 inches at Darjeeling, Kalimpong, and Kurseong. Many stations received between 5 and 10 inches in 24 hours between the 25th and 27th, and one or two scattered stations in the western districts reported falls exceeding 10 inches.

The average fall was 25 inches in North Bengal, 13·6 in Bihar, 12·5 in East Bengal, 12 in Chota Nagpur, about 10 in South-West Bengal, and 7·3 in Orissa. These amounts are all in excess of the normal except the last, which is more than three inches in defect. Lower Bengal received about the normal amount, and there was a large excess in Chota Nagpur, Bihar, and North Bengal, especially North Bengal, where it was just under 10 inches.

The following table gives a condensed summary of the rainfall statistics of the present year up to date for each meteorological division, the first nine columns giving the actual average falls in each division for each month expressed as a percentage of the normal, while

the tenth column gives the actual rainfall of the first nine months as a percentage of the normal rainfall for that period :—

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograp and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All th thermometers are verified, and the readings have been corrected to a standard constructed and verified at th Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four fe above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, former at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

⌓ dew; d, drizzling rain.

No. 2210—73-4, dated Simla, the 13th October 1902.

NOTIFICATION—By the Government of India, Revenue and Agricultural Dept.

The following draft of a Notification which it is proposed to issue in exercise of the powers conferred by section 80 of the Indian Emigration Act, 1883 (XXI of 1883), is published, as required by section 81 of the said Act, for the information of persons likely to be affected thereby, and notice is hereby given that the draft will be taken into consideration by the Governor-General in Council on or after the 19th December 1902.

2. Any objection or suggestion which may be made by any person with respect to this draft before the date fixed as aforesaid will be considered by the Governor-General in Council.

*Draft Notification.*

In exercise of the powers conferred by section 80 of the Indian Emigration Act, 1883 (XXI of 1883), the Governor-General in Council is pleased to direct that the following amendments be made in the rules published with the Notification of the Government of India in the Department of Revenue and Agriculture, No. 94E., dated the 18th March 1886, as subsequently amended, namely:—

1. For rule 113 the following rule shall be substituted, namely:—

"113. (1) In every emigrant vessel there shall be at least two independently constructed main tanks, of not less than two thousand gallons capacity each, for the storage of the drinking-water for the emigrants and ship's crew. With the approval of the Marine Surveyor, such water may, in addition, be carried in the after-peak compartments, main ballast tanks and double-bottom compartments, other than those under the engines and boilers of steamships

Storing of drinking-water.

"(2) The maximum capacity allowed for any one main tank or after-peak compartment shall not exceed three thousand gallons, and that for any one main ballast tank or double-bottom compartment shall not exceed two-fifths of the total drinking-water required.

"(3) Every main tank, after-peak compartment, main ballast tank and double-bottom compartment shall be—

(*a*) so arranged that it can be properly examined by the Marine Surveyor,

(*b*) certified to be water-tight,

(*c*) fitted with a sounding pipe, and

(*d*) provided not only with a separate communication either by cock, valve or pipe so as to connect with the fresh-water pump, but also with a separate air pipe to admit of pumping out without the cover being opened, the air-pipe being turned down at the top or otherwise so made as to prevent dirt or sea-water getting through it to such tank or compartment.

"(4) No cock, valve or other connection having communication with the sea, holds or decks, other than those above specified as necessary for sounding, emptying or airing such tanks or compartments, shall be fitted inside such tanks or compartments, and the pump used for pumping the drinking-water out of them shall not be used for any other purpose."

2. In Schedule A of the Appendix, for the entry relating to water-tanks the following entry shall be substituted, namely:—

"*Water-tanks.*—The soundness, purity and capacity of main tanks or other fixed receptacles for drinking-water shall be examined and certified by the Marine Surveyor. Receptacles for water that form part of the hull of any emigrant vessel other than approved after-peak compartments, main ballast tanks and double-bottom compartments shall not contain drinking-water for either emigrants or ship's crew."

No. 25—38-11, dated Simla, the 13th October 1902.

RESOLUTION—By the Government of India, Revenue and Agricultural Department.

RESOLUTION.—In Resolution No. 13—38-2, dated the 9th May 1902, the Government of India published extracts from an Act passed by the Commonwealth of Australia, entitled "The Immigration Restriction Act, 1901," which had for its object the restriction of the immigration of aliens into Australia. In section 6 of that Act it is provided that a prohibited immigrant within the meaning of section 3 (*a*) of the Act, viz., a person who cannot write in an European language at dictation, may be allowed to enter the Commonwealth if he deposits the sum of one hundred pounds. In section 6 (*b*) it is enacted that he must within thirty days after depositing such sum obtain from the Minister a certificate of exemption in a specified form. The Act does not, however, indicate the principles on which these certificates of exemption are to be granted. The Governor-General in Council therefore addressed an enquiry to the Australian Government on the subject, and has received the following reply, which is published for the information of Natives of India who may wish to visit Australia.

2. It will be observed from the explanation furnished by the Government of the Commonwealth that the exemptions allowed are of a purely temporary character.

*From the Secretary, Department of External Affairs, Commonwealth of Australia, No. A.02-126, dated the 18th August 1902.*

I have the honour to inform you that your letter of the 16th July 1902 has been referred by the Secretary, Department of Home Affairs, to me, as the Immigration Restriction Act, 1901, is administered by this Department.

In reply to your query I have to inform you that section 6 of the Act is intended to apply to cases of persons arriving in the Commonwealth and proposing to remain for a limited period only within its borders. These persons, such as merchants, servants of officers, etc., may have omitted to provide themselves beforehand with a certificate of exemption from this Government.

Those certificates are granted to persons of the classes mentioned on the Government being satisfied of their *bonâ fides*. They are strictly limited as to time, and on their expiry the holder must either obtain an extension (which can only be granted under special circumstances, and for a short period) or leave the Commonwealth.

As it would probably cause considerable inconvenience were the persons who have so omitted to obtain certificates refused a landing, section 6 was inserted in the Act to give them the opportunity of applying to the Government for a certificate. The deposit mentioned in section 5 is necessary in such cases to satisfy the Government as to the *bonâ fides* of the applicant.

IN consequence of the transfer of the Plague Inspection Camp from Hirok to Sibi, for the winter, and in exercise of the powers conferred upon him by the Notification of the Foreign Department No. 809I.A., dated the 1st March 1897, the Hon'ble the Agent to the Governor-General and Chief Commissioner is pleased to make the following temporary regulations under section 2, clause (1) of the Epidemic Diseases Act, 1897, with effect from the 15th October 1902 :—

I. Passengers by rail from India, except such Government employés travelling on duty as are exempted, are forbidden to alight at the following stations—

| | | |
|---|---|---|
| Jhatput. | Nuttal. | Lindsay. |
| Temple Dera. | Bellpat. | Mithri. |

NOTE.—*Government and Railway servants although travelling on duty are not exempt from this restriction unless they are in possession of certificates signed by a British Officer of their Department that they have not visited a plague-infected place within the previous ten days.*

II. No railway tickets to places between Jhatput and Mithri or to Sibi and beyond shall be issued from the stations mentioned in paragraph I above.

NOTE.—*Officials of the Sibi Tahsil travelling within the limits of the Sibi Tahsil who hold a certificate to this effect from the Political Agent in Thal-Chotiali are exempt from the provisions of this rule.*

III. In the absence of special permission to the contrary, all passengers from India will be required to undergo medical inspection at Sibi before they are allowed to enter Kalat territory or proceed on their journey by railway or otherwise.

This office notification No. 3298, dated the 15th April 1902, as modified by Addendum No. 4528, dated the 23rd May 1902, is hereby cancelled.

# THE HOWRAH ELECTRIC LIGHTING LICENSE, 1902.

PRELIMINARY.

1. This license may be cited as the Howrah Electric Lighting License, 1902.

2. This license is to be read and construed subject, in all respects, to the provisions of the Calcutta Electric Lighting Act, 1895, and the several words, terms, and expressions, to which, by that Act, meanings are assigned, shall have, in this license, the same respective meanings, provided that in this license

The expression "the Act" shall mean the said Calcutta Electric Lighting Act, 1895.

The expression "energy" shall mean electrical energy, and, for the purposes of applying the provisions of the Act to this license, electrical energy shall be deemed to be an agency within the meaning of electricity as defined in the Calcutta Electric Lighting Act, 1895.

The expression "power" shall mean electrical power, or the rate per unit of time at which energy is supplied.

The expression "main" shall mean any electric line, which may be laid down by the undertakers in any street or public place, and through which energy may be supplied, or intended to be supplied, by the undertakers for the purposes of general supply.

The expression "service line" shall mean any electric line, through which energy may be supplied, or intended to be supplied, by the undertakers, to a consumer, either from any main, or directly from the premises of the undertakers.

The expression "distributing main" shall mean the portion of any main which is used for the purpose of giving origin to service lines for the purposes of general supply.

The expression "general supply" shall mean the general supply of energy to ordinary consumers, and, unless otherwise specially agreed with the local authority, to the public lamps, but shall not include the supply of energy to any one or more particular consumers under special agreement.

The expression "area of supply" shall mean the area within which the undertakers are, for the time being authorised to supply energy under the provisions of this license.

The expressions "first schedule," "second schedule," "third schedule," and "fourth schedule" shall mean the first, second, third and fourth schedules to this license annexed, respectively.

The expression "deposited map" shall mean the map of the area of supply deposited with the Local Government by the undertakers, together with the license, and signed by ... *

For the purpose of this license, the word "plan" shall be held to mean a plan drawn to a horizontal scale of at least 1 inch to 100 feet, and a section drawn to a vertical scale of at least 1 inch to 10 feet, with such detail, plan, and section as may be necessary.

3. This license shall come into force, and have effect, upon the day when the notification, confirming this license, is published in the *Calcutta Gazette*, which date is, in this license, referred to as "the commencement of this license," and this license shall continue in force from that date until the 27th day of October 1923.

*Address and description of the undertakers.*

4. The undertakers for the purpose of this license are Messrs. Kilburn and Company, on behalf of "The Calcutta Electric Supply Corporation, Limited," being a Company registered under the English Companies Act, 1862 and 1890, with limited liability and having its registered office at Salisbury House, London Wall, London, E. C., with a local office and accredited Agents at 4, Fairlie Place, Calcutta.

Provided that, if the undertaking, or any part thereof, is at any time purchased by, or transferred to, any other body, or persons, in accordance with the provisions of this license, or of the Act, such body or persons shall, from the date of such purchase or transfer, be the undertakers in relation to such undertaking, or part thereof, for the purposes of this license, in lieu of the undertakers abovementioned.

The undertakers shall not, at any time, without the previous consent, in writing, of the Local Government, purchase, or acquire the undertaking of, or associate themselves with, any other Company or persons supplying, or intending to supply, energy within the Town of Howrah, and before applying for such consent, the undertakers shall give one month's notice of the application to every local authority, both in the undertakers' area of supply,

* The Secretary to the Government of Bengal, Public Works Department.
† A Company registered under the Companies Act should be so described.
‡ Name of district or City in which the area of supply is situated.

The expression "the Act" shall mean the said Calcutta Electric Lighting Act, 1895.

The expression "energy" shall mean electrical energy, and, for the purposes of applying the provisions of the Act to this license, electrical energy shall be deemed to be an agency within the meaning of electricity as defined in the Calcutta Electric Lighting Act, 1895.

The expression "power" shall mean electrical power, or the rate per unit of time at which energy is supplied.

The expression "main" shall mean any electric line, which may be laid down by the undertakers in any street or public place, and through which energy may be supplied, or intended to be supplied, by the undertakers for the purposes of general supply.

The expression "service line" shall mean any electric line, through which energy may be supplied, or intended to be supplied, by the undertakers, to a consumer, either from any main, or directly from the premises of the undertakers.

The expression "distributing main" shall mean the portion of any main which is used for the purpose of giving origin to service lines for the purposes of general supply.

The expression "general supply" shall mean the general supply of energy to ordinary consumers, and, unless otherwise specially agreed with the local authority, to the public lamps, but shall not include the supply of energy to any one or more particular consumers under special agreement.

The expression "area of supply" shall mean the area within which the undertakers are, for the time being authorised to supply energy under the provisions of this license.

The expressions "first schedule," "second schedule," "third schedule," and "fourth schedule" shall mean the first, second, third and fourth schedules to this license annexed, respectively.

The expression "deposited map" shall mean the map of the area of supply deposited with the Local Government by the undertakers, together with the license, and signed by ... *

For the purpose of this license, the word "plan" shall be held to mean a plan drawn to a horizontal scale of at least 1 inch to 100 feet, and a section drawn to a vertical scale of at least 1 inch to 10 feet, with such detail, plan, and section as may be necessary.

3. This license shall come into force, and have effect, upon the day when the notification, confirming this license, is published in the *Calcutta Gazette*, which date is, in this license, referred to as "the commencement of this license," and this license shall continue in force from that date until the 27th day of October 1923.

### *Address and description of the undertakers.*

4. The undertakers for the purpose of this license are Messrs. Kilburn and Company, on behalf of "The Calcutta Electric Supply Corporation, Limited," being a Company registered under the English Companies Act, 1862 and 1890, with limited liability and having its registered office at Salisbury House, London Wall, London, E. C., with a local office and accredited Agents at 4, Fairlie Place, Calcutta.

Provided that, if the undertaking, or any part thereof, is at any time purchased by, or transferred to, any other body, or persons, in accordance with the provisions of this license, or of the Act, such body or persons shall, from the date of such purchase or transfer, be the undertakers in relation to such undertaking, or part thereof, for the purposes of this license, in lieu of the undertakers abovementioned.

The undertakers shall not, at any time, without the previous consent, in writing, of the Local Government, purchase, or acquire the undertaking of, or associate themselves with, any other Company or persons supplying, or intending to supply, energy within the Town of Howrah, and before applying for such consent, the undertakers shall give one month's notice of the application to every local authority, both in the undertakers' area of supply,

* The Secretary to the Government of Bengal, Public Works Department.
† A Company registered under the Companies Act should be so described.
‡ Name of district or City in which the area of supply is situated.

and also in the area or district in which such other Company, or person supplies, or intends to supply, energy and every such local authority shall be entitled to be heard with respect to the application.

If the undertakers purchase, or acquire, any undertaking, or associate themselves with any other Company, or person, in contravention of the provisions of this clause, the Local Government may revoke this license upon such terms as it may think just.

*Area of supply.*

5 Subject to the provisions of this license, the area of supply shall be the whole of the area included in the first schedule, which said area is more particularly delineated upon the deposited map, and thereon coloured red.

6. The undertakers shall not, at any time after the commencement of this license, supply energy, or erect, or lay down, any electric lines, or works, beyond the area of supply otherwise than under a license granted by the Local Government under the Act.

If the undertakers supply energy, or erect, or lay down, electric lines, or works, in contravention of this section, the Local Government may revoke this license on such terms as it may think just.

*Security and Accounts.*

7. The undertakers, within a period of six months after the commencement of this license, and before exercising any of the powers by this license conferred on them in relation to the execution of works, shall show, to the satisfaction of the Local Government, that they are in a position fully and efficiently to discharge the duties and obligations imposed upon them by this license throughout the area of supply.

The undertakers shall, within six months after the commencement of this license, or such extended period as may be approved by the Local Government, and before exercising any of the powers conferred on them in relation to the execution of works, deposit, or secure, to the satisfaction of the Local Government, a sum equal to 10 per cent. of the probable outlay, subject to a limit of Rs. 20,000 in respect of the area of supply, or such sums, in respect of the several local authorities' districts, which are, wholly or partly, comprised in the area of supply, not exceeding in the aggregate twenty thousand rupees, as the Local Government may direct.

If, within any such period as aforesaid, the undertakers fail to show, to the satisfaction of the Local Government, that they are in such a position, as abovementioned, or fail to deposit or secure, such sum, or sums, as aforesaid, this license may be revoked by the Local Government as to the whole, or, with the consent of the undertakers, any part of the area affected thereby, upon such terms as it may think just.

Any sum or sums deposited or secured by the undertakers under the provisions of this section in respect of the area of supply, or of any such district, shall be repaid or released to them, from time to time, in equal moieties, when, and so soon as, it may be certified by an inspector, to be appointed by the Local Government, that amounts equal to the sums so to be repaid or released have been expended by the undertakers upon works executed for the purposes of the undertaking in such area or district, or that distributing mains have been duly laid down, in accordance with the provisions of this license, in every street, or part of a street, specified in that behalf in the second schedule, and situate in such area or district, or at such earlier dates, and by such instalments, as may, from time to time, be approved by the Local Government.

8. The undertakers shall, except with the special approval of the Local Government, to be previously given, at all times keep accounts of the capital employed for the purposes of the undertaking, distinct from the accounts kept by them in respect of any other undertaking or business.

*Nature and mode of supply.*

9. Subject to the provisions of this license and the Act, the undertakers may supply energy within the area of supply for all public and private purposes as defined by the Act, provided as follows :—

(*a*) Such energy shall be supplied only by means of some system which shall be approved of by the Local Government, and subject to such regulations and conditions for securing the safety of the public, and for insuring a proper and sufficient supply of energy, as the Local Government may, from time to time, impose.

(*b*) The undertakers shall, in the use of electric power for the working of any tramway under the provisions of this license, employ either insulated metallic returns, or uninsulated metallic returns of low resistance, save in the case of any tramways or tramroads worked by the undertaking in which the motive power may be entirely self-contained.

(*c*) The undertakers shall take all reasonable precautions in constructing, placing and maintaining their electric lines and circuits, and other works of all descriptions, and also in working their undertaking so as not injuriously to affect, by fusion, or electrolytic action, any gas or water-pipes, or other metallic pipes, structures, or substances.

(*d*) The exercise of the powers by this license conferred, with respect to the use of electric power, shall be subject to the regulations set forth in this license, or under the said Act, and to any regulations which may be added thereto, or substituted therefor, respectively, by any order which the Local Government may make, from time to time, as, or when, they may think fit, for regulating the employment of insulated metallic returns of low resistance, for preventing fusion, or injurious electrolytic action of, or on, gas- or water-pipes or other metallic pipes, structures, or substances, and for minimising, as far as is reasonably practicable, injurious interference with the electric wires, lines, and apparatus of other parties, and the currents therein, whether such lines do, or do not, use the earth as a return.

(*e*) The undertakers using electric power contrary to the provisions of this license, or to any of the regulations set forth in the said Act, or to any regulation added thereto, or substituted therefor, by any order made by the Local Government under the authority of this license, or of the said Act, shall, for every such offence, be subject to a penalty not exceeding Rs. 100, and also, in the case of a continuing offence, to a further penalty not exceeding Rs. 50, for every day during which such offence continues after conviction thereof:

Provided, always, that, whether such penalty has been recovered or not, the Local Government, in case, in their opinion, the undertakers in the use of electric power under the authority of this license, have made default in complying with the provisions of this license, or of the said Act, or with any of the regulations aforesaid, may, by order, direct the undertakers to cease to use electric power, and thereupon the undertakers shall cease to use electric power, and shall not again use the same unless with the authority of the Local Government.

(*f*) The undertakers shall take all reasonable and proper precautions in constructing, placing, and maintaining their electric lines, circuits, and other works of any description, and in using their electric lines, circuits, and other works, so as not injuriously to interfere with the working of any wire, line, or apparatus from time to time used for the purpose of transmitting electric power, or of telegraphic, telephonic, or electric signalling communication, or the currents in such wire, line, or apparatus:

Provided, always, that the undertakers shall be deemed to take all such reasonable and proper precautions, as aforesaid, if, and so long as, they adopt, and employ at the option of the undertakers, either such insulated returns, or such uninsulated metallic returns of low resistance, and such other means of preventing injurious interference with the electric wires, lines, and apparatus of other parties, and the currents therein, as the Local Government shall direct; and in giving such directions, the Local Government shall have regard to the expense involved, and to the effect thereof upon the commercial prospects of the undertaking:

Provided, also, that, at the expiration of two years from the date on which the undertakers commence the public supply of electric power under the terms of this license, nothing in this sub-clause shall operate to give any right of action in respect of, or to protect any electric wires, lines, or apparatus, or the currents therein, unless, in the construction, erection, maintaining and working of such wires, lines, and apparatus, all reasonable and proper precautions, including the use of an insulated return, have been taken to prevent injurious interference therewith, and with the currents therein, by or from other electric currents.

If any difference arises between the undertakers and any other party with respect to anything in this sub-clause contained, such difference shall, unless the parties otherwise agree be determined by the Local Government, or at the option of the Local Government, by an arbitrator to be appointed by the Local Government, and the costs of such determination shall be in the discretion of the Local Government, or of the arbitrator, as the case may be.

(*g*) Nothing in this sub-section shall apply to the use of any electric wire, circuit, or work, of the undertakers used, or intended to be used, for the supply of energy for electric lighting purposes, or for the purpose of providing motive power for domestic use, so far as such use is limited to such purposes.

*Works.*

Powers for execution of works.

10. Subject to the provisions of this license and the Act, the undertakers may, from time to time, exercise all or any of the powers conferred on them by this license and the Act, and may break up such streets not repairable by the Local Government or by the local authority, and such railways, tramways, and bridges (if any), as are specified in the third schedule, and open and break up

any sewers, drains, or tunnels within, or under, such streets, railways, tramways, and bridges, so far as such streets, railways, tramways, and bridges may, for the time being, be included in the area of supply, and be, or be upon, land dedicated to public use: Provided, however, as respects any such railway, that the powers hereby granted shall extend only to such parts thereof as pass across, or along, any highway on the level.

Subject, as aforesaid, the undertakers may also, from time to time, construct distributing boxes in any street for the purpose of supplying energy. Every such distributing box shall be for the exclusive use of the undertakers, and under their sole control, except so far as the Local Government may otherwise order, and shall be used by the undertakers only for the purpose of leading off service lines and other distributing conductors, or for examining, testing, regulating, measuring, converting, directing, or controlling the supply of energy, or for examining or testing the condition of the mains or other portions of the works, or for other like purposes connected with the undertaking, and the undertakers may place therein meters, switches, and any other suitable and proper apparatus for any of the above purposes, and may maintain and use the same. All work in connection with such distributing boxes shall be done at such times, and in such manner, as will cause as little obstruction and inconvenience as circumstances permit.

Prohibition of overhead wires.

11. The undertakers shall not, without the express consent of the Local Government, place any electric line above ground, along, over, or across any street.

If the undertakers place any electric lines in contravention of this section, they shall be liable to a penalty not exceeding one hundred rupees for every such offence, and in the case of a continuing offence, to a further penalty not exceeding fifty rupees for every day after the first day during which such offence continues.

11A. Whenever the undertakers shall, with such consent as aforesaid, place any electric line above ground along, over, or across any street, they shall pay to the Corporation of Calcutta for every pole whereon such line shall be supported or carried along, over, or across such street, the annual rent of one rupee; and for every tripod whereon such line shall be so supported or carried, as aforesaid, the annual rent of two rupees; such rent to be paid on the first day of January in every year without deduction.

Notice of works with plan to be served on the Local Government and local authority.

12. Where the exercise of any of the powers of the undertakers in relation to the execution of any works (including the construction of distributing boxes) will involve the placing of any works in, under, along, or across any street or public bridge, repairable by the Local Government or by the local authority, the following provision shall have effect:—

(*a*) One month before commencing the execution of such works (not being the repairs renewals, or amendments of existing works of which the character and position are not altered), the undertakers shall serve the notice upon the Local Government or the local authority, prescribed by section 7 of the Act, describing the proposed works, together with a plan of the works, showing the mode and position in which such works are intended to be executed, and the manner in which it is intended that such street or bridge, or any sewer, drain, or tunnel therein or thereunder, is to be interfered with, and shall, upon being required to do so by the Local Government or the local authority, from time to time, give it, or them, any such further information in relation thereto as it, or they, may desire.

(*b*) The Local Government or the local authority may, in its, or their, discretion, approve of any such words or plan, subject to such amendments or conditions as may seem fit, or may disapprove the same, and may give notice of such approval or disapproval to the undertakers.

(*c*) If the Local Government or the local authority fail to give any such notice of approval or disapproval to the undertakers within one month after the service of the notice upon them, it, or they, shall be deemed to have approved such works and plan.

(*d*) Nothwithstanding anything in this license or the Act, the undertakers shall not be entitled to execute any such works as above specified, except so far as the same may be of a description, and in accordance with a plan, which has been approved, or is to be deemed to have been approved, by the Local Government and the local authority as abovementioned, under this license; but where any such works and such plan are so approved, or to be deemed to be approved, the undertakers may cause such works to be executed in accordance with such plan, subject, in all respects, to the provisions of this license and of the Act.

(*e*) If the undertakers make default in complying with any of the requirements or restrictions of this section, they shall (in addition to any other compensation

which they may be liable to make under the provisions of this license or the Act) make full compensation to the Local Government and the local authority for any loss or damage which it, or they, may incur by reason thereof, and in addition thereto they shall be liable to a penalty not exceeding one hundred rupees for every such default, and, in the case of a continuing offence, to a further penalty not exceeding fifty rupees for every day after the first day during which such default continues: Provided that the undertakers shall not be subject to any such penalties as aforesaid if the court, having cognizance of the case, shall be of opinion that the case was one of emergency, and that the undertakers complied with the requirements of this section so far as was reasonable under the circumstances.

For the purposes of this license the word "plan" shall be held to mean a plan drawn to a horizontal scale of at least 1 inch to 100 feet, and a section drawn to a vertical scale of at least 1 inch to 10 feet, with such detail, plan, and section as may be necessary.

As to breaking up streets not repairable by Local Government or local authority, railways, and tramways.

13. Where the exercise of the powers of the undertakers in relation to the execution of any works will involve the placing of any works in, under, along, or across any street, or part of a street, not repairable by the Local Government or the local authority, or over or under any railway, tramway, or canal, the following provisions shall have effect, unless otherwise agreed between the parties interested:—

(*a*) Fourteen days before commencing the execution of any such works (not being the repairs, renewals, or amendments of existing works of which the character and position are not altered), the undertakers shall, in addition to any other notices which they may be required to give under this license or the Act, serve a notice upon the body or person liable to repair such street, or part of a street, or the body or person for the time being entitled to work such railway or tramway, or the owners of such canal (as the case may be), in this section referred to as the "owners," describing the proposed works, and stating the amount of compensation (if any) proposed to be made in respect thereof, and the manner in which such compensation is proposed to be paid or secured, together with a plan of the works, showing the mode and position in which such works are intended to be executed and placed, and shall, upon being required to do so by any such owners, from time to time, give them any such further information in relation thereto as they may desire.

(*b*) Every such notice shall contain a reference to this section, and direct the attention of the owners to whom it is given to the provisions thereof.

(*c*) Within one month after the service of any such notice and plan upon any owners, such owners may, if they think fit, serve a requisition upon the undertakers requiring that any question in relation to such works and any other question arising upon such notice or plan as aforesaid shall be settled by arbitration; and thereupon such question shall be settled by arbitration accordingly.

(*d*) In settling any question under this section, an arbitrator shall have regard to any duties or obligations which the owners may be under in respect of such street, railway, tramway, or canal, and may, if he thinks fit, require the undertakers to execute any temporary or other works, so as to avoid any interference with any traffic, so far as may be possible.

(*e*) Where no such requisition, as in this section mentioned, is served upon the undertakers, or where, after any such requisition has been served upon them, any question required to be settled by arbitration has been so settled, the undertakers may, upon paying or securing any compensation which they may be required to pay or secure in the manner proposed by them, or settled by arbitration as aforesaid, cause to be executed the works specified in such notice and plan as aforesaid, and may, from time to time, repair, renew, and amend the same (provided that their character and position are not altered), but subject, in all respects, to the provisions of this license and the Act, and only in accordance with the notice and plan so served by them as aforesaid, or such modifications thereof, respectively, as may have been settled by arbitration, as hereinbefore mentioned, or as may be agreed upon between the parties.

(*f*) If the undertakers make default in complying with any of the requirements or restrictions of this section, they shall (in addition to any other compensation which they may be liable to make under the provisions of this license or the Act) make full compensation to the owners effected thereby for any loss or damage which they may incur by reason thereof, and in addition thereto they shall be a liable to penalty not exceeding one hundred rupees for every such default, and, in the case of a continuing offence, to a further penalty not exceeding fifty rupees for every day after the first day during which such default continues: Provided that the undertakers shall not be

subject to any such penalties, as aforesaid, if the court, having cognizance of the case, shall be of opinion that the case was one of emergency, and that the undertakers complied with the requirements of this section, so far as was reasonable under the circumstances.

14. The undertakers may, from time to time, alter the position of any pipes (not forming part of any main sewer of the local authority), or any wires, being under any street or place authorised to be broken up by them, which may interfere with the exercise of their powers under the Act or this license; and anybody or person may, in like manner, alter the position of any electric lines or works of the undertakers, being under any such street or place, as aforesaid, which may interfere with the lawful exercise of any powers vested in such body or person in relation to such street or place, subject to the following provisions, unless otherwise agreed between the parties interested:—

(*a*) Fourteen days before commencing any such alteration, the undertakers, or such body or person (as the case may be), in this section referred to as "the operators," shall serve a notice upon the body or person for the time being entitled to such pipes, wires, electric lines, or works (as the case may be), in this section referred to as "the owners," describing the proposed alteration, and *stating the amount of compensation* (if any) proposed to be made in respect thereof, and the manner in which such compensation (if any) is proposed to be paid or secured, together with a plan showing the manner in which it is intended that such alterations shall be made, and shall, upon being required to do so by any such owners, from time to time, give them any such further information in relation thereto as they may desire.

(*b*) Within seven days after the service of any such notice and plan upon any owners, such owners may, if they think fit, serve a requisition upon the operators requiring that any question in relation to such works, *or any other question arising upon such notice or plan, as aforesaid, shall be settled by arbitration, and thereupon such question shall be settled by arbitration accordingly.*

(*c*) In settling any question under this section, an arbitrator shall have regard to any duties or obligations which the owners may be under in respect of such pipes, wires, electric lines or works, and may, if he thinks fit, require the operators to execute any temporary or other works, so as to avoid interference with any purpose for which such pipes, wires, electric lines, or works are used, so far as may be possible.

(*d*) Where no such requisition, as in this section mentioned, is served upon the operators, the owners shall be held to have agreed to the notice or plan served on them as aforesaid, and in such case, or where, after any such requisition has been served upon them, any question required to be settled by arbitration has been so settled, the operators, upon paying or securing any compensation which they may be required to pay or secure in the manner proposed by them, or settled by arbitration, as aforesaid, may cause the alterations specified in such notice and plan, as aforesaid, to be made, but subject, in all respects, to the provisions of this license and the Act, and only in accordance with the notice and plan so served by them, as aforesaid, or such modifications thereof, respectively, as may have been settled by arbitration, as hereinbefore mentioned, or as may be agreed upon between the parties.

(*e*) At any time, before any operators are entitled to commence any such alterations as aforesaid, the owners may serve a statement upon the operators, stating that they desire to execute such alterations themselves, and where any such statement has been served upon the operators, they shall not be entitled to proceed, themselves, to execute such alteration, except where they have notified to such owners that they require them to execute such alterations, and such owners have refused or neglected to comply with such notification, as hereinafter provided.

(*f*) Where any such statement, as last aforesaid, has been served upon the operators, they shall, not more than forty-eight hours, and not less than twenty-four hours before the execution of such alterations is required to be commenced, serve a notification upon the owners, stating the time when such alterations are required to be commenced, and the manner in which such alterations are required to be made.

(*g*) Upon receipt of any such notification as last aforesaid, the owners may proceed to execute such alterations as required by the operators, subject to the like restrictions and conditions as the operators would themselves be subject to in executing such alterations, so far as the same may be applicable.

(*h*) If the owners decline, or, for twenty-four hours after the time when any such alterations are required to be commenced, neglect to comply with such notification, the operators may, themselves, proceed to execute such alterations, in like manner as they might have done if no such statement, as aforesaid, had been served upon them.

(*i*) Expenses incurred by any owners in complying with any notification of any operators under the last preceding sub-sections shall be repaid to them by such operators, and may be recovered through a court of competent jurisdiction.

(*j*) Any owners may, if they think fit, by any statement served by them upon any operators under this section, require the operators to give them such security for the repayment to them of any expenses to be incurred by them in executing any alterations as abovementioned as may be agreed upon between such owners and operators, or, in default of agreement, as may be determined by arbitration, and where any operators have been so required to give security, they shall not be entitled to serve a notification upon the owners requiring them to execute such alterations until such security has been duly given.

(*k*) If the operators make default in complying with any of the requirements or restrictions of this section, they shall (in addition to any other compensation which they may be liable to make under the provisions of this license or the Act) make full compensation to the owners affected thereby for any loss, damage, or penalty which they may incur by reason thereof, and, in addition thereto, they shall be liable to a penalty not exceeding one hundred rupees for every such default, and, in the case of a continuing offence, to a further penalty not exceeding fifty rupees for every day after the first day during which such default continues: Provided that the operators shall not be subject to any such additional penalties, as aforesaid, if the Court, having cognizance of the case, shall be of opinion that the case was one of emergency, and that the operators complied with the requirements of this section so far as was reasonable under the circumstances.

Laying of electric lines, &c., near pipes for gas or water, and near sewers, drains, &c.

15. Whenever the undertakers require to dig or sink any trench for laying down any new electric lines (other than service lines), or other works, near to which any pipe, sewer, drain, watercourse, defence, or work under the jurisdiction or control of the Local Government, or of any local authority, or belonging to any duly authorized Company, or any branch, or service pipe for the supply of gas or water, has been lawfully placed, or where any duly authorized Company requires to dig, or sink, any trench for laying down any new mains or pipes other than service pipes, or other apparatus, near to which any lines or works of the undertakers have been lawfully placed, the undertakers, or such duly authorised Company (as the case may be) in this section referred to as the "operators," shall, unless otherwise agreed between the parties interested, give to the Local Government or local authority, or to such only authorized Company, or to the undertakers (as the case may be), in this section referred to as the "owners," not more than forty-eight hours, and not less than twenty-four hours' notice before commencing to dig or sink such trench as aforesaid, and such owners shall be entitled, by their officer, to superintend the digging or sinking of such trench, and the operators shall conform with such reasonable requirements as may, from time to time, be made by the owners, or such officer, for the protection of every such sewer, drain, watercourse, defence, pipe, electric line, or work, and for securing the same from injury, and they shall also, if required to do so by the owners thereof, repair any damage that may be done thereto.

If the operators make default in complying with any of the requirements or restrictions of this section, they shall make full compensation to all owners affected thereby for any loss or damage which they may incur by reason thereof, and, in addition thereto, they shall be liable to a penalty not exceeding one hundred rupees for every such default, and, in the case of a continuing offence, to a further penalty not exceeding fifty rupees for every day after the first day during which such default continues: Provided that the operators shall not be subject to any such penalty if the court, having cognizance of the case, shall be of opinion that the case was one of emergency, and that the operators complied with the requirements and restrictions of this section, as far as was reasonable under the circumstances, or that the default in question was due to the fact *that the operators were ignorant of the position* of the sewer, drain, watercourse, defence, pipe, electric line, or work affected thereby, and that such ignorance *was not owing to any negligence on the part of the operators.*

16. Seven days before commencing to lay down, or place, any electric line, or to use any electric line in any manner, whereby the work of telegraphic, or telephonic, or electric signalling communication through any wire or line, lawfully laid down, or placed in any position, may be injuriously affected, the undertakers shall, unless otherwise agreed between the parties interested, give to the owner of such wire or line, notice in writing, specifying the course, nature and gauge of such electric line, and the manner in which such electric line is intended to be used, and the amount and nature of the currents intended to be transmitted thereby, and the extent to, and manner in which (if at all), earth returns are proposed to be used, and any owner entitled to receive such notice, may, from time to time, serve a requisition in the undertakers, requiring them to adopt such precautions as may be therein specified in regard to the laying, placing, or user of such electric line, for the purpose of preventing such injurious affection; and the undertakers shall conform with such reasonable requirements as

may be made by such owner for the purpose of preventing the communication through such wire or line from being injuriously affected, as aforesaid.

If any difference arises between any such owner and the undertakers with respect to the reasonableness of any requirements so made, such difference shall be determined by arbitration:

Provided that nothing in this sub-section shall apply to repairs or renewals of any electric line, so long as the course, nature, and gauge of such electric line, and the amount and nature of the current transmitted thereby, are not altered.

If the undertakers make default in complying with any of the requirements or restrictions of this section, they shall make full compensation to the body or person entitled to any such wire or line, for any loss or damage which they may incur by reason thereof, and, in addition thereto, they shall be liable to a penalty not exceeding fifty rupees for every such default, and, in the case of a continuing offence, to a further penalty not exceeding twenty rupees for every day after the first day during which such default continues: Provided that the undertakers shall not be subject to any such penalties as aforesaid if the Court, having cognizance of the case, shall be of opinion that the case was one of emergency, and that the undertakers complied with the requirements and restrictions of this section so far as was reasonable under the circumstances, or that the default in question was due to the fact that the undertakers were ignorant of the position of the wires or lines affected thereby, and that such ignorance was not owing to any negligence on the part of the undertakers.

*Compulsory works.*

Mains, &c., to be laid down in streets specified in the second schedule.

17. The undertakers shall, within a period of two years after the commencement of this license, lay down suitable and sufficient distributing mains for the purposes of general supply throughout every street, or part of a street, specified in that behalf in the second schedule, and shall thereafter maintain the same.

Mains to be laid down in remainder of area of supply.

18. In addition to the mains specified in the last preceding section, the undertakers shall, at any time after the expiration of eighteen months after the commencement of this order, lay down suitable and sufficient distributing mains, for the purposes of general supply, throughout every other street, or part of a street, within the area of supply, upon being required to do so in manner by this license provided.

All such mains as last abovementioned shall be laid down by the undertakers within six months after any requisition in that behalf served upon them in accordance with the provisions of this license has become binding upon them, or such further time as may, in any case, be approved of by the Local Government.

If undertakers fail to lay down mains, &c., license may be revoked.

19. If the undertakers make default in laying down any mains in accordance with the provisions of this license within the periods prescribed in that behalf, respectively, they shall be liable to a penalty not exceeding fifty rupees in respect of each such default for each day during which such default continues, and, if the Local Government are of opinion in any case, that such default is wilful, and unreasonably prolonged, they may themselves, or upon the application of the local authority, revoke this license as to the whole, or with the consent of the undertakers, any part of the area of supply, or, if the undertakers so desire, may, after having given an opportunity to the local authority to make representations and objections with reference thereto, suffer the same to remain in force as to such area or part thereof, subject to such conditions as they may think fit to impose, and any conditions so imposed shall be binding on, and observed by, the undertakers, and shall be of the like force and effect in every respect as though they were contained in this license.

Manner in which requisition is to be made.

20. Any requisition requiring the undertakers to lay down distributing mains for the purposes of general supply throughout any street, or part of a street, under the last preceding sections, may be made by six or more owners or occupiers of premises along such street, or part of a street, or, where the Local Government or the local authority has the control and management of the public lamps in such street, or part of a street, by the Local Government or the local authority.

Every such requisition shall be signed by the owners and occupiers making such requisition, or by the Local Government or the local authority (as the case may be), and shall be served upon the undertakers.

Forms of requisition shall be kept by the undertakers at their office, and a copy shall be supplied, free of charge, to any owner or occupier of premises within the area of supply, and to the Local Government and the local authority, on applying for the same, and any requisition so supplied shall be deemed valid in point of form.

Provisions on requisition by owners or occupiers.

21. When any such requisition is made by any such owners or occupiers, as aforesaid, the undertakers (if they think fit) may, within fourteen days after the service of the requisition upon them, serve a notice on all the persons by whom such requisition is signed, stating that they decline to be bound by such requisition, unless such persons, or some of them, will bind themselves to take a supply of energy for three years, of such amount in the aggregate (to be specified by the undertakers in such notice) as will, at the rates of

charge for the time being charged by the undertakers for a supply of energy from distributing mains to ordinary consumers within the area of supply, produce, annually, such reasonable sum as shall be specified by the undertakers in such notice: Provided that, in such notice, the undertakers shall not be required to specify any sum amounting to less than twenty per centum upon the expense of providing, and laying down, the required distributing mains, and any other mains, or additions to existing mains, which may be necessary for the purpose of connecting such distributing mains with the nearest available source of supply.

Where such notice is served, the requisition shall not be binding on the undertakers unless, within fourteen days after the service of such notice on all the persons signing the requisition has been effected, or, in the case of difference, the delivery of the arbitrator's award, there be tendered to the undertakers an agreement, severally executed by such persons or some of them, binding them to take, for a period of three years at the least, such specified amounts of energy, respectively, as will, in the aggregate, at the rates of charge above specified, produce an annual sum amounting to not less than twenty per centum upon the expense of providing and laying down such distributing mains, or other mains, as above-mentioned, nor unless sufficient security for the payment, to the undertakers, of all moneys which may become due to them from such persons under such agreement, is offered to the undertakers (if required by them by such notice, as aforesaid) within the period limited for the tender of the agreement as aforesaid.

If any difference arises between the undertakers and any persons signing any such requisition as to the reasonableness of the amount specified by the undertakers in their notice, or as to the sufficiency of any security offered to them under the section, such difference shall be determined by arbitration.

Provisions on requisition by Local Government or local authority.

22. Where any such requisition is made by the Local Government or the local authority, it shall not be binding on the undertakers unless, at the time when such service is effected, or within fourteen days thereafter, there be tendered to the undertakers (if required by them) an agreement executed by the Local Government or the local authority, and binding them to take, for a period of three years at the least, a supply of energy for lighting such public lamps in the street, or part of a street, in respect of which such requisition is made, as may be under their management or control.

Map of area of supply to be made.

23. The undertakers shall forthwith, after commencing to supply energy under this license, cause a map to be made of the area of supply on a horizontal scale of at least 1 inch to 100 feet, and shall cause to be marked thereon the line of all their then existing mains, service lines, and other underground works and distributing boxes, and shall, once in every year, cause such map to be corrected, and such additions to be made thereto, as will show the line of all their then existing mains, service lines, and other underground works and distributing boxes.

Deposit and inspection of maps.

24. Every map so made, or corrected, for the undertakers, or a copy thereof, with the date expressed thereon of the last time when it was so corrected, shall be kept by the undertakers at their principal office within the area of supply, and a copy of every such map shall, within one month after such map is made or corrected, be served by the undertakers upon the Local Government and upon the local authority.

Every copy of the said map, as last corrected, which may be served upon the local authority, shall be kept by them at their office, and shall, at all reasonable times, be open to the inspection of all applicants, and such applicants may take copies of the same or any part thereof. The local authority may demand, and take from every such applicant, as aforesaid, such fee, not exceeding one rupee, for each inspection of such map or copy, and such further fee, not exceeding one rupee, for each copy of the same, or any part thereof, taken by such applicant, as they may, from time to time, prescribe.

Penalty on undertakers in respect of maps, &c.

25. If the undertakers fail to comply with any of the requirements of the last preceding sections of this license with respect to maps, they shall, for every such offence, be liable to a penalty not exceeding one hundred rupees, and to a further penalty not exceeding twenty rupees for every day, after the first day, during which such offence continues.

*Testing.*

Appointment of electric inspectors by Local Government.

26. The Local Government shall, from time to time, appoint, and keep appointed, one or more competent and impartial persons to be electric inspectors for the purpose of inspecting electric lines and works, and of certifying meters under this order.

Remuneration of electric inspectors.

27. The Local Government shall pay to every electric inspector appointed under this license such reasonable remuneration (if any) as they may, from time to time, determine, and such remuneration may be in addition to, or in substitution for, any fees which are directed to be paid to electric inspectors for services rendered by them under this license, as may be settled by the authority by whom such remuneration is determined: Provided that, where any such remuneration is settled to be in substitution for such fees as aforesaid, such fees shall, in lieu of being paid to such electric inspector for his own use, be due, and paid to him on behalf, and for the use of the Local Government, and shall be deposited by them in the public treasury.

28. Every electric inspector, if and when required to do so by the authority by whom he is appointed, shall, from time to time, test, for insulation and conductivity, any portion of any main of the undertakers within the area of supply through which energy is, or is intended to be, supplied by them: Provided that such testing shall not be made in regard to any particular portion of a main oftener than once in any three months, unless in pursuance of a special order in that behalf made by the Local Government.

Testing of mains.

29. Every electric inspector, if and when required to do so by any person supplied with energy by the undertakers, shall, from time to time, test, for insulation and conductivity, any service lines by which such energy is supplied, and the efficiency of any joints in such service lines and make such other tests in relation to such service lines as may, from time to time, be approved of by the Local Government.

Testing of service lines.

30. Notice shall be given to the undertakers before the commencement of any testing by an electric inspector, and such testing shall be carried out at such suitable hours as, in the opinion of such inspector, will least interfere with the supply of energy by the undertakers, and in such manner as such inspector may think expedient, but, except under the provisions of a special order in that behalf made by the Local Government, he shall not be entitled to have access to, or interfere with, the mains of the undertakers at any points other than those at which the undertakers have reserved for themselves access to the said mains: Provided that the undertakers shall not be held responsible for any interruption in the supply of energy which may be occasioned by, or required by such inspector for the purpose of any such testing as aforesaid.

Mode of testing.

31. Every electric inspector shall, on the day immediately following that on which any testing has been completed by him under this license, make, and deliver, a report of the results of his testing, to the authority or person by whom he was required to make such testing, and to the undertakers, and such report shall be receivable in evidence.

Report of results of testing.

If the undertakers or any authority, company, or person are, or is, dissatisfied with any report of any electric inspector, they may appeal to the Local Government against such report, and thereupon the Local Government shall enquire into, and decide upon, the matter of any such appeal, and their decision shall be final and binding on all parties.

32. The undertakers shall, at such places within a reasonable distance from any distributing main, establish, at their own cost, such reasonable number of testing stations as the Local Government shall deem sufficient, for testing the supply of energy be the undertakers through such main, and shall place thereat proper and suitable instruments of a pattern to be approved by the Local Government, and shall connect such stations, by means of proper and sufficient electric lines, with such mains, and supply energy thereto, for the purpose of such testing.

Undertakers to establish testing stations.

33. The undertakers shall set up, and keep upon all premises from which they supply energy by any distributing mains, such suitable and proper instruments of such pattern and construction as may be, from time to time, approved of, or prescribed by, the Local Government, and shall, from time to time, take, and record, and keep recorded, such observations as the Local Government, from time to time, prescribe, and any observations so recorded shall be receivable in evidence.

Undertakers to keep instruments on their premises.

34. The undertakers shall keep in efficient working order all instruments which they are required by, or under, this license, to place, set up, or keep at any testing station, or on their own premises, and any electric inspector appointed under this license, may from time to time, examine and record the readings of such instruments at such times, and in such manner, as he may be directed by the authority by whom he is appointed, and any readings so recorded shall be receivable in evidence.

Readings of instruments to be taken.

35. Any electric inspector appointed under this license shall have the right to have access, at all reasonable hours, to the testing places and premises of the undertakers, for the purpose of testing the electric lines and instruments of the undertakers, and ascertaining if the same are in order, and in case the same are not in order, he may require the undertakers forthwith to have the same put in order.

Electric inspector may test undertaker's instruments.

36. The undertakers may, if they think fit, on each occasion of the testing of any main or service line, or the testing or inspection of any instruments of the undertakers by any electric inspector, be represented by some officer or other agent, but such officer or agent shall not interfere with the testing or inspection.

Representation of undertakers at testings.

37. All expenses of testing by an electric inspector, including such reasonable fees to the electric inspector as may, from time to time, be prescribed in that behalf by the local authority, with the approval of the Local Government, shall be paid by the undertakers, unless the report of the electric inspector, or, in the case of an appeal, the decision of the Local Government, shows that the local authority, or anybody or person supplied with energy, was guilty of any

Expenses of testing.

default or negligence, and in such case the expenses of the testing, including such fees as aforesaid shall be ascertained by a court of competent jurisdiction and paid by such local authority, body, or person as the court shall direct.

Undertakers to give facilities for testing.

38. The undertakers shall afford all facilities for the proper execution of this license with respect to testing and the readings and inspection of instruments, and shall comply with all the requirements of or under this license in that behalf, and in case the undertakers make default in complying with any of the provisions of this section, they shall be liable to a penalty not exceeding fifty rupees, and, in the case of a continuing offence, to a further penalty not exceeding ten rupees for every day, after the first day, during which such offence continues.

Remedying of defects in main, &c.

39. If, at any time, it appears to the Local Government that any mains, electric lines, or works of the undertakers are defective, and not in accordance with the regulations and conditions subject to which the undertakers are, for the time being, authorised to supply energy under this license, the Local Government may, by order in writing, require the undertakers to remedy such defect, so as to comply with such regulations and conditions, within such period as may be therein limited in that behalf, and, if the undertakers make default in remedying such defect within the time so limited, they shall be liable to a penalty not exceeding two hundred rupees for every day during which such default continues: provided that if such defect is, in the opinion of the Local Government, dangerous to public safety, they may also, by any such order, as aforesaid, forbid the use of such main, electric line, or work, from such date as may be specified in that behalf, until the defect is remedied, and, if the undertakers make use of any such main, electric line, or work, while the use thereof is so forbidden, they shall be liable to a penalty not exceeding one thousand rupees for every day during which such uses continue.

*Supply.*

Undertakers to furnish sufficient supply of energy to owners and occupiers within the area of supply.

40. The undertakers shall, upon being required to do so by the owners or occupiers of any premises situate within fifty yards from any distributing main of the undertakers in which they are, for the time being, required to maintain a supply of energy for the purposes of general supply to private consumers under this license, or any regulations and conditions subject to which they are authorised to supply energy under this license, give, and continue to give, a supply of energy for such premises, in accordance with the provisions of this license, and of all such regulations and conditions, as aforesaid, and they shall furnish, and lay any electric lines that may be necessary for the purpose of supplying the maximum power with which any such owner or occupier may be entitled to be supplied under this license, subject to the conditions following (that is to say), the cost of so much of any electric line for the supply of energy to any owner or occupier as may be laid upon the property of such owner or in the possession of such occupier, and of so much of any such electric lines as may be laid for a greater distance than sixty feet from any distributing main of the undertakers, although not on such property, shall be defrayed by such owner or occupier.

41. Every owner or occupier of premises requiring a supply of energy shall —

(*a*) serve a notice upon the undertakers, specifying the premises in respect of which such supply is required, and the maximum power required to be supplied, and the day (not being an earlier day than a reasonable time after the date of the service of such notice) upon which such supply is required to commence; and

(*b*) enter into a written contract with the undertakers (if required by them so to do) to continue to receive, and pay for, a supply of energy for a period of at least three years, of such an amount, that the rent payable for the same at the rate of charge for the time being charged by the undertakers for a supply of energy to ordinary consumers within the area of supply, shall not be less than twenty rupees per centum per annum on the outlay incurred by the undertakers in providing any electric lines required to be provided by them for the purpose of such supply, and give to the undertakers (if required by them so to do) security for the payment to them of all moneys which may, from time to time, become due to them by such owner or occupier in respect of any electric lines to be furnished by the undertakers, and in respect of energy to be supplied by them:

Provided, always, that the undertakers may, after they have given a supply of energy for any premises, by notice in writing, require the owner or occupier of such premises, within seven days after the date of the service of such notice, to give to them security for the payment of all moneys which may, from time to time, become due to them in respect of such supply, in case such owner or occupier has not already given such security, or in case any security given has become invalid, or is insufficient; and in case any such owner or occupier fail to comply with the terms of such notice, the undertakers may, if they think fit, discontinue to supply energy for such premises so long as such failure continues:

Provided, also, that if the owner or occupier of any such premises, as aforesaid, uses any form of lamp or burner, or uses the energy supplied to him by the undertakers for any purposes, or deals with it in any manner so as to unduly or improperly interfere with the

efficient supply of energy to any other body or person by the undertakers, the undertakers may, if they think fit, discontinue to supply energy to such premises so long as such user continues :

Provided, also, that the undertakers shall not be compelled to give a supply of energy to any premises unless they are reasonably satisfied that the electric lines, fittings, and works therein are in good order and condition, and not calculated to affect, injuriously, the use of energy by the undertakers or by other persons :

Provided, also, that in the event of any alterations of, or additions to, any electric lines, fittings, or works within such premises, as aforesaid, all such alterations or additions shall be notified to the undertakers by the occupiers before being connected to the source of supply, with a view to their being examined and tested.

If any difference arises between any such owner or occupier and the undertakers as to the reasonableness of the amount of any security required to be given, or as to the sufficiency of any security offered under this section, or as to the improper use of energy, or as to any alleged defect in any lines, fittings, or works, such difference shall be determined by arbitration.

Maximum power.

42. The maximum power with which any such consumer shall be entitled to be supplied shall be of such amount as he may, from time to time, require to be supplied with, not exceeding what may be reasonably anticipated as the maximum consumption on his premises :

Provided that, where any consumer has required the undertakers to supply him with a maximum power of any specified amount, he shall not be entitled to alter that maximum, except upon one month's notice to the undertakers, and any expenses incurred by the undertakers in respect of the service lines by which energy is supplied to the premises, of such consumer, or any fittings or apparatus of the undertakers upon such premises, consequent upon such alteration, shall be paid by him to the undertakers, and may be recovered summarily as a civil debt.

If any difference arises between any such owner or occupier and the undertakers as to what may be reasonably anticipated as the consumption on his premises, such difference shall be determined by arbitration.

Supply of energy to public lamps.

43. The undertakers, upon receiving reasonable notice from the Local Government or the local authority, requiring them to supply energy to any public lamps within the distance of seventy-five yards from any distributing main of the undertakers in which they are, for the time being, required to maintain a current of energy for the purposes of general supply under this license, or any regulations and conditions subject to which they are authorised to supply energy under this license, shall give, and continue to give, a supply of energy to such lamps in such quantities as the Local Government or the local authority may, from time to time require to be supplied.

Penalty for failure to supply.

44. Whenever the undertakers make default in supplying energy to any owner or occupier of premises to whom they may be, and are, required to supply energy, under this license, they shall be liable to a penalty not exceeding twenty rupees in respect of every such default for each day during which any such default occurs.

Whenever the undertakers make default in supplying energy to the public lamps to which they may be, and are, required to supply energy, under this license, they shall be liable to a penalty not exceeding twenty rupees in respect of every such default for each such lamp, and for each day during which any such default occurs.

Whenever the undertakers make default in supplying energy in accordance with the terms of any regulations and conditions subject to which they are authorized to supply energy under this license, they shall be liable to such penalties as may, by such regulations and conditions, be prescribed in that behalf :

Provided, always, that when such default is due to cyclones, or floods, or storms, or other causes not under the control of, or due to default of, the undertakers, no penalty shall be enforced if the undertakers show due diligence in resuming the supply :

Provided that the penalties to be inflicted on the undertakers under this section shall in no case exceed, in the aggregate, the sum of five hundred rupees in respect of any defaults not being wilful defaults on the part of the undertakers for any one day, and provided, also, that in no case shall any penalty be inflicted in respect of any default if the court, having cognizance of the case, shall be of opinion that such default was caused by inevitable accident, or *force majeure*, or was of so slight or unimportant a character as not materially to affect the value of the supply.

*Price.*

Methods of charging.

45. The undertakers may charge for energy supplied by them to any ordinary consumer (otherwise than by agreement)—

(1) by the actual amount of energy so supplied ; or

(2) by the electrical amount contained in such supply ; unless the Local Government, from time to time, otherwise direct ; or

(3) by the number of hours during which the supply of energy is actually used by such consumer, and the maximum power with which he is, for the time being, entitled to be supplied.

Provided that, before commencing to supply energy through any distributing main for the purposes of general supply, the undertakers shall give notice to the Local Government, and to the local authority, by what method they propose to charge for energy supplied through such main; and where the undertakers have given any such notice, they shall not be entitled to change such method of charging, except after one month's notice of such change has been given by them to the Local Government, and the local authority, and to every consumer of energy who is supplied by them from such main:

Provided, also, that when the undertakers have given notice to any consumer of charging him by the number of hours, and the maximum power, in manner above described such consumer, if he objects to that method of charge, may, by one month's notice in writing, require the undertakers to charge him by the actual quantity of energy supplied to him, and thereafter the undertakers shall not, except with the consumer's consent, charge him by any other method.

Maximum prices.

46. The prices to be charged by the undertakers for energy supplied by them shall not exceed those stated in that behalf in the fourth schedule, in the first, second, and third sections thereof, respectively: Provided that, if the Local Government are of opinion that, or the local authority, or the undertakers shall, at any time after the expiration of seven years after the commencement of this license, make a representation to the Local Government that the prices, or methods of charge stated in the said schedule ought to be altered, the Local Government, after such enquiry as they may think fit, may make an order varying the prices, or methods of charge, in lieu thereof, and the prices, or methods of charge so varied, or substituted, shall have effect on, and after, such day as may be mentioned in the order, as if they had been stated in the said schedule: Provided, also, that the prices, and methods of charge for the time being in force, may be altered, in like manner, at any time after the expiration of any, or every, period of seven years after the same were last altered.

Other charges by agreement.

47. Subject to the provisions of this license and of the principal Act, and the right of the consumer to require that he shall be charged according to some one or other of the methods abovementioned in cases where he is entitled to require a supply, the undertakers may make any agreement with a consumer as to the price to be charged for energy, and the mode in which such charges are to be ascertained, and may charge accordingly.

Price to public lamps.

48. The price to be charged by the undertakers, and to be paid to them for all energy supplied to the public lamps, and the mode in which such charges shall be ascertained, shall be settled by agreement between the Local Government or local authority and the undertakers, as the case may be, and, in the event of difference, by arbitration, regard being had to the circumstances of the case, and the distributing, or other mains (if any) which may have to be laid for the purpose, and the prices charged to ordinary consumers in the district.

*Meters and Apparatus.*

Meters to be used except by agreement.

49. The energy supplied by the undertakers to any ordinary consumers under this license, or the electrical quantity contained in such supply (according to the method by which the undertakers elect to charge), in this license referred to as "the value of the supply," shall, except as otherwise agreed between such consumer and the undertakers, be ascertained by means of an appropriate meter, duly certified under the provisions of this license.

Meters to be certified.

50. A meter shall be considered to be duly certified under the provisions of this license if it be certified by an electric inspector, appointed under this license, to be of some construction and pattern, and to have been fixed, and to have been connected with the service lines, in some manner approved of by the Local Government, and to be a correct meter; and every such meter is, in this order, referred to as a "certified meter:" Provided that where any alteration is made in any certified meter, or where any such meter is unfixed, or disconnected from, the service lines, such meter shall cease to be a certified meter unless, and until, it be again certified as a certified meter under the provisions of this license.

51. Every electric inspector, who may be required by the undertakers, or by any consumer, to examine any meter for the purpose of certifying the same as a certified meter under the provisions of this license, shall be entitled to demand, from the undertakers, or consumer, so requiring him and to be paid, such fees as may, from time to time, be determined, in that behalf, by the Local Government, before commencing such examination, and every electric inspector shall, upon being required so to do by the undertakers, or any such consumer, as aforesaid, examine any meter situate within the district for which he is appointed, if such fees are offered to him, as aforesaid, and shall certify the same as a certified meter if he considers it entitled to be so certified.

Undertakers to supply meters if required to do so.

52. Where the value of the supply is, under this license, required to be ascertained by means of an appropriate meter, the undertakers shall, if required so to do by the consumer, supply him with an appropriate meter, and shall, if required so to do, fix the same upon the premises of the consumer, and connect the service lines therewith, and procure such meter to be duly certified under the provisions of this license, and, for such purposes,

may authorize and empower any officer or person to enter upon such premises, and execute all necessary works, and do all necessary acts: Provided that, previously to supplying any such meter, the undertakers may require such consumer to pay to them a reasonable sum in respect of the price of such meter, or to give security therefor, or may require him to enter into an agreement for the hire of such meter as hereinafter provided, and also to pay to them a reasonable sum in respect of the expenses of fixing such meter, and connecting it with the service lines, and procuring the same to be certified under this license.

If any difference arises between the undertakers and any consumer under this section, such difference shall be determined by arbitration.

Meters not to be connected or disconnected without notice.

53. No consumer shall connect any meter used, or to be used, under this license, for ascertaining the value of the supply, with any electric line through which energy is supplied by the undertakers, or disconnect any such meter from any such electric line, unless he has given, to the undertakers, not less than forty-eight hours' notice in writing of his intention so to do, and if any person acts in contravention of this section, he shall be liable, for each offence to a penalty not exceeding twenty rupees.

Consumer to keep his meter in proper order.

54. Every consumer of energy supplied by the undertakers shall, at all times, at his own expense, keep all meters belonging to him, whereby the value of the supply is, under this license, to be ascertained, in proper order for correctly registering such value, and, in default of his so doing, the undertakers may cease to supply energy through such meter.

The undertakers shall have access to, and be at liberty to take off, remove, test, inspect, and replace, any such meter at all reasonable times: Provided that all reasonable expenses of, and incident to, any such taking off, removing, testing, inspecting and replacing, and the procuring such meter to be again duly certified where such re-certifying is thereby rendered necessary, shall, if the meter be found to be not in proper order, be paid by the consumer, but if the same be in proper order, all expenses connected therewith shall be paid by the undertakers.

Power to the undertakers to let meter.

55. The undertakers may let for hire any meter for ascertaining the value of the supply, and any fittings thereto, and any other apparatus required for their undertaking for such remuneration in money, and on such terms, with respect to the repair of such meter, or apparatus, and fittings, and for securing the safety and return, to the undertakers, of such meter, or apparatus, and fittings, as may be agreed upon between the hirer and the undertakers, or, in case of difference, be decided by the Local Government, and such remuneration shall be recoverable by the undertakers summarily as a civil debt.

Undertakers to keep meter let for hire in repair.

56. The undertakers shall, unless the agreement of hire otherwise provides, at all times, at their own expense, keep all meters, let for hire by them to any consumer, whereby the value of the supply is ascertained, in proper order for correctly registering such value, and, in default of their so doing, the consumer shall not be liable to pay rent for the same during such time as such default continues. The undertakers, shall, for the purposes aforesaid, have access to, and be at liberty to remove, test, inspect, and replace, any such meter at all reasonable times: Provided that the expenses of procuring any such meter to be again duly certified, where such re-certifying is, thereby, rendered necessary, shall be paid by the undertakers.

Differences as to correctness of meter to be settled by inspector, or Local Government officer.

57. If any difference arises between any consumer and the undertakers as to whether any meter, whereby the value of the supply is ascertained (whether belonging to such consumer or the undertakers) is, or is not, in proper order for correctly registering such value or as to whether such value, has been correctly registered, in any case, by any meter, such difference shall be determined, upon the application of either party, by an electric inspector, or, where the Local Government, are the consumers, by an officer to be appointed by the Local Government, who shall also order by which of the parties the costs of the proceedings before him shall be paid, and the decision of such inspector or officer shall be final and binding on all parties. Subject, as aforesaid, the register of the meter shall be conclusive evidence, in the absence of fraud, of the value of the supply.

Undertakers to pay expenses of providing new meters where method of charge altered.

58. Where any consumer who is supplied with energy by the undertakers from any distributing main is provided with a certified meter for the purpose of ascertaining the value of the supply, and the undertakers change the method of charging for energy supplied by them from such main, the undertakers shall pay to such consumer the reasonable expenses to which he may be put in providing a new meter for the purpose of ascertaining the value of the supply according to such new method of charging, and such expenses may be recovered by the consumer from the undertakers summarily as a civil debt.

Undertakers may place meters to measure supply, or to check measurement thereof

59. In addition to any meter which may be placed upon the premises of any consumer to ascertain the value of the supply, the undertakers may, from time to time, place upon his premises such meter, or other apparatus, as they may desire, for the purpose of ascertaining or regulating either the amount of energy supplied to such consumer, or the number of hours during which such supply is given, or the maximum amount of such supply, or any other quantity, or time, connected therewith: Provided that such meter shall be of

some construction and pattern, and shall be fixed and connected with the service lines in some manner approved by the Local Government, and shall be supplied and maintained entirely at the cost of the undertakers, and shall not, except by agreement, be placed otherwise than between the mains of the undertakers and the terminals on the consumer's premises at which the supply is given.

*Notices, &c.*

Notices, &c., may be printed or written.

60. Notices, orders, and other documents under this license may be in writing or in print, or partly in writing and partly in print, and where any notice, order, or document requires authentication by the local authority, the signature thereof by the Chairman or Secretary to the local authority shall be sufficient authentication.

Services of notices, &c.

61. Any notice, order, or document, required or authorised to be served upon any body or person under this license or the Act, may be served by the same being addressed to such body or person, and being left at, or transmitted through the post to, the following addresses, respectively:—

(*a*) In the case of the Local Government, the office of the Secretary in the Public Works Department.

(*b*) In the case of any local authority, the office of such local authority.

(*c*) In the case of the undertakers, or any other Company having a registered office, the registered office of the undertakers, or such Company.

(*d*) In the case of a Company having an office, or offices, but no registered office, any such office.

(*e*) In the case of any other person, the usual or last known place of abode of such person.

Where any notice is served by post, it shall be deemed to have been served at the time when the letter, containing the notice, would be delivered in the ordinary course of post, and, in proving such service, it shall be sufficient to prove that the letter containing the notice was properly addressed and put into the post.

A notice, order, or document, by this license required, or authorised, to be served on the owner, or occupier, of any of the premises, shall be deemed to be properly addressed if addressed by the description of the "owner" or "occupier" of the premises (naming the premises) without further name or description.

A notice, order, or document, by this license required, or authorised, to be served on the owner, or occupier, of premises, may be served by delivering the same, or a true copy thereof to some person on the premises, or if there is no person on the premises to whom the same can, with reasonable diligence, be delivered, by fixing the notice on some conspicuous part of the premises.

Termination of license by effluxion of time.

61A. If this license shall not be renewed at the end of the period for which it is hereby granted, the following provision shall have effect:—

(*a*) The local authority, or the Local Government, if they think fit, may, by notice in writing, require the undertakers to sell, and thereupon the undertakers shall sell to them the undertaking, or such part of it as is within the area of supply, upon terms of paying the then value of all lands, buildings, works, materials, and plant of the undertakers, suitable to and used by them, for the purposes of the undertaking within such area, or part thereof; such value being agreed, or estimated by arbitration, on the basis of the value of the undertaking as a going concern.

(*b*) If no purchase is effected by the Local Government or the local authority under the provisions aforesaid, the undertakers shall be at liberty to sell and dispose of the said undertaking, and all lands, buildings, works, materials, and plant, of the undertakers, to such persons, and in such manner, as to the undertakers, may seem fit, in their absolute discretion.

(*c*) If no purchase or sale shall be effected, the provisions of clause 65 (*e*) and (*f*) shall take effect, so far as they are applicable to the circumstances of the present clause (61A).

*Revocation of License.*

Revocation of license where undertakers are insolvent.

62. If, at any time, after the commencement of this license, the local authority make a representation to the Local Government, or the Local Government themselves are of opinion that the undertakers have made any default in executing works or supplying energy in accordance with the terms of the license, and that such default is in consequence of the insolvency of the undertakers, and that by reason of such insolvency the undertakers are unable, fully and effectually, to discharge the duties and obligations imposed upon them by this license, the Local Government shall enquire into the truth of such representation, and if, upon such enquiry, they are satisfied of the truth of such representation, they shall, upon the application of the local authority, or at their own discretion, revoke this license as to the whole, or, with the consent of the undertakers, as to any part of the area of supply.

Revocation of order where undertaking cannot be carried on with profit.

63. If, at any time, after the commencement of this license, the undertakers represent to the Local Government, or the Local Government are of opinion that the undertaking cannot be carried on with profit, and ought to be abandoned, the Local Government shall enquire into the truth of such representation, and if, upon such enquiry, they are satisfied of the truth of such representation, they may, if, in their discretion, they think fit, revoke this license as to the whole, or (with the consent of the undertakers and of the local authority) as to any part of the area of supply.

Revocation of order with consent.

64. In addition to any other powers which the Local Government may have in that behalf, they may revoke this license at any time with the consent and concurrence of the undertakers and the local authority of the area (if any) upon such terms as the Local Government may think just.

Provision where order revoked.

65. If the Local Government at any time revoke this license as to the whole, or any part, of the area of supply, under any of the provisions of this license, the following provisions shall have effect :—

(*a*) The Local Government shall serve a notice of such revocation upon the undertakers, and upon the local authority of the area (if any), and shall, in such notice, fix a date at which such revocation shall take effect, and, from and after such date, all the powers and liabilities of the undertakers under this license for the supply of energy, within such area, or part thereof, as aforesaid, shall absolutely cease and determine.

(*b*) Within one month after the service of such notice by the Local Government, the local authority, or the Local Government, if they think fit, may, by notice in writing, require the undertakers to sell, and thereupon the undertakers shall sell to them the undertaking, or such part of it as is within such area, or part thereof, as aforesaid, upon terms of paying the then value of all land, buildings, works, materials and plant, of the undertakers, suitable to, and used by, them for the purposes of the undertaking, within such area, or part thereof; such value being agreed or estimated by arbitration, on the basis of the value of the undertaking as a going concern.

(*c*) Where no purchase is effected by the Local Government or the local authority under the provisions of the last sub-section, and any other local authority, Company, or person, is willing to purchase the undertaking, or such part of it, as aforesaid, the Local Government, if they think fit, may, with the consent of the undertakers, or without the consent of the undertakers, in case the price is not less than that for which the Local Government, or the local authority, might have purchased the same under this section, direct that the undertaking, or such part thereof, as aforesaid shall be so transferred.

(*d*) Where any purchase is effected, or any transfer is directed under the preceding provisions of this section, the undertaking, or part thereof, so purchased or transferred, shall vest in the purchasers or transferees thereof, freed from any debts, mortgages, or similar obligations of the undertakers, or attaching to the undertaking; and the revocation of this license, as to the whole of the area of supply or such part thereof, as aforesaid, shall extend only to the revocation of the rights, powers, authorities, duties, and obligations of the undertakers from whom the undertaking, or such part thereof, as aforesaid, is purchased or transferred, in relation to the supply of energy within such area, or part thereof, and, save as aforesaid, this license shall remain in full force within such area, or part thereof, in favour of the Local Government, or local authority, Company, or person, by, or to whom such undertaking, or part thereof, is purchased or transferred, as aforesaid.

(*e*) Where no purchase has been effected, and no transfer has been directed under the preceding provisions of this section, the Local Government, the local authority, or anybody or person, who may be liable to repair any street, or part of a street, in which any works of the undertakers may have been placed, may forthwith remove such works with all reasonable care, and the undertakers shall pay, to the Local Government, the local authority, or other such body or person, as aforesaid, such reasonable costs of such removal, and of the reinstatement of such street, or part of a street, as may be specified in a notice to be served on the undertakers by the Local Government, the local authority, or other body or person, or (if so required by the undertakers, within one week after the service of such notice upon them) as may be settled by arbitration.

If the undertakers fail to pay such reasonable costs, as aforesaid, within one month after the service upon them of such notice, or the delivery of the award of the arbitrator (as the case may be), the Local Government, the local authority, or other such body or person, as aforesaid, may, without any previous notice to the undertakers (but without prejudice to any other remedy which they may have for the recovery of the amount), sell and dispose of any such works, as aforesaid, either by public auction, or private sale, and for such sum or sums, and to such person or persons, as they may

think fit, and may, out of the proceeds of such sale, pay and reimburse themselves the amount of the costs so specified or settled, as aforesaid, and of the costs of sale, and the balance (if any) of the proceeds of the sale shall be paid over by them to the undertakers.

(*f*) In case the Local Government, the local authority, or any body or person, may be entitled to compensation for any damage sustained by them by reason, or in consequence of the execution of any works within such area, or part thereof, as aforesaid, or the exercise of any powers, by this license granted to the undertakers, or for any expenses to which such local authority, body, or person, may have been put in removing any works of the undertakers within such area, or part thereof, under the provisions of this license, such compensation shall be a first charge on any money that may have been deposited or secured, by the undertakers, under the provisions of this license, in respect of such area, or part thereof, and which may not have been repaid or released to the undertakers, and such money shall be applied rateably in satisfying such claims, and in every such case the amount of compensation to be paid, in respect of the various claims, and the persons to whom it is to be paid, shall be determined by arbitration.

*General.*

66. Where any consumer is required, under this order, to give security to the undertakers, such security may be by way of deposit, or otherwise, and of such amount as he and the undertakers agree on, or, as in default of agreement, may be determined, on the application of either party, by a court of competent jurisdiction, which may also order by which of the parties the costs of the proceedings shall be paid, and the decision of the said court shall be final and binding on all parties: Provided, that, where any such security is given by way of deposit, the undertakers shall pay interest at the rate of five rupees per centum per annum on every sum of ten rupees so deposited for every six months during which the sum remains in their hands.

Proceedings where approval of Local Government is required.

67. Where the approval or consent of the Local Government is given in any case, or where the Local Government makes any order, or gives any notice, under the provisions of this license, or revokes this license, such approval or consent shall be signified, or such order shall be made, or notice given, or revocation made, by writing, under the hand of one of the Secretaries or Under-Secretaries of the Local Government.

Costs of applications for approval or consent of Local Government.

68. All costs and expenses of, or incident to, application for any approval, consent, or order of the Local Government, including the cost of the tests (if any) which may be required to be made by the Local Government for the purpose of determining whether the same should be given or made, shall be borne and paid by the applicant or applicants therefor: Provided, always, that where any approval is given by the Local Government to any plan, pattern, or specification, they may require such copies of the same, as they may think fit, to be prepared, and deposited at their office, at the expense of the said applicant or applicants, and may, from time to time, as they think fit, revoke any approval so given, or permit such approval to be continued, subject to such modifications as they may think necessary.

Notice of approval of Local Government, &c., to be given by advertisement.

69. Where the Local Government, upon the application of the undertakers, give any approval, or grant any extension of any time limited for the performance of any duties by the undertakers, or where the Local Government, at their own discretion or upon the application of the local authority, revoke this license as to the whole, or any part of the area of supply, notice that such approval has been given, or such extension of time granted or such revocation made, shall be published, by public advertisement, once, at least, in each of two successive weeks, in some one and the same local newspaper, by the body by whom such application is made, as aforesaid.

Notice of application for extension of time, &c., to be given to local authority.

70. Where any application is made to the Local Government to extend any time, limited for the performance of any duties by the undertakers, notice of such application shall be served on the local authority of the area (if any) by the undertakers, and an opportunity shall be given to such local authority to make representations or objections with reference thereto.

Recovery of penalties.

71. All penalties under this license, the recovery of which is not otherwise specially provided for, may be recovered through a court of competent jurisdiction.

72 The undertakers shall be answerable for all accidents, damages, and injuries happening through the act or default of the undertakers or of any persons in their employment, by reason of, or in consequence of, any of the undertakers' work, and shall save harmless all authorities, bodies and persons, by whom any street is repairable, and all other authorities, companies, and bodies, collectively and individually, and their officers and servants, from all damages and costs, in respect of such accidents, damages, and injuries.

73 The undertakers shall not be at liberty to sell the undertaking, or any part, or parts thereof, without the sanction of the Local Government, who shall be entitled to call for

and shall be furnished with all information they may desire to have relating to, or connected with, any proposed sale, or the negotiations therefor: Provided that nothing in this clause shall affect the provisions of clause 65 or 74.

As to mortgages.

74. Nothing in this license shall prevent the undertakers borrowing money on the security of mortgages of the undertaking, or shall make the consent or approval of the Local Government or local authority necessary to the validity or effect or any such mortgage. Provided that every mortgage of the undertaking shall be deemed to comprise all purchase-money, which may be paid to the undertakers in the event of any sale or transfer of the undertaking, or of any part thereof, under this license, and that any mortgage granted by the undertaker shall not be a charge upon the undertaking, or any part thereof, in the event of the undertaking or such part, being purchased, or transferred as aforesaid, and that every mortgage-deed granted by the undertakers shall be endorsed with notice to that effect.

Saving clause as to River Hooghly.

75. Nothing in this license shall authorise the undertakers to lay or place any electric line or works in the River Hooghly, or affect in any manner the powers or privileges of the Commissioners of the Port of Calcutta.

Undertakers not exempted from proceedings for nuisance.

76. Nothing in this license shall exonerate the undertakers from any indictment, action or other proceedings, for nuisance, in the event of any nuisance being caused by them.

Provision as to general Acts.

77. Nothing in this license shall exempt the undertakers or their undertaking from the provisions of, or deprive the undertakers of, the benefits of any general Act relating to electricity, which may be passed by the Bengal or Imperial Legislative Council.

78. All questions which, under the terms of this license, are to be submitted to arbitration at any time during the subsistence of the license, shall be decided by any one person who may be agreed upon by the parties in difference, but if they cannot so agree, then by a committee of three persons, one to be nominated by the undertakers, a second by the other party to the difference, and the third being an independent person selected by the two nominees. The decision of the majority shall prevail, and be final, when all three members are appointed. If either party shall neglect or fail to appoint its member of the committee within 30 days after the happening of the difference, or if the two members appointed by the parties hereto, shall neglect, or fail, within the next succeeding 15 days after the expiration of the aforesaid 30 days, to appoint the third member, then all questions which would have been raised, or have come before the said committee for decision, shall be decided by such person as the Lieutenant-Governor of Bengal may nominate, and the decision of such person shall, in that case, be final and binding, absolutely, on both parties.

## FIRST SCHEDULE.

*(Description of the Area of Supply.)*

The area of supply is that portion of the town which is included within the following boundaries, namely:—

*On the north.*—Malle Panchghora, Hooghly Road (from Naskurpara Lane), Chundalpara Lane, and Joya Bibi's Lane.

*On the east.*—The river Hooghly.

*On the south.*—Foreshore Road and the Government Botanical Garden.

*On the west*—Dane Chake Lane, Curres Road, Circular Road, Buxara road, Brojo Nath Lahary's Lane, Chowdrypara Lane, Circular Road, Kalli Chand Nondy Lane, Bantra Road, Kanlapokur Lane, Lukion Chakurbut Lane, Belgachi Road, Benares Road, and the East Indian Railway line.

## SECOND SCHEDULE.

*(List of Streets, and parts of Streets, throughout which the undertakers are to lay down suitable and sufficient distributing mains for the purposes of general supply within a period of two years after the commencement of this license.)*

Grierson Road.
Chandmaree Road.
Cullen Place.
Ross Road (from Cullen Place to Dobson Road).
Dobson Road (from Ross Road to Golabaree Road).
King's Road.
Rose Mary Lane.
Watkins Lane.
Salt Gola Lane.
Howrah Road.
Grand Trunk Road (from Ross Road to Sibpur Road).
Church Road.
Buckland Road.
Telkul Ghât Road.
Straud Road.
Panchanundtolla Road.
Foreshore Road (from the Round Tank to Sibpur Road).

THIRD SCHEDULE.

(*List of Streets not repairable by the Local Government, or by the local authority: also Railways and Tramways which may be broken up by the undertakers in pursuance of the special powers granted by this license*)

(*a*) *Streets.*—All the streets for which powers are granted are repairable by the local authority except the Grand Trunk Road, which is repairable by the Local Government.

(*b*) *Railways.*—* East Indian Railway, Bengal-Nagpur Railway, Port Commissioners' Railway, and Howrah-Amta and Howrah-Sheakhala Light Railways.

(*c*) *Tramway.*—

FOURTH SCHEDULE.

The term "unit," as used in this schedule, shall be deemed to mean the energy contained in a current of one thousand ampères flowing under an electro-motive force of one volt during one hour.

*Section 1.*

Where the undertakers charge any consumer by the actual quantity of energy supplied to him, they shall be entitled to charge him at the following rates per quarter: For any quantity up to twenty units, rupees twenty only, and for each unit over twenty units, twelve annas only.

*Section 2.*

Where the undertakers charge any consumer by the electrical quantity contained in the supply given to him, they shall be entitled to charge him according to the rates set forth in section 1 of this schedule, the quantity of energy supplied to him being taken to be the product of such electrical quantity and the standard pressure at the point of junction of the distributing mains and the service lines by which he is supplied:

Provided that, where the undertakers' system involves a transformation of the energy supplied on the consumers' premises, the quantity of energy supplied to him may be taken to be the product of such electrical quantity and the standard pressure on the undertakers' mains, divided by the number expressing the ratio of the transformation employed.

*Section 3.*

Where the undertakers charge any consumer by the number of hours during which he actually uses his supply, they shall be entitled to charge him at the rates specified in section 2 of this schedule, the quantity of energy supplied to him being calculated on the supposition that the consumer uses the maximum power specified by him under the provisions of this license during all the hours that he has used the supply.

* In ordinary cases the level-crossings must be specified; in the case of a light railway or other railway running along the highway on the level, the length and position of the railway must be described.

## IRRIGATION DEPARTMENT.

*The 28th October 1902.*

*No. 214.—Notification.*—It is hereby notified for general information that under the powers vested in him by sections XI and XII of Act V (B.C.) of 1864, His Honour the Lieutenant-Governor of Bengal proposes to pass the following rules for the management of the line of navigation (approximately 4,870 feet in length) connecting the river Madhumati with the river Nobogunga in the Narail subdivision of the district of Jessore and passing through the villages of Telkora and Bordia in the said subdivision and for regulating the conduct of persons employed for any of the purposes of the said Act:—

1. Every vessel on entering the above channel shall be liable to measurement by the officer in charge of the toll station for the purpose of ascertaining the amount of toll to be levied, and shall not be permitted to proceed through the channel unless and until such toll has been paid.

2. The maundage of every vessel, whether laden or empty, shall for the purposes of the Canals Act and of these rules be determined by the following measurements:—

(*a*) The product of half the length of the vessel from stem to stern measured along the water line, multiplied by the interior greatest breadth of the vessel and by the depth from the water-line to the bottom of the vessel, shall represent the number of maunds upon which toll shall be levied.

(*b*) The measurement of the length is to be made in feet rejecting inches. The measurement of the breadth and depth is to be made in feet and quarters of a foot, rejecting portions of less than a quarter of a foot.

(*c*) In the case of rafts the product of length multiplied by the average breadth and depth below water-line shall represent the maundage.

(*d*) In calculating the amount of toll to be levied any portion of 100 maunds that is less than 50 maunds shall be omitted, and a fraction exceeding 50 maunds shall be charged as 100 maunds only.

3. No raft shall be admitted into the channel that exceeds 50 feet in length or 5 feet in breadth. No timber, bamboos or grass will be admitted unless securely and compactly bound together in the form of a raft.

4. Every vessel or raft entering the channel shall, on payment of the prescribed toll, be furnished with a ticket. The ticket will specify the date and hour of entry, the maundage of the vessel or raft and the amount of toll paid. It shall also contain the name and residence of the person in charge of the vessel, and shall be signed by the toll-collector issuing it.

5. No vessels whatever except such as are employed on works connected with the maintenance or improvement of the channel shall be exempted from payment of toll.

## MARINE DEPARTMENT.

*The 28th October 1902.*

*No. 138 Marine.*—In exercise of the powers conferred by section 68 of the Indian Merchant Shipping Act, 1880, the Lieutenant-Governor is pleased, with the sanction of the Governor-General in Council, to make the following rule in substitution of Rule IX of the Rules for the examination of, and the grant of certificates of competency to, Ship Surveyors at the Port of Calcutta, made under the said section and published under the notification of the General Department of this Government, dated the 5th September 1882:—

*Revised Rule IX.*

IX. The examination both in writing and *viva voce* should test the candidate's knowledge of the following subjects:—

(1) The first five rules of Arithmetic, Vulgar and Decimal fractions, the extraction of the square and cube roots, the mensuration of solids and superficies and the application of these rules to questions relating to the stresses and strains to which the various parts of a ship are subject and to the stability and flotation of various bodies.

(2) English composition, *e. g.*, moderate proficiency or sufficient to draw up an intelligent, clear and comprehensible report of injuries, defects and repairs to vessels.

(3) Rudiments and principles of shipbuilding in general.

(4) Construction of different types of vessels, disposition of their component parts, and reason why each part is considered necessary: description of the launching of vessels.

(5) Qualities of different descriptions of materials used in ship-building.

(6) Defects, causes and remedies of defects and repairs to vessels: mode of determining in case of accident the amount of damage done to a ship's hull and the parts affected thereby, specifying in detail the repairs required to be done, the rotation in which they should be taken in hand, and whether it would be necessary to dock the ship for the purpose of effecting the same.

(7) Disposition of the fittings of a vessel, such as masts and yards, windlass, capstan, winches, pumps, bitts, steering gear, including all rudder fittings, and all others, external and internal, describing the manner in which they are secured to the hull; the removal of and repair to masts and spars injured or carried away by accident.

(8) Equipment of a vessel, such as sails, rigging boats, life-buoys and belts, fire-engines, hoses, anchors and cables, hawsers and warps, day and night signals, lights, fog and distress signals, and stores.

(9) Specification of different parts of ships, sizes and description of fastenings and rivets used in constructing ships and estimates for same.

(10) Calculation of tonnage of ships—

(*a*) By builders, or old measurement.

(*b*) By register, or new measurement.

(11) Calculation of displacement of ships, and the effect on the trim and stability of vessels by the disposal of weights in different positions, and also of determining the increased or decreased immersion which would be caused by the addition or removal of weights at the different draughts of water the vessel may be immersed to.

(12) Stowage, dunnage and ventilation of hold and cargo.

(13) Definitions of terms generally used in relation to ships and ship-building.

(14) Causes of spontaneous combustion and the formation of explosive gases in the holds of vessels and the proper precautionary measures to prevent accidents from these causes.

NOTE.—The term "Ship" or "Vessel" used in the foregoing rule includes iron, steel, wood and composite built vessels

## Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Assam-Bengal Railway, in the district of Tippera, will be put up to sale at 12 o'clock on Thursday, the 20th November 1902, corresponding with the 4th Agrahayan 1309 B. S., at the office of the Collector of Tippera.

The purchasers of the several plots of land will be subject to the following conditions :—

*1st.*—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway fencing, or plough the lands closer than 3 feet from its foundation.

*2nd.*—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

*3rd.*—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

*4th.*—The plots of land will be sold revenue-free to the highest bidders.

*5th.*—The purchasers shall be put in possession on receipt by the District Collector of the orders of the Board confirming the sale.
